SECTION I. INTRODUCTION

A. RISK FACTORS

Standard Risk Factors:

- Investment in mutual fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk, including the possible loss of principal.
- As the price/value/interest rates of the securities in which the Scheme invest fluctuates, the value of your investment in the Scheme may go up or down.
- Past performance of the Sponsor/AMC/Mutual Fund does not guarantee future performance of the Scheme.
- The name of the Scheme does not in any manner indicate either the quality of the Scheme or its future prospects and returns.
- The Sponsors are not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of Rs. 1 lakh made by it towards setting up the Mutual Fund.
- The present Scheme is not a guaranteed or assured return Scheme.

Additional Risk Factors for Foreign Investors:

1. Political Risk

Investments in mutual fund Units in India may be materially adversely impacted by Indian politics and changes in the political scenario in India either at the central, state or local level. Actions of the central government or respective state governments in the future could have a significant effect on the Indian economy, which could affect companies, general business and market conditions, prices and yields of securities in which the Scheme invest.

The occurrence of selective unrest or external tensions could adversely affect the political and economic stability of India and consequently have an impact on the securities in which the Scheme invest. Delays or changes in the development of conducive policy frameworks could also have an impact on the securities in which the Scheme invest.

2. Economic Risk

A slowdown in economic growth or macro-economic imbalances such as the increase in central and state level fiscal deficits may adversely affect investments in the country. The underlying growth in the economy is expected to have a direct impact on the volume of new investments in the country.

3. Foreign Currency Risk

The Scheme is denominated in Indian Rupees (INR) which is different from the home currency for Foreign Investors in the mutual fund Units. The INR value of investments when translated into home currency by Foreign Investors could be lower because of the currency movements. The AMC does not manage currency risk for foreign investors and it is the sole responsibility of the Foreign Investors to manage or reduce currency risk on their own. The Sponsor/Fund/Trustees/AMC are not liable for any loss to Foreign Investors arising from such changes in exchange rates.

4. Convertibility and Transferability Risk

In the event capital and exchange controls are imposed by the government authorities, it would prevent Foreign Investors' ability to convert INR into home currency and/or transfer funds outside India. The convertibility and transferability of INR proceeds into home currency is the responsibility of the Foreign Investors.

Scheme Specific Risk Factors

• Market Liquidity Risk with Government securities:

Even though the Government securities market is more liquid compared to other debt instruments, on occasions, there could be difficulties in transacting in the market due to extreme volatility leading to

constriction in market volumes. Liquidity of the Scheme may suffer in case any relevant guideline issued by RBI undergoes any adverse changes.

- **Interest Rate Risk associated with Government securities:**

While Government securities carry minimal credit risk since they are issued by the Government of India, they do carry price risk depending upon the general level of interest rates prevailing from time to time. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates decline, the prices of fixed income securities increase. The extent of fall or rise in the prices is a function of the coupon rate, days to maturity and the increase or decrease in the level of interest rates. The price-risk is not unique to Government securities. It exists for all fixed income securities. Therefore, their prices tend to be influenced more by movement in interest rates in the financial system than by changes in the Government's Credit Rating. By contrast, in the case of corporate or institutional fixed income securities, such as bonds or debentures, prices are influenced by their respective credit standing as well as the general level of interest rates.

- **Risks associated with floating rate Government securities:**

Floating rate securities issued by the Government (coupon linked to treasury bill benchmark or an inflation linked bond) have lower sensitivity to interest rate movements compared to other fixed rate securities.

- **Term Structure of Interest Rates (TSIR) Risk:**

The NAV of the Scheme's Units, will be affected by changes in the general level of interest rates. When interest rates decline, the value of a portfolio of fixed income securities can be expected to rise. Conversely, when interest rates rise, the value of a portfolio of fixed income securities can be expected to decline.

- **Re-investment Risk:**

The investments made by the Scheme is subject to reinvestment risk. This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme is reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.

- **Risks Associated with Transaction in Units Through Stock Exchange Mechanism**

In respect of transactions in Units of the Scheme through NSE and/or BSE, or any other recognized stock exchange, allotment and redemption of Units on any Business Day will depend upon the order processing/settlement by NSE, BSE or such other exchange and their respective clearing corporations on which the Mutual Fund has no control. Further, transactions conducted through the stock exchange mechanism shall be governed by the operating guidelines and directives issued by NSE, BSE or such other recognized exchange in this regard.

- **Risk associated with Stock Lending:** Securities Lending and Borrowing ("SLB") is an exchange traded product in India, with trades done on order matching platforms setup by the clearing corporation/house of recognized stock exchanges. In accordance with SEBI guidelines, there is a robust risk management system and safeguards exercised by the clearing corporation/house, which also guarantee financial settlement hence eliminating counterparty risk on borrowers.

The Scheme may participate as a lender in the SLB market and lend securities held in the portfolio for earning fees from such lending to enhance revenue of the Scheme. The key risk to the Scheme is creation of temporary illiquidity due to the inability to sell such lent securities, till the time such securities are returned on the contractual settlement date or on exercise of early recall.

RISK MANAGEMENT STRATEGIES

- **Market Liquidity Risk with Government securities:** Amongst all the segments of the fixed income market in India, the government securities market demonstrates the highest market liquidity. The liquidity varies from security to security with benchmark securities for the reference tenors like 10 years, 5 years etc.

showing relatively higher market liquidity. With time, the benchmark liquidity changes and hence liquidity propagates from one security to the other. The liquidity risk will be managed and/or sought to be addressed by creating a portfolio which has adequate access to liquidity. The Investment Manager will select fixed income securities, which have or are expected to have high secondary market liquidity.

- **Interest Rate Risk associated with Government securities:** The Scheme is expected to have duration based on the underlying securities. The interest rate risk cannot be eliminated and it exists as it is the primary feature of the scheme by providing investors access to a higher interest rate risk portfolio, which would benefit in a declining interest rate environment.
- **Risks associated with floating rate Government securities:** There is restricted liquidity in floating rate securities, resulting in lack of price discovery. Hence, incremental investments in floating rate securities are going to be limited.
- **Term Structure of Interest Rates (TSIR) Risk:** The Scheme is expected to have duration based on the underlying securities. As the nature of the scheme is to have higher duration, the Term Structure of Interest Rates (TSIR) Risk cannot be eliminated and it exists as it is the primary feature of the scheme.
- **Risk associated with Stock Lending:** The investment managers will ensure adherence to the limits assigned for stock lending and will ensure that the liquidity Risk is managed actively within the portfolio liquidity limits by maintaining proper asset-liability match to ensure payout of the obligations. Also to ensure that the counterparty risk is limited the AMC will participate in stock lending only through exchange mechanism where the settlement is guaranteed.
- **Risk Management & Liquidity Management Tools**

DSP mutual fund schemes as mandated wide various SEBI & AMFI circulars, have adopted the following for risk management & liquidity management tools

1. **Potential Risk Matrix (PRC) & Risk-o-meter:** Investors are requested to review this scheme's Potential Risk Matrix (PRC) to understand the maximum risk that this scheme will run as per design and & Risk-o-meter to understand periodical measurement of that risk on a regular basis. Investor are suggested to read about various disclosures under the section "C.PERIODIC DISCLOSURES" pertaining to "Compliance with Potential Risk Class Matrix norms" & "Risk-o-meter" to understand in detail the disclosure frequency and remedial measures in case of breaches in the boundaries.
2. **Mandatory Liquidity requirement:** DSP mutual fund scheme adopts the Liquidity Risk Management framework mandated by SEBI and AMFI which helps estimates liquidity requirement by determining liquidity risk arising from the liability side and tries to covers all potential liquidity risk scenarios up to agreed confidence interval and has mandated remedial measures both for managing the risk on an ongoing basis (LRaR & LCRaR) as well as action plan in case there is a difference between actual outcome and projected outcome. Investors can refer to the circular 135/ BP/93/ 2021-22 dated July 24, 2021 and subsequent circulars for detail understanding on the Liquidity Risk Management Framework.

Further Investment manager also evaluates and monitors the Asset Liability Mismatch (ALM) which addresses the gap in the estimated potential liquidity requirement over a 90-day period and schemes investment / assets liquidity to meet the potential requirement and best ensures that scheme has necessary liquidity to meets its liability obligations.

3. **Stress testing the scheme portfolio:** The investment manager periodically stress test the scheme portfolio to addresses the asset side risk from an Interest Rate, Credit and Liquidity Risk perspective at an aggregate portfolio level and evaluate the stress in terms of its impact on the NAV of the scheme.

The stress test is performed using the methodology and periodicity as mandated by AMFI in consultation to SEBI

4. Swing Pricing: DSP mutual fund scheme has Swing Pricing policy in place to help in case of severe liquidity stress at an AMC level or a severe dysfunction at market level, the Swing Pricing offers the contingency plan in case of extreme exigencies. Investors are suggested to read the detail disclosure pertaining to this policy in Section N. “Swing Pricing Framework”

B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

The Scheme/Plans shall have a minimum of 20 investors each and no single investor shall account for more than 25% of the corpus of the Scheme/Plan(s). These conditions shall be complied with, in each calendar quarter on an average basis, as specified by SEBI. In case of non-fulfillment of the condition of 20 investors in a calendar quarter, the provisions of Regulation 39(2)(c) of the SEBI (MF) Regulations shall become applicable automatically without any reference from SEBI, and accordingly the Scheme / Plan(s) shall be wound up and the units redeemed at the relevant applicable NAV. If there is breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be available and thereafter, the investor who is in breach of the rule, shall be given 15 days’ notice to redeem his exposure over the 25% limit. Failure on the part of the said investor to redeem his exposure over the 25 % limit within the aforesaid 15 days would lead to automatic redemption on the applicable Net Asset Value on the 15th day of the notice period. - Subject to the SEBI (MF) Regulations, funds managed by the associates of the Sponsors may invest either directly or indirectly in the Scheme and may acquire a substantial portion of the Schemes’ Units and collectively constitute a majority investor in the Scheme. Accordingly, redemption of Units held by such funds may have an adverse impact on the value of the Units of the Scheme because of the timing of any such redemptions and may impact the ability of other Unit Holders to redeem their respective Units.
- As the liquidity of the Schemes’ investments may sometimes be restricted by trading volumes and settlement periods, the time taken by the Mutual Fund for redemption of Units may be significant in the event of an inordinately large number of redemption requests or of a restructuring of the Schemes’ portfolios. Open ended debt scheme investing in government securities having a constant maturity of 10 years. A relatively high interest rate risk and relatively low credit risk.

B. WHAT IS THE INVESTMENT OBJECTIVE OF THE SCHEME?

The investment objective of the Scheme is to seek to generate returns commensurate with risk from a portfolio of Government Securities such that the Macaulay duration of the portfolio is similar to the 10 Year benchmark government security. (Please refer page no. 15 under the section “Where will the Scheme invest” for details on Macaulay’s Duration)

There is no assurance that the investment objective of the Scheme will be realized.

C. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Under normal circumstances, the asset allocation of the Scheme will be as follows:

Instruments	Indicative Allocations (% of total assets)		Risk Profile
	Minimum	Maximum	
Government Securities	80%	100%	Low to Medium
TREPs /repo or any other alternatives as may be provided by RBI	0%	20%	Low

The Scheme will have minimum investment of 80% of total assets in government securities such that the Macaulay duration of the portfolio is similar to the 10 Years benchmark government security.

The Scheme shall not invest in fixed income derivatives instruments.

Stock lending:

Subject to SEBI (MF) Regulations and the applicable guidelines issued by SEBI, the Mutual Fund may engage in stock lending. The AMC shall comply with all reporting requirements and the Trustee shall carry out periodic review as required by SEBI guidelines. Stock lending means the lending of stock to another person or entity for a fixed period of time, at a negotiated compensation. The securities lent will be returned by the borrower on expiry of the stipulated period.

The Investment Manager will apply the following limits, should it desire to engage in Stock Lending:

Liquidity support under these guidelines is available through reverse repurchase agreements in eligible Central Government dated securities and treasury bills of all maturities.

The Scheme may review the above pattern of investments based on views on the market conditions, market opportunities, applicable regulations, political and economic factors and asset liability management needs and the portfolio shall be reviewed and rebalanced by the Investment Manager. It must be clearly understood that the percentage/range stated above is only indicative and not absolute.

Where the portfolio is not rebalanced within above mentioned period, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before Investment Committee. The Investment Committee, if so desires, can extend the timelines up to sixty (60) business days from the date of completion of mandated rebalancing period.

Concept of Macaulay Duration

In the bond market, securities are commonly referred to by their maturities. While this is a useful benchmark, it is deficient, because it measures only when the final cash flow is paid and ignores all of the interim flows.

Duration was first described by Frederick Macaulay in 1938. In the last 50 years, it has become one of the most commonly used tools for fixed income portfolio managers.

Macaulay's duration of a fixed income security is the weighted average life of the security, where weights are given to present value of each cash-flows. It is a measure of sensitivity to interest rate changes i.e. it relates the percent change in the price of a cash flow to the percent change in the yield to maturity.

Fixed income securities with higher duration have higher interest rate sensitivity i.e. the changes in price of higher duration bonds are higher as compared to lower duration ones.

A zero coupon bond is one which does not pay any interest and all payments are received at maturity. For a zero coupon bond, the duration is same as residual maturity.

The formula for Macaulay's Duration is as follows:

$$\text{Macaulay's Duration} = \frac{t_1 * \frac{CF_1}{(1+r_1)^{t_1}} + t_2 * \frac{CF_2}{(1+r_2)^{t_2}} + t_3 * \frac{CF_3}{(1+r_3)^{t_3}} + \dots + t_n * \frac{CF_n}{(1+r_n)^{t_n}}}{\frac{CF_1}{(1+r_1)^{t_1}} + \frac{CF_2}{(1+r_2)^{t_2}} + \frac{CF_3}{(1+r_3)^{t_3}} + \dots + \frac{CF_n}{(1+r_n)^{t_n}}}$$

In other words, Macaulay's Duration can be expressed as:

$$\text{Macaulay's Duration} = \frac{\sum_{i=1}^n t_i * \frac{CF_i}{(1+r_n)^{t_i}}}{\sum_{i=1}^n \frac{CF_i}{(1+r_n)^{t_i}}}$$

Please note that the denominator is also the formula for Present Value of cash flows of a security i.e. Price of the Bond.

where t_i is time in years at point i
 CF_i is the Cash Flow at time, t_i
 r_i is the interest rate used for discounting cash flow at time, t_i

Another measure of interest rate risk for securities and other interest bearing instruments is Modified Duration. With a slight modification, Macaulay's Duration is converted into Modified Duration; it provides a good estimate of the volatility or sensitivity of the market value of a bond portfolio to changes in interest rates. The formula for Modified Duration is:

$$\text{Modified Duration} = \frac{\text{Macaulay's Duration}}{[1 + \frac{YTM}{n}]}$$

where,
 YTM = Yield to maturity
 n = number of cash flows in a year

$$\text{Change in Price of Bond} = -\text{Modified Duration} * 1bp$$

Modified Duration assumes that the price changes are linear with respect to changes in the yield to maturity. However, the true relationship between the bond's price and the yield to maturity is not linear.

Overview of Government Securities Market in India

The Government of India is one of the most important market participants in the local fixed income market. The government is a regular issuer of coupon-bearing government bonds of various maturities ranging between 3Months & 50Y through periodic scheduled auctions conducted by the Reserve Bank of India on behalf of the Government of India.

The Reserve Bank of India, in consultation with the Government of India, announces the borrowing calendar in the month of March. The borrowing calendar generally comprises auction dates, auction amount and maturities of the securities to be auctioned. The borrowing calendar is generally broken into two-halves - one for the first-half of the financial year starting April to September and other for the rest of the months. The auction calendar generally follows a weekly borrowing pattern. The auction calendar is normally based on the government's gross budgeted borrowing announced in the Union Budget in the month of February, the government's cash balance, maturity / coupon payment dates as well as advance tax payment dates.

The Government of India generally prefers to re-issue the same security multiple times through the auction process. This not only increases the amount outstanding for the same security but also creates sufficient amount of liquidity in the secondary market for market participants. Although the government can issue government bonds of various maturities, it generally prefers to issue government bonds with relatively long residual maturity. This is aimed at increasing the maturity profile of the government's debt stock. The government also generally auctions a fresh government bond with residual maturity of 10 years in the early part of the financial year and keeps on re-issuing the same multiple times depending on its need for cash until

it reaches a threshold limit. This 10Y government bond becomes a benchmark bond and is widely followed by market participants for its relatively superior liquidity in the secondary market and interest rate views.

Overview of Money Market in India

Money market instruments includes commercial papers, commercial bills, treasury bills, Government securities having an unexpired maturity up to one year, call or notice money, certificate of deposit, usance bills, and any other like instruments as specified by the Reserve Bank of India from time to time. Money market assets are liquid and actively traded segment of fixed income markets.

Treasury bills are issued by the Government of India through regular weekly auctions, while Cash Management Bills are issued on an ad-hoc basis. They are mostly subscribed by banks, state governments, mutual funds and other entities. As on 22 Sep 2023, total outstanding treasury bills are Rs. 9,32,379 crore*.

Certificate of Deposits are issued by scheduled banks for their short-term funding needs. They are normally available for up to 365 days tenor. Certificate of deposits issued by public sector banks are normally rated A1+ (highest short-term rating) by various rating agencies. As on 22 Sep 2023, outstanding Certificate of Deposits are Rs. 2,91,830 crore*. Certificate of deposits currently trade at a spread of around 45 basis points** over comparable treasury bills as on 29 Sep 2023, for a one-year tenor.

Commercial Papers are issued by corporate entities for their short-term cash requirements. Commercial Papers are normally rated A1+ (highest short-term rating). As on 15 Sep 2023, total outstanding Commercial Papers are Rs. 4,32,569 crore*. Commercial papers trade at around 75 basis points** over comparable treasury bills as on 29 Sep 2023, for a one-year tenor.

Call Money, TREPS and CROMS are mainly used by the borrowers to borrow a large sum of money on an over-night basis. While Call Money is an unsecured mode of borrowing, TREPS and CROMS are secured borrowing backed by collaterals approved by the Clearing Corporation of India.

E. WHAT ARE THE INVESTMENT STRATEGIES?

The Scheme will endeavor to invest in government securities such that the Macaulay duration of the portfolio is similar to the 10 Years benchmark government security.

By investing predominantly in Government Securities, the scheme aims to maintain a high degree of credit quality and liquidity. The objective is to enhance the returns and minimize the price risk and loss of capital even on a daily basis.

The AMC will endeavour to meet the investment objective of the Scheme while maintaining a balance between safety, liquidity and return on investments. The Scheme will try to identify securities that yield relative value over others for similar risk and liquidity level.

G. HOW WILL THE SCHEME BENCHMARK THEIR PERFORMANCE?

CRISIL 10 Year Gilt Index

CRISIL 10-year Gilt Index seeks to track the performance of the on-the-run 10-year benchmark government security and provide a reliable and accurate measure of its market movement. As the Scheme intends to generate returns similar to 10 year government bonds, CRISIL 10-year Gilt Index is an appropriate benchmark for the Scheme. The composition of the aforesaid benchmark is such that it is most suited for comparing performance of the Scheme. The Trustee may change the benchmark of the Scheme in future, if a benchmark better suited to the investment objective of that Scheme is available at such time, subject to the guidelines and directives issued by SEBI from time to time.

The Scheme is open ended and the Units are not proposed to be listed on any stock exchange. However, the Mutual Fund may, at its sole discretion, list the Units on one or more Stock Exchanges at a later date, and thereupon the Mutual Fund will make suitable public announcement to that effect.

The Mutual Fund will offer and redeem Units on a continuous basis during the Continuous Offer Period.

The Unit holders are given an option to hold the Units by way of an Account Statement (physical form) or in Dematerialized (demat form). Units held in Demat form are transferable (subject to lock-in period, if any and subject to lien, if any marked on the units) in accordance with the provisions of SEBI (Depositories and Participants) Regulations, 1996, as may be amended from time to time. Transfer can be made only in favor of transferees who are capable of holding Units and having a Demat Account. Further, for the procedure of release of lien, the investors shall contact their respective DP.

However, if a person becomes a holder of the Units consequent to operation of law or upon enforcement of a pledge, the Mutual Fund will, subject to production of satisfactory evidence, effect the transfer, if the transferee is otherwise eligible to hold the Units. Similarly, in cases of transfers taking place consequent to death, insolvency etc., the transferee's name will be recorded by the Mutual Fund subject to production of satisfactory evidence.

16. Transactions Through Channel Distributors

Investors may enter into an agreement with certain distributors (with whom AMC also has a tie up) referred to as "Channel Distributors" who provide the facility to investors to transact in units of mutual funds through various modes such as their website / other electronic means or through Power of Attorney in favor of the Channel Distributor, as the case may be.

Under such arrangement, the Channel Distributors will aggregate the details of transactions (viz. subscriptions/ redemptions/switches) of their various investors and forward the same electronically to the AMC / RTA for processing on daily basis as per the cut-off timings applicable to the relevant schemes. The Channel Distributor is required to send copy of investors' KYC and agreement entered into between the investor & distributor to the RTA (one time for central record keeping) as also the transaction documents / proof of transaction authorization as the case may be, to the AMC / RTA as per agreed timelines.

Normally, the subscription proceeds, when invested through this mode, are by way of direct credits to the specified bank account of DSP Mutual Fund. The redemption proceeds (subject to deduction of tax at source, if any) and IDCW payouts, if any, are paid by the AMC to the investor directly through direct credit in the bank account of the investor specified by the distributor or through issuance of payment instrument, as applicable.

In case KYC and other necessary documents are not furnished within the stipulated timeline, the transaction request shall be liable to be rejected or the folio will be locked for future subscriptions/ switches. The Mutual Fund, the AMC, the Trustee, along with their directors, employees and representatives shall not be liable for any errors, damages or losses arising out of or in connection with the transactions undertaken by investors or as provided by the distributors through the above mode.

It may be noted that investors investing through this mode may also approach the AMC / ISC directly with their transaction requests (financial / non-financial) or avail of the online transaction facilities offered by the AMC.

17. Subscription of Units Through Electronic Mode

Subject to the investor fulfilling certain terms and conditions as stipulated by AMC from time to time, the AMC, Mutual Fund, Registrar or any other agent or representative of the AMC, Mutual Fund, the Registrar ("Recipient") may accept transactions through any electronic mode (fax/web/electronic transactions) ("Electronic Transactions"). The acceptance of Electronic Transactions will be solely at the risk of the investor and the Recipient shall not in any way be liable or responsible for any loss, damage caused to the investor directly or indirectly, as a result of the investor sending or purporting to send such transactions including where such transaction sent / purported to be sent is not processed on account of the fact that it was not received by the Recipient.

The investor acknowledges that Electronic Transaction is not a secure means of giving instructions / transactions requests and that the investor is aware of the risks involved including those arising out of such transmission being inaccurate, imperfect, ineffective, illegible, having a lack of quality or clarity, garbled, altered, distorted, not timely etc. The investor's request to the Recipient to act on Electronic Transaction is for the investor's convenience and the Recipient is not obliged or bound to act on the same. The investor authorizes the recipient to accept and act on any Electronic Transaction which the recipient believes in good faith to be given by the investor and the recipient may at its discretion treat any such transaction as if the same was given to the recipient under the investor's original signature.

In case there is any difference between the particulars mentioned in the fax/ web/ electronic transmission received as against the original document which may be received thereafter, the Recipient shall not be liable for any consequences arising therefrom.

The investor agrees that the recipient may adopt additional security measures including signature verification, telephone call backs or a combination of the same, which may be recorded and the investor consents to such recording and agrees to co-operate with the recipient to enable confirmation of such transaction requests. In consideration of the Recipient from time to time accepting and at its sole discretion (including but not limited to the AMC extending / discontinuing such facilities from time to time) acting on any Electronic Transaction request received / purporting to be received from the investor, the investor agrees to indemnify and keep indemnified the AMC, Directors, employees, agents, representatives of the AMC, Mutual Fund and Trustees from and against all actions, claims, demands, liabilities, obligations, losses, damages, costs and expenses of whatever nature (whether actual or contingent) directly or indirectly suffered or incurred, sustained by or

threatened against the indemnified parties whatsoever arising from or in connection with or any way relating to the indemnified parties in good faith accepting and acting on Electronic Transaction requests including relying upon such transaction requests purporting to come from the investor even though it may not come from the Investor. The AMC reserves the right to modify the terms and conditions or to discontinue the facility at any point of time.

Unit holders should note that Two Factor Authentication [2FA] is mandatory for all subscriptions including SIP registration submitted through electronic mode. OTP will be sent to either email id or mobile number registered in the folio and the Unit holder have to confirm on the OTP received. On successful validation only, the subscriptions / systematic registration will be accepted and processed.

18. Restrictions, if any, on the right to freely retain or dispose off Units being offered

The Trustee may, in the general interest of Unit Holders, keeping in view the unforeseen circumstances/unusual market conditions, limit the total number of Units which may be redeemed on any Business Day to 5% of the total number of Units then in issue under the Schemes (or such higher percentage as the Trustees may determine).

Any Units, which by virtue of these limitations are not redeemed on a particular Business Day, will be carried forward for redemption to the next Business Day, in order of receipt. Redemptions so carried forward will be priced on the basis of the Redemption Price of the Business Day or Non Business Day (if and as applicable) on which redemption is made. Under such circumstances, to the extent multiple redemption requests are received at the same time on a single Business Day, redemptions will be made on pro-rata basis, based on the size of each redemption request, the balance amount being carried forward for redemption to the next Business Day(s).

Also, in the event of an order being received from any regulatory authority/body, directing attachment of the Units of any investor, redemption of Units will be restricted in due compliance of such order.

19. Account Statements

Under Regulation 36(4) of SEBI (Mutual Funds) Regulations, 1996, the AMC/ RTA is required to send consolidated account statement for each calendar month to all the investors in whose folio transaction has taken place during the month. Further, SEBI vide its circular ref. no. CIR/MRD/DP/31/2014 dated November 12, 2014, in order to enable a single consolidated view of all the investments of an investor in Mutual Fund and securities held in demat form with Depositories, has required Depositories to generate and dispatch a single consolidated account statement for investors having mutual fund investments and holding demat accounts.

In view of the said requirements the account statements for transactions in units of the Fund by investors will be dispatched to investors in following manner:

I. Investors who do not hold Demat Account

- Consolidated account statement[^], based on PAN of the holders, shall be sent by AMC/ RTA to investors not holding demat account, for each calendar month within 15th day of the succeeding month to the investors in whose folios transactions have taken place during that month.
- Consolidated account statement shall be sent by AMC/RTA every half yearly (September/ March), on or before 21st day of succeeding month, detailing holding at the end of the six month, to all such investors in whose folios there have been no transactions during that period.

Following provisions shall be applicable to CAS sent through AMC/ RTA and CAS sent through depositories:

- a. Investors are requested to note that for folios which are not included in the CAS, AMC shall henceforth issue monthly account statement to the unit holders, pursuant to any financial transaction done in such folios; the monthly statement will be sent on or before 15th day of succeeding month. Such statements shall be sent in physical form if no email id is provided in the folio.
- b. The statement sent within the time frame mentioned above is provisional and is subject to realisation of payment instrument and/or verification of documents, including the application form, by the RTA/AMC.
- c. In the event the folio/demat account has more than one registered holder, the first named Unit holder/Account holder shall receive the CAS (AMC/RTA or Depository). For the purpose of CAS (AMC/RTA or Depository), common investors across mutual funds/depositories shall be identified on the basis of PAN. Consolidation shall be based on the common sequence/ orders of investors in various folios/demat accounts across mutual funds / demat accounts across depository participants.
- d. Investors whose folio(s)/demat account(s) are not updated with PAN shall not receive CAS. Investors are therefore requested to ensure that their folio(s)/demat account(s) are updated with PAN. For folios not included in the CAS (due to non-availability of PAN), the AMC shall issue monthly account statement to such Unit holder(s), for any financial transaction undertaken during the month on or before 15th of succeeding month by mail or email.

For folios not eligible to receive CAS (due to non-availability of PAN), the AMC shall issue an account statement detailing holding across all schemes at the end of every six months (i.e. September/March), on or before 21st day of succeeding month, to all such Unit holders in whose folios no transaction has taken place during that period shall be sent by mail/e-mail.

- g. Account Statements shall not be construed as proof of title and are only computer printed statements indicating the details of transactions under the Scheme during the current financial year and giving the closing balance of Units for the information of the Unit Holder.
- h. Units held, either in the form of Account Statement or Unit Certificates, are non-transferable. The Trustee reserves the right to make the Units transferable at a later date subject to SEBI (MF) Regulations issued from time to time.

20. Income Distribution cum Capital Withdrawal (IDCW) Warrants

IDCW warrants shall be dispatched to the Unit Holders within 7 working days of the record date of IDCW. In the event of delay/failure to dispatch the IDCW warrants within the aforesaid period, the AMC will be liable to pay interest to the Unit Holders at such rate as may be specified by SEBI for the period of such delay (currently @ 15% per annum).

21. Redemption

Units can be redeemed (sold back to the Mutual Fund) at the relevant Redemption Price. The redemption requests can be made on the pre-printed forms (transaction slip/common transaction form) or by using the form at the bottom of the account statement. The redemption request can be submitted at any of the Official Points of Acceptance of transaction, the details of which are mentioned at the end of this SID. As all allotments are provisional, subject to realization of payment instrument and subject to the AMC having been reasonably satisfied that the Mutual Fund has received clear funds, any redemption or switch out transaction in the interim is liable to be rejected at the sole discretion of the AMC.

A unit Holder may request redemption of a specified amount or a specified number of Units only. If the redemption request is made for a specified amount and the number of Units is also specified by the Unit Holder, the number of Units specified will be considered for deciding the redemption amount. Unit Holders may also request for redemption of their entire holding and close the account by indicating the same at an appropriate place in the transaction slip/common transaction slip.

In case an investor has purchased Units on more than one day (either under the NFO period or through subsequent purchase) the Units purchased first (i.e. those Units which have been held for the longest period of time), will be deemed to have been redeemed first, i.e. on a First-In-First-Out basis.

In case the Units are standing in the names of more than one Unit Holder, where mode of holding is specified as 'Joint', redemption requests will have to be signed by all joint holders. However, in cases of holding specified as 'Anyone or Survivor', any one of the Units Holders will have the power to make redemption requests, without it being necessary for all the Unit Holders to sign. However, in all cases, the proceeds of the redemption will be paid to the first-named holder only.

It may, however, be noted that in the event of death of the Unit Holder, the nominee or legal heir, (subject to production of requisite documentary evidence to the satisfaction of the AMC) as the case may be, shall be able to redeem the investment at any point of time.

Redemption or repurchase proceeds shall be dispatched to Unit Holders within 3 working days from the date of redemption or repurchase. However, under normal circumstances, the Mutual Fund will dispatch the redemption proceeds, by courier, where such facilities are available, within 3 Business Days from the date of acceptance of the redemption request at any of the official points of acceptance of transaction. Unit holders are advised to submit their requests for change in bank mandate atleast 10 days prior to date of redemption/IDCW payment, if any. The AMC reserves the right to extend/modify the timelines on a case to case basis. Any unregistered bank account or a new bank account mentioned by the Unit holder along with the redemption request shall not be considered for payment of redemption /IDCW proceeds.

The redemption cheque will be issued in favor of the sole/first Unit Holder's registered name and bank account number, if provided, and will be sent to the registered address of the sole/first Holder as registered with the Registrar. The redemption cheque/demand draft will be payable at par at all the places where the official points of acceptance of transaction are located. Bank charges for collection of cheques at all other places will be borne by the Unit Holder. With a view to safeguarding their interest, it is desirable that Unit Holders indicate their Bank Account No., name of the bank and branch in the application for purchasing Units of the Scheme. A fresh account statement will also be sent/mailed to redeeming investors, indicating the new balance to the credit in the account, along with the redemption cheque.

Unit holders are requested to note that application for redemption or switch out for units for which funds are not realized via purchase or switch-in in the Scheme of the Fund shall be liable to be rejected. In other words, redemption of units will be processed only if the funds for such units are realized in the Scheme by a way of payment instructions/transfer or switch-in funding process.

The proceeds towards redemptions and IDCW will be dispatched by a reasonable mode of despatch like courier, speed post, etc. in case of cheque/demand draft or directly credited to the bank account (as per the details mentioned by the investor) in case of direct credit facility, entirely and solely at the risk of the investor. The Mutual Fund will endeavor to remit redemption proceeds via electronic means, as made available by RBI. Where such electronic means are not available or feasible under any circumstances, the Mutual Fund will remit the redemption proceeds by way of cheques. The investor will not hold the Mutual Fund or the AMC or the Registrar responsible for any non-receipt or delay of receipt of redemption & IDCW proceeds due to any negligence or deficiency in service by the courier company, postal authorities or the bank executing direct credits, or due to incorrect bank account details provided by the investor.

In case of redemptions, Unit holders should note that Two Factor Authentication [2FA] is mandatory for all redemption / switches including STP/SWP submitted through electronic mode. OTP will be sent to either email id or mobile number registered in the folio and the Unit holder have to confirm on the OTP received. On successful validation only, the redemptions will be accepted and processed.

Credit balances in the account of an NRI/FPI investor may be redeemed by such investors in accordance with the procedure described above and subject to the procedures laid down by RBI, if any. Such redemption proceeds will be paid by means of a Rupee cheque payable to the NRI's/FPIs or by a foreign currency draft drawn at the then rates of exchange less bank charges, subject to RBI procedures and approvals.

Effect of Redemption

On redemption, the unit capital and reserves will stand reduced by an amount equivalent to the product of the number of Units redeemed and the Redemption Price as on the date of redemption. Units once redeemed will be extinguished and will not be re-issued

Fractional Units

Since a request for purchase is generally made in Rupee amounts and not in terms of number of Units of the Scheme, a Unit Holder may be left with fractional Units. Fractional Units will be computed and accounted for up to three decimal places. However, fractional Units will, in no way, affect the Unit Holder's ability to redeem the Units, either in part or in full, standing to his/her/its credit.

Redemption by investors transacting through the Stock Exchange mechanism

Investors who wish to transact through the stock exchange shall place orders for redemptions as currently practiced for secondary market activities. Investors must submit the Delivery Instruction Slip to their Depository Participant on the same day of submission of redemption request, within such stipulated time as may be specified by NSE/BSE, failing which the transaction will be rejected. Investors shall seek redemption requests in terms of number of Units only and not in Rupee amounts. Redemption amounts shall be paid by the AMC to

the bank mandate registered with the Depository Participant. Refer “Trading in Units through Stock Exchange mechanism” under ‘A. New Fund Offer Details’, for detailed provisions.

Redemption by investors who hold Units in dematerialized form

Redemption request for Units held in demat mode shall not be accepted at the offices of the Mutual Fund/AMC/Registrar. Unit holders shall submit such request only through their respective Depository Participant.

22. Delay in payment of redemption / repurchase proceeds

As per SEBI (MF) Regulations, the Mutual Fund shall despatch the redemption proceeds within 7 working days from the date of redemption or repurchase. Applications without these details will be treated as incomplete. Such incomplete applications will be rejected. The Registrar/AMC may ask the investor to provide a blank cancelled cheque or its photocopy for the purpose of verifying the bank account number.

Investor/s or /Unit Holder/s are requested to note that any one of the following documents shall be submitted by the investor/s or /Unit Holder/s, in case the cheque provided along with fresh subscription/new folio creation does not belong to the bank mandate specified in the application form:

Finance Act 2023 has inserted Section 50AA in the Income Tax Act, 1961. *The Finance Act 2021 introduced special provisions for higher rate of TDS in case of non-filers of Income tax return (referred to as "specified person"). Specified person does not include a non-resident who does not have permanent establishment in India. Finance Act 2023, with effect from 1st April, 2023, amended the said proviso to also exclude a person who is not required to furnish the

return of income for the assessment year relevant to the said previous year and is notified by the Central Government in the Official Gazette in this behalf.

Any person entitled to receive any sum or income or amount, on which tax is deductible under Chapter XVIIIB (hereafter referred to as deductee), shall furnish his Permanent Account Number to the person responsible for deducting such tax (hereafter referred to as deductor), failing which tax shall be deducted at the higher of the following rates, namely:

- (ii) at the rate or rates in force; or
- (iii) at the rate of twenty per cent.

The aforesaid provision dealing with higher taxation in the absence of furnishing Permanent Account Number shall not apply to a non-resident with effect from 1st June, 2016 on furnishing the following details and documents by such non-resident:

- (i) name, e-mail id, contact number;

In case of investments by NRIs in closed ended funds during NFO, at the time of redemption of units, TDS will be deducted at the applicable rate. However, in respect of those Unit Holders who have acquired the units on the Stock Exchange post listing of units, the Unit Holders would need to provide a certificate from a Chartered Accountant certifying the details of acquisition of units to the Fund within two days of maturity of the Scheme, so as to enable the Fund to deduct TDS at the applicable rates. In the event of such details not being provided, the Fund would deduct TDS on the redemption proceeds at the highest rate of TDS applicable.

For further details on taxation please refer to the clause on Taxation in the SAI.
