## INTRODUCTION TO EXCHANGE TRADED FUNDS (ETF)

ETFs are products that provide exposure to its underlying asset. ETFs generally track an index, a basket of securities, commodities or debt securities. As name suggest ETFs are traded on the exchange like a single stock.

ETFs are an innovation to traditional mutual funds as ETFs provide Investors a scheme that closely tracks the performance of underlying asset (equities, debt or commodities) with the ability to buy/sell units on an intra-day basis.

ETFs are structured in a manner which allows to create new Units and redeem outstanding Units directly with the Fund, thereby ensuring that ETFs trade close to their actual NAVs.

ETFs are usually passively managed funds wherein subscription /redemption of units work on the concept of exchange with underlying securities. In other words, Investors/institutions can purchase Units by depositing the underlying asset or equivalent cash amount with the Fund/AMC and can redeem by receiving the underlying asset or equivalent amount of cash in exchange of Units. Units can also be bought and sold directly on the exchange just like normal tradable listed securities.

ETFs have all the benefits of indexing such as diversification, low cost and transparency. As ETFs are listed on the exchange, costs of distribution are much lower and the reach is wider. These savings in cost are passed on to the Investors in the form of lower costs. Furthermore, exchange traded mechanism helps reduce minimal collection, disbursement and other processing charges.

The structure of ETFs is such that it protects long-term Investors from inflows and outflows of short-term Investor. This is because all costs, including brokerage and other costs associated with transactions in ETFs shall be borne by the respective investors.

Tracking Error of ETFs is likely to be low as compared to a normal index fund. Due to the creation/redemption of units through the in-kind mechanism, the Scheme can keep lesser funds in cash. Also, time lag between buying/selling units and the underlying shares is much lower.

ETFs are highly flexible and can be used as a tool for gaining instant exposure to the underlying asset, equitising cash or for arbitraging between the cash and futures market.

### Features of ETFs

1. ETFs can be easily bought / sold like any other stock on the exchange through terminals spread across the country.
2. ETFs can be bought/ sold anytime during market hours at prices that are expected to be close to actual NAV of the schemes. Thus, investor invests at real-time prices as opposed to end of day prices.
3. No separate form filling for buying / selling of units is required. It is just a phone call to investors' broker or a click on the net.
4. ETFs have ability to put limit orders.
5. Minimum investment for an ETF is one unit.

6. ETFs facilitate protection to long-term investors from the inflows and outflows of short-term investors.
7. ETFs are flexible as it can be used as a tool for gaining instant exposure to the respective underlying asset, equitising cash, hedging or for arbitraging between the cash and futures market.
8. ETFs help in increasing liquidity of underlying cash market.
9. ETFs aid to low cost arbitrage between futures and cash market.
10. An investor can get a consolidated view of his investments without adding too many different account statements as the Units issued would be in demat form.

## **I. INTRODUCTION**

### **A. RISK FACTORS**

#### **Standard Risk Factors:**

- Investment in Mutual Fund Units involve investment risks such as trading volumes, settlement risks, liquidity risks, default risks, including the possible loss of principal.
- Mutual Funds and securities investments are subject to market risks and there is no assurance or guarantee that the objectives of the Scheme will be achieved.
- As the price/value/interest rates of the securities in which the Scheme invests fluctuates, the value of your investments in the Scheme may go up or down.
- The Sponsors are not responsible or liable for any loss resulting from the operation of the Scheme beyond the contribution of an amount of Rs. 22.2 lakhs collectively made by them towards setting up the Fund and such other accretions and additions to the corpus set up by the Sponsors.
- Past performance of the Sponsor and their affiliates/associates /AMC/Mutual Fund does not guarantee future performance of the scheme.
- ICICI Prudential S&P BSE 500 ETF is only the name of the Scheme and does not in any manner indicate either the quality of the Scheme or its future prospects and returns.
- The present Scheme are not guaranteed or assured return schemes.
- ICICI Prudential S&P BSE 500 ETF is an Exchange Traded Fund (ETF). There can be no assurance that an active secondary market will develop or be maintained.
- The NAV of the Scheme may be affected by changes in the general market conditions, factors and forces affecting capital market, in particular, level of interest rates, various markets related factors and trading volumes, settlement periods and transfer procedures.
- In the event of receipt of inordinately large number of redemption requests or of a restructuring of the Scheme's portfolios, there may be delays in the redemption of Units.
- The Liquidity of the Scheme's investments is inherently restricted by trading volumes.
- Investors in the Scheme are not being offered any guaranteed returns.
- Mutual funds being vehicles of securities investments are subject to market and other risks and there can be no guarantee against loss resulting from investing in the Scheme. The various factors which impact the value of the Scheme's investments include, but are not limited to, fluctuations in interest rates, prevailing political and economic environment, changes in government policy, factors specific to the issuer of the securities, tax laws, liquidity of the underlying instruments, settlement periods, trading volumes etc.
- Investment decisions made by the AMC may not always be profitable.
- From time to time and subject to the Regulations, the Sponsors, the Mutual Funds and investment companies managed by them, their associate companies, subsidiaries of the Sponsors, and the AMC may invest either directly or indirectly in any or all the Schemes. The funds managed by these associates, the Sponsors, subsidiaries of the Sponsors and /or the AMC may acquire a substantial portion of the Scheme's Units and collectively constitute a major investor in the Scheme. Accordingly, redemption of Units held by such funds, associates and Sponsors might have an adverse impact on the Units of the Scheme because the timing of such redemption may impact the ability of other Unit holders to redeem their Units.

- The Scheme may invest in other schemes managed by the AMC or in the schemes of any other Mutual Funds, provided it is in conformity with the investment objective of the Scheme and in terms of the prevailing Regulations.
- Two-Factor Authentication and Third – Party Payments will be carried out in line with SEBI Circulars dated October 4, 2021, March 15, 2022 and any further clarifications received by AMFI and SEBI in this regard. In case of unsuccessful Two-Factor Authentication the redemption request might get rejected.

**Infectious Illness Risk:** An outbreak of an infectious respiratory illness, COVID 19, caused by a novel coronavirus has resulted in travel restrictions, disruption of healthcare systems, prolonged quarantines, cancellations, supply chain disruptions, lower consumer demand, layoffs, ratings downgrades, defaults and other significant economic impacts. Certain markets have experienced temporary closures, extreme volatility, severe losses, reduced liquidity and increased trading costs. Such events can have an impact on the underlying Schemes and could impact their ability to purchase or sell securities or cause elevated tracking error and increased premiums or discounts to the NAV. Other infectious illness outbreaks in the future may result in similar impacts.

### **Scheme Specific Risk Factors:**

The Scheme is subject to the principal risks described below. Some or all of these risks may adversely affect Scheme's NAV, trading price, yield, total return and/or its ability to meet its objectives.

#### **Risks associated with investing in Equities**

While securities that are listed on the stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges. The liquidity of the Schemes' investments is inherently restricted by trading volumes in the securities in which it invests.

Trading volumes, settlement periods and transfer procedures may restrict the liquidity of the investments made by the Scheme. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The inability of the Schemes to make intended securities purchases due to settlement problems could cause the Schemes to miss certain investment opportunities.

The schemes will also be vulnerable to movements in the prices of securities invested by the schemes which again could have a material bearing on the overall returns from the schemes.

The value of the Scheme's investments, may be affected generally by factors affecting securities markets, such as trading volumes, settlement periods and transfer procedures, price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Governments, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets. Consequently, the NAV of the Units of the Scheme may fluctuate and can go up or down.

## Market Risk

The Scheme's NAV will react to the stock market movements. The Investors could lose money over short periods due to fluctuation in the Scheme's NAV in response to factors such as economic and political developments, changes in interest rates and perceived trends in stock prices and market movements, and over longer periods during market downturns.

## Market Trading Risks

- **Absence of Prior Active Market:** Although units of the Scheme are to be listed on the Exchanges, there can be no assurance that an active secondary market will develop or be maintained.
- **Lack of Market Liquidity:** Trading in units of the respective Scheme on the Exchange may be halted because of market conditions or for reasons that in the view of the Market Authorities or SEBI, trading in units of the Scheme are not advisable. In addition, trading in units of the Scheme is subject to trading halts caused by extraordinary market volatility and pursuant to BSE/NSE and SEBI "circuit filter" rules. There can be no assurance that the requirements of the Market necessary to maintain the listing of units of the Scheme will continue to be met or will remain unchanged.
- **Units of the Scheme may trade at Prices Other than NAV:** Units of the Scheme may trade above or below its NAV. The NAV of the Scheme will fluctuate with changes in the market value of Scheme's holdings. The trading prices of units of the Scheme will fluctuate in accordance with changes in their NAVs as well as market supply and demand of units of the Scheme. However, given that units can be created and redeemed only in Creation Units directly with the Fund, it is expected that large discounts or premiums to the NAVs of the Scheme will not sustain due to arbitrage possibility available.
- **Regulatory Risk:** Any changes in trading regulations by the Stock Exchange/s or SEBI may affect the ability of market maker to arbitrage resulting into wider premium/discount to NAV. Although, the units are listed on BSE and NSE, the AMC and the Trustees will not be liable for delay in listing of Units of the Scheme on the stock exchanges / or due to connectivity problems with the depositories and/or due to the occurrence of any event beyond their control.
- **Settlement Risk:** In certain cases, settlement periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities as in certain cases, settlement periods may be extended significantly by unforeseen circumstances. Similarly, the inability to sell securities held in the Scheme portfolio may result, at times, in potential losses to the Scheme, and there can be a subsequent decline in the value of the securities held in the Scheme's portfolio.
- **Right to Limit Redemptions:** The Trustee, in the general interest of the Unit holders of the Scheme offered in this Document and keeping in view the unforeseen circumstances / unusual market conditions, may limit the total number of Units which

can be redeemed on any Business Day. The same shall be in accordance with SEBI circular dated May 31, 2016 - SEBI/HO/IMD/DF2/CIR/P/2016/57 (Restriction on redemption in Mutual Funds).

#### Portfolio Concentration Risk

To the extent that the Scheme may concentrate its investments in the Securities of certain companies /sectors, the Scheme will therefore be subject to the risks associated with such concentration. In addition, the Scheme may be exposed to higher levels of volatility and risk than would generally be the case in a more diverse fund portfolio of equity Securities. Such risks may impact the Scheme to the extent that it invests in particular companies / sectors even in cases where the investment objective is more generic.

#### Volatility Risk

The equity markets and derivative markets are volatile and the value of securities, derivative contracts and other instruments correlated with the equity markets may fluctuate dramatically from day to day. This volatility may cause the value of investment in the Scheme to decrease.

#### Redemption Risk

Investors should note that even though the Scheme is an open ended Scheme, subscription/redemptions directly with the Fund would be limited to such investors who have the ability to subscribe/redeem the units of the Scheme for units of transactions more than Rs. 25 Crores. However, investors wishing to subscribe/redeem units can do so by buying/selling the same on the Stock Exchange.

It has been decided that direct transaction with AMCs shall be facilitated for investors only for transactions above INR 25 Cr. In this regard, any order placed for redemption or subscription directly with the AMC must be of greater than INR 25 Cr. The aforesaid threshold shall not be applicable for Market Makers and shall be periodically reviewed.

#### Passive Investments

The Scheme is a passively managed scheme and may be affected by a general decline in the Indian markets relating to its Underlying Index. The Scheme invests in the securities included in its Underlying Index regardless of their investment merit. The AMC does not attempt to individually select stocks or to take defensive positions in declining markets.

#### Tracking Error Risk

The AMC would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. The Tracking error may vary due to various reasons mentioned below or any other reasons that may arise and particularly when the markets are very volatile.

Factors such as the fees and expenses of the Scheme, corporate actions, cash balance, changes to the Underlying Index and regulatory policies may affect the AMC's ability to

achieve close correlation with the Underlying Index of the Scheme. The Scheme's returns may therefore deviate from those of their Underlying Index. "Tracking Error" is defined as the standard deviation of the difference between daily returns of the index and the NAV of the Scheme. Tracking Error may arise due to the following reasons: -

- Expenditure incurred by the Scheme.
- Any delay experienced in the purchase or sale of shares due to illiquidity of the market, settlement and realization of sale proceeds and the registration of any securities transferred and any delays in receiving cash and IDCW and resulting delays in reinvesting them.
- Securities trading may halt temporarily due to circuit filters.
- The underlying index reflects the prices of securities at close of business hours. However, the Fund may buy or sell the securities at different points of time during the trading session at the then prevailing prices which may not correspond to the closing prices on the exchange.
- Index Service Provider undertakes the periodical review of the scrips that comprise the underlying index and may either drop or include new securities. In such an event, the Fund will endeavor to reallocate its portfolio but the available investment/disinvestment opportunities may not permit precise mirroring of the Index immediately.
- The funds may not be invested at all times as it may keep a portion of the funds in cash to meet redemptions or for corporate actions of securities in the index.
- The potential for trades to fail which may result in the Scheme not having acquired shares at a price necessary to track the index.
- The holding of cash position and accrued income prior to distribution and accrued expenses.
- Disinvestments to meet redemptions, recurring expenses, IDCW payouts etc.
- Corporate actions such as rights, merger, change in constituents etc.
- Rounding off quantity of shares underlying the index.

Risks associated with investing in ADR/ GDR/ Foreign securities:

The Scheme will not invest in ADR/GDR/Foreign securities.

Risks associated with investing in Derivatives:

- The Scheme may use various derivative products as permitted by the Regulations. Use of derivatives requires an understanding of not only the underlying instrument but also of the derivative itself. Other risks include the risk of mis-pricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- The Scheme may use derivatives instruments like Stock Index Futures or other derivative instruments for the purpose of hedging and portfolio balancing, as permitted under the Regulations and guidelines. Usage of derivatives will expose the Schemes to certain risks inherent to such derivatives.
- Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always

be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

- Thus, derivatives are highly leveraged instruments. Even a small price movement in the underlying security could have a large impact on their value. Also, the market for derivative instruments is nascent in India.

- The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional investments.

- The specific risk factors arising out of a derivative strategy used by the Fund Manager may be as below: 1

- Lack of opportunity available in the market.
- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place.
- Basis Risk: This risk arises when the derivative instrument used to hedge the underlying asset does not match the movement of the underlying asset being hedged  
Exchanges could raise the initial margin, variation margin or other forms of margin on derivative contracts, impose one sided margins or insist that margins be placed in cash. All of these might force positions to be unwound at a loss, and might materially impact return.

The Scheme will not have any exposure to Debt Derivatives.

Please refer section on “Derivatives” for further details.

Risks associated with investing in securitized debt:

The Scheme will not invest in securitized debt.

Risks associated with Short Selling

The Scheme will not engage in short selling of securities.

Risks associated with Securities Lending:

Securities lending is lending of securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the securities borrowed.

Investors are requested to refer to section “How will the Scheme allocate its assets?” for maximum permissible exposure to Securities Lending.

The risks in lending portfolio securities, as with other extensions of credit, consist of the failure of another party, in this case the approved intermediary, to comply with the terms of agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure to comply can result in the possible loss of rights in the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any

corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The scheme may not be able to sell lent out securities, which can lead to temporary illiquidity & loss of opportunity.

#### Risks associated with Investing in money market instruments

- Interest Rate risk: This risk is associated with movements in interest rate, which depend on various factors such as government borrowing, inflation, economic performance etc. The values of investments will appreciate/depreciate if the interest rates fall/rise.
- Credit risk: This risk arises due to any uncertainty in counterparty's ability or willingness to meet its contractual obligations. This risk pertains to the risk of default of payment of principal and interest.
- Liquidity risk: The liquidity of a security may change depending on market conditions leading to changes in the liquidity premium linked to the price of the security. At the time of selling the security, the security can become illiquid leading to loss in the value of the portfolio

The scheme may also invest in units of Liquid schemes which are subject to risks as stated above.

#### Risks associated with investing in Tri Party Repo through CCIL (TREPS):

The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments.

CCIL maintains prefunded resources in all the clearing segments to cover potential losses arising from the default member. In the event of a clearing member failing to honour his settlement obligations, the default Fund is utilized to complete the settlement. The sequence in which the above resources are used is known as the "Default Waterfall".

As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members.

Thus the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).

However, it may be noted that a member shall have the right to submit resignation from the membership of the Security segment if it has taken a loss through replenishment of its contribution to the default fund for the segments and a loss threshold as notified have been reached. The maximum contribution of a member towards replenishment of its contribution to the default fund in the 7 days (30 days in case of securities segment) period immediately after the afore-mentioned loss threshold having been reached shall

not exceed 5 times of its contribution to the Default Fund based on the last re-computation of the Default Fund or specified amount, whichever is lower.

Further, it may be noted that, CCIL periodically prescribes a list of securities eligible for contributions as collateral by members. Presently, all Central Government securities and Treasury bills are accepted as collateral by CCIL. The risk factors may undergo change in case the CCIL notifies securities other than Government of India securities as eligible for contribution as collateral.

Risk associated with investing in companies forming part of S&P BSE 500 Index:

The scheme tracks benchmark index which comprises of stocks forming part of S&P BSE 500 Index. The scheme being passively managed invests in stocks of the underlying index. In addition, the scheme may be subject to following sector specific risks including but not limited to:

1. Composition of S&P BSE 500 includes companies with float adjusted market capitalization. The Index broadly covers major sectors. However, few sub-sectors/industries may not be part of the index. The scheme being passively managed will invest in index constituents.
2. Since, the composition is based on market capitalization, there may be possibility that certain sector(s) have significant concentration. Scheme being passively managed will invest in index constituents.

Apart from the risk factors mentioned above, the scheme is exposed to certain specific risks, which are as mentioned below –

- (i) Performance of the underlying Index will have a direct bearing on the performance of the Scheme. In the event when the index is dissolved or is withdrawn, the Trustee reserves a right to modify the Scheme so as to track a different and suitable index and appropriate intimation will be sent to the unitholders of the Scheme.
- (ii) Tracking errors are inherent in any ETF and such errors may cause the Scheme to generate returns which are not in line with the performance of the Index or one or more securities covered by / included in the Index.
- (iii) In case of investments in derivative instruments, the risk/ reward would be the same as investments in portfolio of shares representing an index. However, there may be a cost attached to buying an index future. Further, there could be an element of settlement risk, which could be different from the risk in settling physical shares and there is a risk attached to the liquidity and the depth of the index futures market as it is relatively new market for Index and also it is relatively less popular as compared to the Index.
- (iv) In the event of the index mentioned above, is dissolved or is withdrawn or is not published due to any reason whatsoever, the Trustee reserves the right to modify the Scheme so as track a different and suitable index or to suspend tracking the S&P BSE till such time it is dissolved/ withdrawn or not published and appropriate intimation will be sent to the Unitholders of the Scheme. In such a case, the investment pattern will be modified suitably to match the composition of the securities that are included in the new index to be tracked and the Scheme will be subject to tracking errors during the intervening period.

- **Risk management strategies**

The scheme by utilizing a holistic risk management strategy will endeavor to manage risks associated with investing in equity markets. The risk control process involves identifying & measuring the risk through various risk measurement tools.

The scheme has identified following risks of investing in equity and designed risk management strategies, which are embedded in the investment process to manage such risks.

Risk and Description	Risk mitigants / management strategy
<b>Risks associated with Equity investment</b>	
<b><u>Market Risk</u></b> The Scheme is vulnerable to movements in the prices of securities invested by the Scheme, which could have a material bearing on the overall returns from the Scheme. The value of the Scheme investments, may be affected generally by factors affecting securities markets, such as price and volume, volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets.	Market risk is inherent to an equity scheme. Being a passively managed scheme, it will invest in the securities included in its Underlying Index.
<b><u>Liquidity risk</u></b> The liquidity of the Scheme's investments is inherently restricted by trading volumes in the securities in which they invests.	The Scheme will try to maintain a proper asset-liability match to ensure redemption payments are made on time and not affected by illiquidity of the underlying stocks.
<b><u>Tracking Error risk (Volatility/ Concentration risk):</u></b> The performance of the Scheme may not commensurate with the performance of the underlying Index viz. S&P BSE 500 Index on any given day or over any given period.	<b><u>Tracking Error risk (Volatility/ Concentration risk):</u></b> Over a short to medium period, the Scheme may carry the risk of variance between portfolio composition and Benchmark. The objectives of the Scheme are to closely track the performance of the Underlying Index over the same period, subject to tracking error. The Scheme would endeavor to maintain a low tracking error by actively aligning the portfolio in line with the Index.
<b>Derivatives Risk</b>  As and when the Scheme trades in the derivatives market there are risk factors	The Scheme may invest in derivative for the purpose of hedging, portfolio balancing and other purposes as may be permitted under the Regulations. All derivatives trade

and issues concerning the use of derivatives since derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds.	will be done only on the exchange with guaranteed settlement. Exposure with respect to derivatives shall be in line with regulatory limits and the limits specified in the SID. No OTC contracts will be entered into.

<b><u>Risks associated with Money Market Instruments</u></b>	
<b><u>Market Risk/ Interest Rate Risk</u></b> As with all fixed income securities, changes in interest rates may affect the underlying scheme(s)' Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long-term securities generally fluctuate more in response to interest rate changes than do short-term securities. Indian debt markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.	The Scheme may primarily invest in money market instruments having a residual maturity upto 91 days or units of Liquid schemes thereby mitigating the price volatility due to interest rate changes generally associated with long-term securities.
<b><u>Liquidity or Marketability Risk</u></b> This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM).	The Scheme may invest in money market instruments, units of liquid scheme having relatively shorter maturity. While the liquidity risk for short maturity securities may be low, it may be high in case of medium to long maturity securities.
<b><u>Credit Risk</u></b> Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security).	Management analysis may be used for identifying company specific risks. Management's past track record may also be studied. In order to assess financial risk an assessment of the issuer's financial statements may be undertaken.

- The Product labeling mandated by SEBI is to provide investors an easy understanding of the risk involved in the kind of product / scheme they are investing to meet their financial goals. The Riskometer categorizes various schemes under different levels of risk based on the investment objective, asset allocation pattern, investment strategy and typical investment time horizon of investors. Therefore, the schemes falling under the same level of risk in the Riskometer may not be similar in nature. Investors are advised before investing to evaluate a Scheme not only on the basis of the Product labeling (including the Riskometer) but also on other quantitative and qualitative factors such as performance, portfolio, fund managers, strategy, asset allocation, investment objective etc. and shall seek appropriate advise, if they are unsure about the suitability of the Scheme before investing. As per SEBI Guidelines, Riskometers shall be reviewed on a monthly basis based on evaluation of risk level of Scheme's month end portfolios. Notice about changes in Riskometers, if any, shall be issued. Investors may refer to the website for any change in Riskometers.

## II. INFORMATION ABOUT THE SCHEME

### A. TYPE OF THE SCHEME

An Open-ended Exchange Traded Fund replicating/ tracking S&P BSE 500 Index.

### B. WHAT IS THE INVESTMENT OBJECTIVE OF THE SCHEME?

The investment objective of the scheme is to provide returns before expenses that closely correspond to the total return of the underlying index subject to tracking errors. However, there can be no assurance or guarantee that the investment objective of the Scheme would be achieved.

### C. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Under normal circumstances, the asset allocation under the Scheme will be as follows:

Instruments	Indicative allocations (% of total assets)		Risk Profile
	Maximum	Minimum	High/Medium/Low
Securities of companies constituting the underlying index (S&P BSE 500 Index)	100	95	Very High
Units of Liquid schemes, Money Market Instruments (with maturity not exceeding 91 days), including TREPS, cash & cash equivalents.	5	0	Low to Medium

The Scheme may also take exposure to:

Derivative instruments up to 5% of the Net Assets. Investment in derivatives shall be made in accordance with the SEBI Circular No. Cir/ IMD/ DF/ 11/ 2010 dated August 18, 2010 and such other guidelines on derivatives as issued by SEBI from time to time.

- Stock lending up to 20% of its Net Assets The same shall be in accordance with SEBI Circular No MFD/CIR/ 01/ 047/99 dated February 10, 1999, SEBI circular No MRD/DoP/SE/Dep/ Cir- 4/2007 dated December 20, 2007 and SEBI Circular no. SEBI / IMD / CIR No 14 / 187175/ 2009 dated December 15, 2009.

The Cumulative Gross Exposure across Equity, Debt and Derivatives and such other securities/assets as may be permitted by the Board from time to time, subject to prior approval from SEBI, if required, should not exceed 100% of the net assets of the scheme.

Any transactions undertaken in the portfolio of the Scheme in order to meet the redemption and subscription obligations shall be done while ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time.

The Margin may be placed in the form of such securities / instruments / deposits as may be permitted/eligible to be placed as margin from the assets of the Scheme. The securities / instruments / deposits so placed as margin shall be classified under the applicable category of assets for the purposes of asset allocation.

### Rebalancing Period:

In case of change in constituents of the index due to periodic review, the portfolio of the Scheme shall be rebalanced within 7 calendar days or any other timelines as may be prescribed by SEBI.

Subject to the regulations, the asset allocation pattern indicated above for the Scheme may change from time to time, keeping in view market conditions, applicable regulations and political and economic factors or for short durations, part of the corpus may be pending for deployment considering the market conditions, special events, corporate events (like declaration of dividend), etc.

In the event that the asset allocation of the Scheme should deviate from the ranges as noted in the asset allocation table, then the portfolio of the Scheme will be rebalanced by the Fund Manager to the position indicated in the asset allocation table above. Such changes in the asset allocation will be for short term and defensive considerations. In case of deviation, if any, from the asset allocation pattern, the AMC shall rebalance the portfolio within a period of 7 calendar days or any other timelines as may be prescribed by SEBI. Such rebalancing shall be in line with SEBI circular dated March 4, 2021

**Tracking Error** – In accordance with SEBI circular dated May 23, 2022 on “Development of Passive Funds”, the tracking error i.e. the annualized standard deviation of the difference in daily returns between the underlying index or goods and the NAV of the ETF based on past one year rolling data shall not exceed 2%. In case of unavoidable circumstances in the nature of force majeure, which are beyond the control of the AMCs, the tracking error may exceed 2% and the same shall be brought to the notice of Trustees with corrective actions taken by the AMC. The same shall be disclosed on a daily basis on the websites of AMC and AMFI.

The Scheme shall disclose the tracking error based on past one year rolling data, on a daily basis, on the website of respective AMCs and AMFI.

**Tracking Difference** - The annualized difference of daily returns between the index or goods and the NAV of the ETF. The same shall be disclosed on a monthly basis on the websites of AMC and AMFI.

The Scheme, in general, will hold all of the securities that comprise the Underlying Index in the same proportion as the index. Expectation is that, over time, the tracking error of the Scheme relative to the performance of the Underlying Index will be relatively low.

The Investment Manager would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. There can be no assurance or guarantee that the Scheme will achieve any particular level of tracking error relative to performance of the Underlying Index.

The Scheme shall ensure compliance with the portfolio concentration norms as specified by SEBI in its circular dated January 10, 2019 the details pertaining to same are as given below:

1. The index shall have a minimum of 10 stocks as its constituents.

2. For a sectoral/ thematic Index, no single stock shall have more than 35% weight in the index. For other than sectoral/ thematic indices, no single stock shall have more than 25% weight in the index.
3. The weightage of the top three constituents of the index, cumulatively shall not be more than 65% of the Index.
4. The individual constituent of the index shall have a trading frequency greater than or equal to 80% and an average impact cost of 1% or less over previous six months.

Disclosure norms as per SEBI circular dated May 23, 2022:

- Foreign securities/ADR/GDR; and
- Securitised debts.

#### Change in Investment Pattern

As an index linked ETF, the scheme is passively managed. However, as elsewhere stated in this scheme information document, the investment pattern and the percentages stated are indicative, and may change for short duration and defensive considerations with the intention to protect the interests of the Unit holders. In the event the underlying index is dissolved or is withdrawn by index service provider or is not published due to any reason whatsoever, the Trustees reserve the right to modify the Scheme so as to track a different and suitable index or to suspend tracking the underlying index and appropriate intimation will be sent to the Unit holders of the Scheme. In such a case, the investment pattern will be modified suitably to match the composition of the securities that are included in the new index to be tracked and the Scheme will be subject to tracking errors during the intervening period.

Provided further and subject to the above, any change in the asset allocation affecting the investment profile of the Scheme shall be effected only in accordance with the provisions of sub regulation (15A) of Regulation 18 of the Regulations

## **D. WHERE WILL THE SCHEME INVEST?**

The Scheme invests in the securities included in the Underlying Index regardless of their investment merit.

Subject to the Regulations and the disclosures as made under the Section “How the Scheme will allocate its Assets”, the corpus of the Scheme can be invested in any (but not exclusive) of the following securities/ instruments:

- 1) Equity and equity related securities including convertible bonds and debentures and warrants carrying the right to obtain equity shares.
- 2) Money market instruments as defined under SEBI (Mutual Funds) Regulations, 1996, having maturities of up to 91 Days, or in alternative investment for the call money market.
- 3) Derivative instruments like, Stock / Index Futures, Stock / Index Options and such other derivative instruments permitted by SEBI.
- 4) Units of Liquid schemes of the Fund, subject to applicable regulations.
- 5) TREPS, cash & cash equivalents.

Subject to the Regulations, the securities mentioned above could be listed, privately placed, secured, unsecured, rated or unrated and of varying maturity. The securities may be acquired through Public Offerings, secondary market operations, private placement, rights offers or negotiated deals. The Scheme may also enter into repurchase and reverse repurchase obligations in all securities held by it as per the guidelines and regulations applicable to such transactions. However, any money market instrument shall not exceed 91 days.

### **DERIVATIVE**

The Scheme may use derivatives instruments like Stock/ Index Futures or such other derivative instruments as may be introduced from time to time, within the limit specified under ‘HOW WILL THE SCHEME ALLOCATE ITS ASSETS’ which may be increased as permitted under the Regulations from time to time.

The following information provides a basic idea as to the nature of the derivative instruments proposed to be used by the Scheme and the risks attached there with.

#### **Equity Derivatives**

The Scheme intends to use derivatives for purposes that may be permitted by the Regulations from time to time. Derivatives instruments may take the form of Futures, Options, Swaps or any other instrument, as may be permitted from time to time.

Position limits for investment in Derivative instruments:

SEBI has vide its Circular DNPd/Cir-29/2005 dated September 14, 2005 and DNPd/Cir-29/2005 dated January 20, 2006 and CIR/IMD/DF/11/2010 dated August 18, 2010

specified the guidelines pertaining to trading by Mutual Fund in Exchange trades derivatives. All Derivative positions taken in the portfolio would be guided by the following principles:

- *Position limit for the Fund in index options contracts*
  - The Fund position limit in all index options contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest of the market in index options, whichever is higher per Stock Exchange.
  - This limit would be applicable on open positions in all options contracts on a particular underlying index.
- *Position limit for the Fund in index futures contract*
  - The Fund position limit in all index futures contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest of the market in index futures, whichever is higher, per Stock Exchange.
  - This limit would be applicable on open positions in all futures contracts on a particular underlying index.
- *Additional position limit for hedging*

In addition to the position limits mentioned above, Fund may take exposure in equity index derivatives subject to the following limits:

  - Short positions in index derivatives (short futures, short calls and long puts) shall not exceed (in notional value) the Fund's holding of stocks.
  - Long positions in index derivatives (long futures, long calls and short puts) shall not exceed (in notional value) the Fund's holding of cash, government securities, T-Bills and similar instruments.
- *Position limit for the Fund for stock based derivative contracts*

The Fund position limit in a derivative contract on a particular underlying stock, i.e. stock option contracts and stock futures contracts, :-

  - a. The combined futures and options position limit shall be 20% of the applicable Market Wide Position Limit (MWPL).
  - b. The MWPL and client level position limits however would remain the same as prescribed
- *Position limit for the Scheme*
  - The position limits for the Scheme and disclosure requirements are as follow. For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of a scheme of a Fund shall not exceed the higher of:  
  
1% of the free float market capitalisation (in terms of number of shares).  
Or  
5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts).
  - This position limit shall be applicable on the combined position in all derivative contracts on an underlying stock at a Stock Exchange.
  - For index based contracts, the Fund shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open

interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index.”

#### Various Derivatives Strategies:

If and where Derivative strategies are used under the Scheme, the Fund Manager will employ a combination of the following strategies:

##### 1. Index Arbitrage:

As the Index derives its value from the underlying stocks, the underlying stocks can be used to create a synthetic index matching the Index levels. Also, theoretically, the fair value of a stock/ index futures is equal to the spot price plus the cost of carry i.e. the interest rate prevailing for an equivalent credit risk, in this case is the Clearing Corporation of the NSE/BSE.

Theoretically, therefore, the pricing of Index futures should be equal to the pricing of the synthetic index created by futures on the underlying stocks. However, due to market imperfections, the index futures may not exactly correspond to the synthetic index futures.

The Index futures normally trades at a discount to the synthetic Index due to large volumes of stock hedging being done using the Index futures giving rise to arbitrage opportunities.

The fund manager shall aim to capture such arbitrage opportunities by taking long positions in the Index futures and short positions in the synthetic index. The strategy is attractive if this price differential (post all costs) is higher than the investor's cost-of-capital.

#### Objective of the Strategy

The objective of the strategy is to lock-in the arbitrage gains.

#### Risks Associated with this Strategy

- Lack of opportunity available in the market
- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices
- Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place.

##### 2. Cash Futures Arbitrage: (Only one way as the schemes are not allowed to short in the cash market).

The Scheme would look for market opportunities between the spot and the futures market. The cash futures arbitrage strategy can be employed when the price of the futures exceeds the price of the underlying stock.

The Scheme will first buy the stocks in cash market and then sell in the futures market to lock the spread known as arbitrage return.

Buying the stock in cash market and selling the futures results into a hedge where the Scheme has locked in a spread and is not affected by the price movement of cash market

and futures market. The arbitrage position can be continued till expiry of the future contracts. The future contracts are settled based on the last half an hour's weighted average trade of the cash market. Thus, there is a convergence between the cash market and the futures market on expiry. This convergence helps the Scheme to generate the arbitrage return locked in earlier. However, the position could even be closed earlier in case the price differential is realized before expiry or better opportunities are available in other stocks. The strategy is attractive if this price differential (post all costs) is higher than the investor's cost-of-capital.

#### Objective of the Strategy

The objective of the strategy is to lock-in the arbitrage gains.

#### Risk Associated with this Strategy

- Lack of opportunity available in the market.
- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place

3. Hedging and alpha strategy: The Scheme will use exchange-traded derivatives to hedge the equity portfolio. The hedging could be either partial or complete depending upon the fund managers' perception of the markets. The fund manager shall either use index futures and options or stock futures and options to hedge the stocks in the portfolio. The Scheme will seek to generate alpha by superior stock selection and removing market risks by selling appropriate index. For example, one can seek to generate positive alpha by buying an IT stock and selling Nifty IT Index future or a bank stock and selling Bank Index futures or buying a stock and selling the Nifty Index.

#### Objective of the Strategy

The objective of the strategy is to generate alpha by superior stock selection and removing market risks by hedging with appropriate index.

#### Risk Associated with this Strategy

1. The stock selection under this strategy may under-perform the market and generate a negative alpha.
  2. The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
  3. Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place.
4. Other Derivative Strategies: As allowed under the Regulations on derivatives, the fund manager will employ various other stock and index derivative strategies by buying or selling stock/index futures and/or options.

#### Objective of the Strategy

The objective of the strategy is to earn low volatility consistent returns.

#### Risk Associated with this Strategy

- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices
- Execution Risk: The prices which are seen on the screen need not be the same at

which execution will take place.

##### i) Index Futures:

###### Benefits

a) Investment in Stock Index Futures can give exposure to the index without directly buying the individual stocks. Appreciation in Index stocks can be effectively captured through investment in Stock Index Futures.

b) The Scheme can sell futures to hedge against market movements effectively without actually selling the stocks it holds.

The Stock Index futures are instruments designed to give exposure to the equity market indices. BSE Limited and National Stock Exchange of India Limited have started trading in index futures of 1, 2 and 3-month maturities. The pricing of an index future is the function of the underlying index and interest rates.

###### Illustration

Spot Index: 1070

1 month Nifty Future Price on day 1: 1075

Fund buys 100 lots

Each lot has a nominal value equivalent to 200 units of the underlying index

Let us say that on the date of settlement, the future price = Closing spot price = 1085

Profits for the Scheme =  $(1085 - 1075) \times 100 \text{ lots} \times 200 = \text{Rs } 200,000$

Please note that the above example is given for illustration purposes only.

The net impact for the Scheme will be in terms of the difference between the closing price of the index and cost price (ignoring margins for the sake of simplicity). Thus, it is clear from the example that the profit or loss for the Fund will be the difference of the closing price (which can be higher or lower than the purchase price) and the purchase price. The risks associated with index futures are similar to the one with equity investments. Additional risks could be on account of illiquidity and hence mispricing of the future at the time of purchase.

##### ii) Buying Options:

Benefits of buying a call option:

Buying a call option on a stock or index gives the owner the right, but not the obligation, to buy the underlying stock / index at the designated strike price. Here the downside risks are limited to the premium paid to purchase the option.

###### Illustration

For example, if the scheme buys a one month call option on ABC Limited at a strike of Rs. 150, the current market price being say Rs.151. The scheme will have to pay a premium of say Rs. 15 to buy this call. If the stock price goes below Rs. 150 during the tenure of the call, the scheme avoids the loss it would have incurred had it straightaway

bought the stock instead of the call option. The scheme gives up the premium of Rs. 15 that has to be paid in order to protect the scheme from this probable downside. If the stock goes above Rs. 150, it can exercise its right and own ABC Limited at a cost price of Rs. 150, thereby participating in the upside of the stock.

#### Benefits of buying a put option

Buying a put option on a stock originally held by the buyer gives him/her the right, but not the obligation, to sell the underlying stock at the designated strike price. Here the downside risks are limited to the premium paid to purchase the option.

#### Illustration

For example, if the scheme owns ABC Limited and also buys a three month put option on ABC Limited at a strike of Rs. 150, the current market price being say Rs.151. The scheme will have to pay a premium of say Rs. 12 to buy this put. If the stock price goes below Rs. 150 during the tenure of the put, the scheme can still exercise the put and sell the stock at Rs. 150, avoiding therefore any downside on the stock below Rs. 150. The scheme gives up the fixed premium of Rs. 12 that has to be paid in order to protect the scheme from this probable downside. If the stock goes above Rs. 150, say to Rs. 170, it will not exercise its option. The scheme will participate in the upside of the stock, since it can now sell the stock at the prevailing market price of Rs. 170.

The Scheme will not have any exposure to Debt Derivatives.

#### Portfolio rebalancing strategy:

#### Illustration

The Scheme has to sell 10,00,000 shares of X whose current price is Rs. 100 per share and buy 50,00,000 shares of Y whose current price is Rs. 200 per share, for rebalancing the portfolio.

In such an event,

- the AMC could sell the aforesaid quantity of shares of X in the cash market and buy stock futures of X in the aforesaid quantity.
- On the rebalancing date or near the rebalancing date, sell stock futures of X and buy stock futures of Y in the aforesaid quantity.
- On derivative expiry date, sell stock futures of Y and buy aforesaid quantity of shares of Y in the cash market.

For details on applicable limits pertaining to derivatives, kindly refer section, 'What are the Investment Restrictions?'.

## **E. WHAT ARE THE INVESTMENT STRATEGIES?**

The corpus of the Scheme will be invested predominantly in stocks constituting the underlying index in the same proportion as in the Index and endeavor to track the benchmark index. A very small portion (0-5% of the Net Assets) of the fund may be kept liquid to meet the liquidity and expense requirements.

The performance of the Scheme may not be commensurate with the performance of the underlying index on any given day or over any given period. Such variations are commonly referred to as the tracking error. The fund intends to maintain a low tracking

error by closely aligning the portfolio in line with the index. The stocks comprising the underlying index are periodically reviewed by Index Service Provider. A particular stock may be dropped or new securities may be included as a constituent of the index. In such an event, the Fund will endeavor to reallocate its portfolio but the available investment/disinvestment opportunities may not permit precise mirroring of the underlying index immediately. Similarly, in the event of a constituent stock being demerged / merged / delisted from the exchange or due to a major corporate action in a constituent stock, the fund may have to reallocate the portfolio and seek to minimize the variation from the index.

#### **Equities and equity related instruments:**

The Scheme would invest in stocks comprising the underlying index and endeavor to track the benchmark index.

#### **Fixed Income Securities:**

The Scheme may also invest in money market instruments, in compliance with Regulations to meet liquidity requirements. The scheme may also invest in liquid schemes of ICICI Prudential Mutual Fund. Money Market Instruments include commercial papers, commercial bills, treasury bills, and Government securities having an unexpired maturity upto one year, call or notice money, certificate of deposit, usance bills, TREPS and any other like instruments as specified by the Reserve Bank of India from time to time, subject to regulatory approvals.

#### **Investment Process**

The Scheme will track the Underlying Index and is a passively managed scheme. The investment Decisions will be determined as per the Underlying Index. In case of any change in the index due to corporate actions or change in the constituents of the Underlying Index (as communicated by the Index Service Provider), relevant investment decisions will be determined considering the composition of the Underlying Index.

The Investment decision of the Scheme will be carried out by the designated Fund Manager.

### **INFORMATION ON S&P BSE 500 Index**

The S&P BSE 500 index is designed to be a broad representation of the Indian market. The index consists of the top 500 companies listed at BSE Ltd. and covers all 20 major industries of the economy. It is calculated using a float-adjusted, market cap weighted methodology. Regarded as a proxy for the Indian economy, the S&P BSE 500 captures more than 95% of the market cap of the listed universe at BSE Ltd.

#### **Constituent weightings**

The index employs a modified market capitalization weighting scheme, using the divisor methodology used in S&P Dow Jones Indices' equity indices. The weight of each individual stock is capped at 15% and each BSE sector is capped at 20% of the index. Individual stock and sector weight caps are applied during the annual rebalancing.

## PROCEDURE FOR CREATION OF UNITS

### Issue of Units

1. As the Scheme is listed on BSE/NSE, subsequent buying or selling by investors can be made from the secondary market on BSE/NSE. The minimum number of units that can be bought or sold is 1 (one) unit.
2. Eligible Investors can directly buy / sell in blocks from the Fund in 'Creation Unit' Size.

## Creation of Units:

'Creation Unit' is a fixed number of Units of the Scheme, which is exchanged for a predefined basket of shares underlying the index called the "Portfolio Deposit" and a "Cash Component". The facility of creating / redeeming units in Creation Unit size is available to the eligible investors.

The number of units, Authorised Participant(s)/Market Maker(s) can create / redeem in exchange of the Portfolio Deposit and Cash Component, is 11,00,000 Units and in multiples thereof. The Portfolio Deposit and Cash Component are defined as follows:-

- a. **Portfolio Deposit:** This is a pre-defined basket of securities that represent the Underlying Index. Portfolio Deposit can change from time to time. The Portfolio Deposit may vary on account of market movements and other related factors.
- b. **Cash Component for subscription/ redemption in Creation Unit:** The Cash Component represents the difference between the applicable net asset value of a Creation Unit and the market value of the Portfolio Deposit. This difference may include accrued dividends, accrued annual charges including management fees and residual cash in the Scheme. In addition, the Cash Component may include transaction cost as charged by the Custodian/Depository Participant, equalization of dividend, effect of rounding-off of number of shares in Portfolio Deposit and other incidental expenses for Creating Units. The Cash Component will vary from time to time and will be computed and announced by the AMC on its website every Business Day.

## Example of Creation and Redemption of Units of ICICI Prudential S&P BSE 500 ETF

The Creation Unit is made up of 2 components i.e. the Portfolio Deposit and the Cash Component. The Portfolio Deposit will be determined by the Fund as per the weightages of each security in the Underlying Index. The value of this portfolio deposit will change due to change in prices during the day. The number of shares of each security that constitute the portfolio deposit will remain constant unless there is any corporate action in the Underlying Index/ change in the constituents of the Underlying Index.

## Example of Creation of Units:

A	Applicable NAV	24.97
B	Unit Creation size	11,00,000.00
C	Portfolio Value	2,74,66,450.00
D	Closing Value of Portfolio (As calculated below)	2,72,24,243.84

In addition, Investors shall also pay charges payable to depositories / exchanges for creation / redemption of units as part of Cash Component.

The above is just an example to illustrate the calculation of Cash Component. Cash Component will vary depending upon the actual charges incurred like Custodial Charges and other incidental charges for creating units.

## **Investment by the AMC**

From time to time and subject to the Regulations, the Sponsors, the Mutual Funds and investment companies managed by them, their associate companies, subsidiaries of the Sponsors, and the AMC may invest either directly or indirectly in any or all the Schemes. The funds managed by associates, the Sponsors, subsidiaries of the Sponsors and /or the AMC may acquire a substantial portion of the Scheme's Units and collectively constitute a major investor in the Scheme. Accordingly, redemption of Units held by such funds, associates and Sponsors might have an adverse impact on the Units of the Scheme because the timing of such redemption may impact the ability of other Unit holders to redeem their Units.

Further, as per the Regulation, in case the AMC invests in any of the Schemes managed by it, it shall not be entitled to charge any fees on such investments.

## **POSITION OF EQUITY MARKET IN INDIA**

The Indian stock market is one of the world's largest stock market. There are two leading stock exchanges in India, i.e. BSE Limited (BSE) and National Stock Exchange of India Limited (NSE). BSE was established in 1875 and is the oldest stock exchange in Asia. NSE, a more recent establishment which came into existence in 1992, is the largest and most advanced stock market in India and is also one of the biggest stock exchanges in Asia in terms of transactions. NSE's flagship index, NIFTY 50, is used extensively by investors in India and around the world to take exposure to the Indian equities market.

BSE has a large number of scrips which are listed. The Indian stock market scene really picked up after the opening up of the economy in the early nineties. NSE changed the way the Indian markets function, in the early nineties, by replacing floor based trading with nationwide screen based electronic trading, which took trading to the doorstep of the investor. NSE was mainly set up to bring in transparency in the markets. Instead of trading membership being confined to a group of brokers, NSE ensured that anyone who was qualified, experienced and met minimum financial requirements was allowed to trade. The price information which could earlier be accessed only by a handful of people could now be seen by a client in a remote location with the same ease. The paper based settlement was replaced by electronic depository based accounts and settlement of trades was always done on time. One of the most critical changes was that a robust risk management system was set in place, so that settlement guarantees could protect investors against broker defaults. The corporate governance rules were gradually put in place which initiated the process of bringing the listed companies at a uniform level.

### POSITION OF DEBT MARKET IN INDIA

Indian debt markets, in the early nineties, were characterised by controls on pricing of assets, segmentation of markets and barriers to entry, low levels of liquidity, limited number of players, near lack of transparency, and high transactions cost. Financial reforms have significantly changed the Indian debt markets for the better. Most debt instruments are now priced freely on the markets; trading mechanisms have been altered to provide for higher levels of transparency, higher liquidity, and lower transactions costs; new participants have entered the markets, broad basing the types of players in the markets; methods of security issuance, and innovation in the structure of instruments have taken place; and there has been a significant improvement in the dissemination of market information. There are three main segments in the debt markets in India, viz., Government Securities, Public Sector Units (PSU) bonds, and corporate securities. A bulk of the debt market consists of Government Securities. Other instruments available currently include Corporate Debentures, Bonds issued by Financial Institutions, Commercial Paper, Certificates of Deposits and Securitized Debt. Securities in the Debt market typically vary based on their tenure and rating. Government Securities have tenures from one year to thirty years whereas the maturity period of the Corporate Debt now goes upto sixty years and more (perpetual). Perpetual bonds are now issued by banks as well. Securities may be both listed and unlisted and there is increasing trend of securities of maturities of over one year being listed by issuers.

**The yields and liquidity on various securities as on March 31, 2023 are as under:**

## I. WHAT ARE THE INVESTMENT RESTRICTIONS?

Pursuant to the Regulations and amendments thereto and subject to the investment pattern of the Scheme, following investment restrictions are presently applicable to the Scheme:

- 1) The Fund under all its schemes shall not own more than 10% of any company's paid up capital carrying voting rights.

Provided, investment in the asset management company or the trustee company of a mutual fund shall be governed by clause (a), of sub-regulation (1), of regulation 7B.

- 2) a. A mutual fund scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the Act as per the following Matrix.

A mutual fund scheme shall not invest more than:

- a. 10% of its NAV in debt and money market securities rated AAA; or
- b. 8% of its NAV in debt and money market securities rated AA; or
- c. 6% of its NAV in debt and money market securities rated A and below issued by a single issuer.

The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to compliance with the overall 12% limit specified in clause 1 of Seventh Schedule of MF Regulation.

Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and TREPs:

Provided further that investment within such limit can be made in mortgaged backed securitised debt which are rated not below investment grade by a credit rating agency registered with the Board.

b. A mutual fund scheme shall not invest in unlisted debt instruments including commercial papers, except Government Securities and other money market instruments.

3) Transfer of investments from one scheme to another scheme in the same Mutual Fund is permitted provided:

a) Such transfers are done at the prevailing market price for quoted instruments on spot basis (spot basis shall have the same meaning as specified by a Stock Exchange for spot transactions); and

b) The securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.

Further the inter scheme transfer of investments shall be in accordance with the provisions contained in clause Inter-Scheme transfer of investments, contained in Statement of Additional Information.

Further the inter scheme transfer of investments shall be in accordance with the provisions contained in clause Inter-Scheme transfer of investments, contained in Statement of Additional Information. The AMC shall comply with the guidelines issued by SEBI vide its Circular dated October 8, 2020 and such other guidelines as may be notified from time to time.

4) The Fund shall get the securities purchased transferred in the name of the Fund on account of the concerned scheme, wherever investments are intended to be of a long-term nature.

5) The Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relative securities and in all cases of sale, deliver the securities and will not make any short sales or engage in carry forward transaction or badla finance. Provided that mutual funds shall enter into derivatives transactions in a recognised stock exchange for the purpose of hedging and portfolio balancing, in accordance with the Regulations.

Provided that a mutual fund may engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by the Board.

6) No loans for any purpose can be advanced by the Scheme.

- 7) The Fund shall not borrow except to meet temporary liquidity needs of the Fund for the purpose of repurchase/ redemption of units or payment of interest or dividend to the Unitholders. Such borrowings shall not exceed more than 20% of the net assets of the individual scheme and the duration of the borrowing shall not exceed a period of 6 months.
- 8) The Fund having an aggregate of securities which are worth Rs.10 crores or more, as on the latest balance sheet date, shall subject to such instructions as may be issued from time to time by the Board, settle their transactions entered on or after January 15, 1998 only through dematerialised securities. Further, all transactions in government securities shall be in dematerialised form.
- 9) The Scheme will comply with any other Regulation applicable to the investments of mutual funds from time to time.
- 10) The Scheme may invest in other Schemes under the same AMC or any other Mutual Fund without charging any fees, provided the aggregate inter-Scheme investment made by all the Schemes under the same management or in Schemes under management of any other asset management company shall not exceed 5% of the Net Asset Value of the Fund. No investment management fees shall be charged for investing in other Schemes of the Fund or in the Schemes of any other mutual fund.
- 11) In accordance with SEBI Circular no SEBI/IMD/CIR No. 1/91171/07 dated 16th April 2007 and SEBI/IMD/CIR No. 7 / 12952 /08 June 23, 2008, following guidelines shall be followed for parking of funds in short term deposits of Scheduled commercial Banks pending deployment, for a maximum period of 7 working days.
  - a. "Short Term" for such parking of funds by mutual funds shall be treated as a period not exceeding 91 days.
  - b. Such short term deposits shall be held in the name of the concerned scheme.
  - c. No mutual fund scheme shall park more than 15% of the net assets in Short term deposit(s) of all the scheduled commercial Banks put together. However, it may be raised to 20% with prior approval of the trustees. Also, parking of funds in short term deposits of associate and sponsor scheduled commercial Banks together shall not exceed 20% of total deployment by the mutual fund in short term deposits.
  - d. No mutual fund scheme shall park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial Bank including its subsidiaries.
  - e. Trustees/ Asset Management Companies (AMCs) shall ensure that no funds of a scheme are parked in short term deposit (STD) of a bank which has invested in that scheme. Trustees/AMCs shall also ensure that the bank in which a scheme has STD do not invest in the said scheme until the scheme has STD with such bank.

Above conditions are not applicable to term deposits placed as margins for trading in cash and derivative market.

- f. Asset Management Company (AMC) shall not be permitted to charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial Banks.

- 12) No mutual fund scheme shall make any investments in;

## III. UNITS AND OFFER

This section provides details you need to know for investing in the Scheme.

### A. NEW FUND OFFER DETAILS

This section does not apply to the Scheme, as the ongoing offer of the Scheme has commenced after the NFO, and the units are available for continuous subscription and redemption.

## B. ONGOING OFFER DETAILS

<p><b>Ongoing Offer Period</b></p>	<p>The units of the Scheme are listed on the BSE and NSE. All investors, including eligible investors may sell their units in the stock exchange(s) on which these units are listed on all the Trading Days of the stock exchanges. The Fund will repurchase units from Authorised Participant(s) /Market Maker(s) and Investors on any Business Day provided the value of units offered for repurchase is not less than Creation Unit Size. The redemption consideration shall normally be the basket of securities represented by the Underlying Index in the same weightage as in the Index or the equivalent value of basket in cash and the Cash.</p> <p>The AMC will not extend credit facility to the Authorized Participants/market makers/ investors. Authorized participants or investors will get the NAV as and when they bring the Portfolio Deposit/ equivalent amount of cash and Cash Component as mentioned in the Regulation.</p>
<p><b>Ongoing price for subscription/redemption by investors</b></p> <p>This is the price you need to pay for purchase / This is the price you will receive for redemptions</p>	<p>This is the price you need to pay for purchase:</p> <p>The purchase price of the Units will be based on the Applicable NAV.</p> <p>Purchase Price = Applicable NAV</p> <p>Example: An investor invests Rs 20,000/- and the current NAV is Rs. 20/- then the purchase price will be Rs. 20/- and the investor receives <math>20000/20 = 1000</math> units.</p> <p>This is the price you will receive for redemptions:</p> <p>Redemption Price = Applicable NAV (for respective plan and option of the scheme) * (1 - Exit Load as applicable to the investor)</p> <p>Applicable exit load shall be subject to the tenure of investment of the investor in the scheme vis-à-vis the exit load structure applicable when investor had invested in the scheme.</p> <p>Example: An investor invests on April 1, 2019 when the applicable exit load for the scheme was 2% if redeemed within 1 year, else nil.</p>

	<p>Scenario 1) In case investor redeems before April 1, 2020, then applicable exit load would be 2%. Now suppose the same investor decides to redeem his 1000 units. The prevailing NAV is ` 25/-. Hence, the sale or redemption price per unit becomes ` 24.50/- i.e. <math>25 \times (1 - 2\%)</math>. The investor therefore gets <math>1000 \times 24.50 = ` 24,500/-</math>.</p> <p>Scenario 2) In case investor redeems on or after April 1, 2020, then applicable exit load would be nil. Now suppose the same investor decides to redeem his 1000 units. The prevailing NAV is ` 30/-. Hence, the sale or redemption price per unit will be ` 30/- i.e. <math>30 \times (1 - 0)</math>. The investor therefore gets <math>1000 \times 30 = ` 30,000/-</math>.</p> <p>The eligible investors can subscribe/redeem the units of the Scheme directly with the Fund only in creation unit size and in multiples thereof. The subscription &amp; redemption of units would be based on the portfolio deposit &amp; cash component as defined by the Fund for the respective business day. The Fund may allow cash purchases/cash redemption of the units of the Scheme in Creation Unit Size by eligible investors</p> <p>Purchase/redemption request shall be made by such investors to the Fund whereupon the Fund shall arrange to buy/sell the underlying portfolio of securities on behalf of the investor. In case of shares bought and sold by the AMC on behalf of the investor, entire proceeds of portfolio deposit and other cost and charges related to the purchase and sale of basket of underlying securities for servicing the subscription or redemption transaction would be borne by the investor.</p> <p>The units are listed on the BSE &amp; NSE to provide liquidity through secondary market. It may also list on any other exchanges subsequently. All categories of Investors may purchase the units through secondary market on any trading day. The AMC will appoint Authorized Participant(s)/ Market Maker(s) to provide liquidity in secondary market on an ongoing basis. The Authorized Participant(s)/ Market Maker(s) envisage to offer daily two-way quote on exchange.</p> <p>Transaction charges payable to Custodian/ Depository Participants, and other incidental charges relating to conversion of units into basket of securities may be deducted from redemption proceeds. The charges will be notified on <a href="http://www.icicipruamc.com">www.icicipruamc.com</a> from time to time. Investors other than Authorized Participant / Market</p>
--	--

	<p>Maker(s) may redeem units at the listed price plus transaction handling charges on stock exchange.</p> <p>For more details on Loads refer section on 'Load Structure'.</p>
	<p><b>Payment of Proceeds</b></p> <p>All redemption requests received prior to the cut-off time on any Business Day at the Official Points of Acceptance of Transactions will be considered accepted on that Business Day, subject to the redemption requests being complete in all respects, and will be priced on the basis of Redemption Price for that day. Requests received after the cut-off time will be treated as though they were accepted on the next Business Day.</p> <p>As per the Regulations, the Fund shall dispatch redemption proceeds within 3 working days of receiving the redemption request in accordance with SEBI circular dated November 25, 2022 in regards to "Timelines for Transfer of Dividend and Redemption proceeds to unitholders subject to exceptional situations and additional timelines for redemption payments provided by AMFI vide its letter no. AMFI/ 35P/ MEM-COR/ 74 / 2022-23 dated January 16, 2023".</p> <p>Trustees reserve the right to alter or modify the number of days taken for redemption of Units under the Fund after taking into consideration the actual settlement cycle, when announced, as also the changes in the settlement cycles that may be announced by the Principal Stock Exchanges from time to time.</p> <p>As per the Regulations, in the event of failure to dispatch the redemption or repurchase proceeds within 3 working days, the AMC is liable to pay interest to the Unit holders @ 15% p.a. SEBI has further advised the Funds that in the event of payment of interest to the Unit holders, such Unit holders should be informed about the rate and the amount of interest paid to them.</p> <p>The mode of payment may be direct credit/ECS/cheque or any other mode as may be decided by AMC in the interest of investors.</p>
<b>Cut off timing for subscriptions/ redemptions</b>	<p>Investors / Unit holders to note that the below mentioned Cut-off time are not applicable to transactions undertaken on a recognised Stock</p>

<p>This is the time before which your application (complete in all respects) should reach the official points of acceptance.</p>	<p>Exchange and are only applicable to transactions undertaken at the Official Points of Acceptance.</p> <p>As the Scheme is an Exchange Traded Fund (ETFs) and the units of the Scheme are listed on the stock exchanges, in the interest of the investors/ unitholders, the operational processes of the Schemes with respect to all the provisions of “Uniform cut-off timings for applicability of Net Asset Value (NAV)” issued by SEBI from time to time shall stand modified.</p> <p>The Fund may allow subscription/ redemption in ‘Creation Unit’ Size and in multiples thereof by eligible investor(s) based on the Portfolio Deposit/ equivalent amount of cash and Cash Component as defined by the Fund for that respective Business Day.</p> <p>The Cut-off time for receipt of valid application for subscriptions/ redemptions/ is 3.00 p.m. on any business day.</p> <p>The requirement of “cut-off” timing for NAV applicability as prescribed by SEBI from time to time shall not be applicable for direct transaction with the AMC in the ETFs by eligible investors.</p> <p>In order to enhance liquidity in units of ETFs on stock exchange platform, it has been decided that direct transaction with AMCs shall be facilitated for investors only for transactions above a specified threshold. In this regard, to begin with any order placed for redemption or subscription directly with the AMC must be of greater than INR 25 Cr. The aforesaid threshold shall not be applicable for MMs and shall be periodically reviewed.</p>

<b>Plans/options under the Scheme</b>	Currently, there are no plans/ options under the Scheme.
<b>Listing</b>	Currently, the units of the Scheme are listed on BSE and NSE. Units of the Scheme may also be listed on such other stock exchange(s) as may be decided from time to time. The trading will be as per the normal settlement cycle.
<b>Redemption</b>	The Redemption or repurchase proceeds shall be dispatched to the Unit holders within 10 Working Days from the date of Redemption or repurchase.
<b>Settlement of Purchase / Sale on stock exchange(s)</b>	<p>Buying / Selling units of the Scheme on the stock exchange is similar to buying / selling of any other listed securities. If an investor has bought units, the investor has to pay the purchase amount to the broker / sub-broker such that the amount paid is realized before funds pay-in day of the settlement cycle on the exchange. If an investor has sold units, the investor has to deliver the units to the broker/ sub-broker before the securities pay-in day of the settlement cycle on the exchange. The units (in case of units bought) and the funds (in the case of units sold) are paid out to the broker on the payout day of the settlement cycle on the exchange. The trading member would pay the money or units to the investor in accordance with the time prescribed by the stock exchange regulation. If an investor has bought units, he/she should give standing instructions for 'Delivery-In' to his/her DP for accepting units in his/her beneficiary account. An investor should give the details of his/her beneficiary account and the DP-ID of his/her DP to his/her trading member. The trading member will transfer the units directly to his/her beneficiary account on receipt of the same from exchange's clearing corporation.</p> <p>An investor who has sold units should instruct his/her Depository Participant (DP) to give 'Delivery Out' instructions to transfer the units from his/her beneficiary account to the Pool Account of his/her trading member through whom he/she has sold the units. The details of the Pool Account of investor's</p>

	<p>trading member to which the units are to be transferred, unit quantity, etc. should be mentioned in the delivery out instructions given by him/her to the DP. The instructions should be given well before the prescribed securities pay-in day. The exchange regulations stipulate that the trading member should pay the money or units to the investor within 24 hours of the payout.</p> <p>All investors including Authorized Participants, may sell their units in the stock exchange(s) on which these units are listed on all the Trading Days of the stock exchange. The Fund will repurchase units from Authorised Participant(s)/Market Maker(s) on any Business Day provided the units offered for repurchase is not less than the Creation Unit Size and multiples thereafter.</p>
<b>Rolling Settlement</b>	<p>The Fund intends to follow the settlement pattern and practices of BSE and NSE as per the trade/s executed on the respective exchange.</p> <p>Rolling Settlement = T+ 1</p> <p>The Pay-in and Pay-out of funds and the units will take place within 1 working day after the trading date. The pay-in and pay-out days for funds and securities are prescribed as per the Settlement Cycle. A typical Settlement Cycle of Rolling Settlement is given below:</p> <p>While calculating the days from the Trading Day (Day T), weekend days (i.e. Saturday and Sundays) and Bank holidays are not taken into consideration. All investors including Authorized Participants, may sell their units, in the stock exchange(s) on which these units are listed on all the trading days of the stock exchange. Mutual fund will repurchase units from Authorized Participants on any business day provided the units offered for repurchase is not less than the creation unit size and multiples thereafter.</p>
<b>Creation/Redemption of Units directly from the Fund</b>	<p>The eligible investors can directly buy/sell with the Fund in Creation Unit Size as follows:-</p> <p>The Fund creates/ redeems units of the Scheme in large blocks known as "Creation Unit". The value of the "Creation Unit" is the basket of the Underlying Index securities called as the "Portfolio Deposit" and a "Cash Component" which will be exchanged for a fixed number of units of the Scheme. The Portfolio Deposit and the Cash Component, which defines the Creation Unit are defined separately. The Portfolio Deposit and Cash Component may change from time to time and</p>

	<p>will be announced by AMC/Fund through its website and other data providers.</p> <p>Note: Units of the Scheme if less than Creation Unit cannot be purchased/ redeemed directly with the Fund except for certain circumstances as listed in this document. In case of redemptions by NRIs, requisite TDS will be deducted from the respective redemption proceeds.</p> <p>All direct transactions in units of the Scheme by MMs or other eligible investors with the AMC/the Fund shall be at intra-day NAV based on the actual execution price of the underlying portfolio.</p> <p>Any order placed for redemption or subscription directly with the AMC by investor must be of greater than INR 25 Cr. The aforesaid threshold shall not be applicable for MMs and shall be periodically reviewed.</p>
<b>Procedure for Purchasing in Creation Unit Size</b>	<p><u>Creation of Units</u></p> <p>The requisite securities constituting the Portfolio Deposit have to be transferred to the DP account of the respective Scheme on the day of receipt of the application, while the Cash Component, as applicable on that business day; has to be paid to the Fund. On confirmation of the receipt of Portfolio Deposit/ equivalent amount of cash by the Custodian/ AMC, the AMC will credit the equivalent number of units of the Scheme into the investor's DP account.</p> <p>In case of cash subscription of units of the Schemes in 'Creation Unit' Size, the purchase request for creation of units shall be made by such investor to the Fund/AMC where upon the Fund/AMC will arrange to buy the underlying portfolio of securities on behalf of the investor. In case of shares bought by the AMC on behalf of the investor, entire proceeds of portfolio deposit and other cost and charges related to the purchase of basket of underlying securities for servicing the subscription transaction would be borne by the investor.</p> <p>The Portfolio Deposit and Cash Component for units of the Scheme may change from time to time due to changes in the Underlying Index on account of corporate actions and changes to the index constituents.</p> <p>The creation request can be made to the AMC/ Fund in a duly filled application form. Application Forms for Creation of units can be obtained from any of the</p>

	Official Points of Acceptance as notified by the AMC. For details, refer back cover of the SID.
<b>Procedure for Redeeming in Creation Unit Size</b>	<p><u>Redemption of Units:</u></p> <p>The requisite number of units of the Scheme equivalent to the Creation Unit lot size has to be transferred to the DP account of the respective Scheme, while the Cash Component, as applicable on that business day to be paid to the Scheme. On confirmation of the receipt of unit of the Schemes by the Custodian/ AMC, the AMC shall extinguish the units and credit the Portfolio Deposit to the investor's DP account and pay the Cash Component, as applicable.</p> <p>The Fund may allow cash redemption of the units of the Scheme in Creation Unit Size. Redemption request shall be made by such investor to the Fund before the stipulated cut-off time whereupon the Fund shall arrange to sell the underlying portfolio of securities on behalf of the investor. In case of shares sold by the AMC on behalf of the investor, entire proceeds of portfolio deposit and other cost and charges related to the sale of basket of underlying securities for servicing the redemption transaction would be borne by the investor. Payment will then be made to the Investor net of all the above mentioned charges.</p> <p>The Portfolio Deposit and Cash Component for the units of the Scheme may change from time to time due to changes in the Underlying Index on account of corporate actions and changes to the index constituents.</p> <p>Any order placed by investor for redemption or subscription directly with the AMC must be of greater than INR 25 Cr. The aforesaid threshold shall not be applicable for MMs and shall be periodically reviewed.</p> <p>Investors can directly approach the AMC for redemption of units of the Scheme, for transaction upto INR 25 Cr. without any exit load, in case of the following scenarios:</p> <ul style="list-style-type: none"> <li>i. Traded price (closing price) of the Scheme units is at discount of more than 1% to the day end NAV for 7 continuous trading days, or</li> <li>ii. No quotes for the Scheme are available on stock exchange(s) for 3 consecutive trading days, or</li> <li>iii. Total bid size on the exchange is less than half of creation units size daily, averaged over a period of 7 consecutive trading days.</li> </ul>

	<p>In case of the above scenarios, applications received from investors for redemption up to 3.00 p.m. on any trading day, shall be processed by the AMC at the closing NAV of the day.</p>
<b>IDCW Policy</b>	<p>Unit holders to note that the Trustee may declare IDCW from time to time in accordance with the IDCW Policy set out below.</p> <p>IDCW Policy: The Trustee may declare IDCW to the Unit holders under the Scheme subject to the availability of distributable surplus and the actual distribution of IDCW and the frequency of distribution will be entirely at the discretion of the Trustee. Such IDCW will be payable to the Unit holders whose names appear on the register of Unit holders on the record date as fixed for the respective Schemes. The IDCW declared will be paid net of tax deducted at source, wherever applicable, to the Unit holders within 7 working days from the record date in accordance with SEBI circular dated November 25, 2022 in regards to “Timelines for Transfer of Dividend and Redemption proceeds to unitholders. There is no assurance or guarantee to the Unit holders as to the rate of IDCW distribution nor that will the IDCW be paid regularly. If the Fund declares IDCW, the NAV of the respective Schemes will stand reduced by the amount of IDCW and Dividend distribution tax (if applicable) paid. All the IDCW payments shall be in accordance and compliance with SEBI Regulations, as applicable from time to time.</p>
<b>Dematerialization</b>	<ol style="list-style-type: none"> <li>1. Units of the Scheme will be available only in the Dematerialized form.</li> <li>2. The applicant under the Scheme will be required to have a beneficiary account with a Depository Participant of NSDL/CDSL and will be required to indicate in the application the DP's name, DP ID Number and its beneficiary account number with DP.</li> <li>3. The units of the Scheme are to be held, issued/repurchased and traded compulsorily in dematerialized form.</li> <li>4. Application forms without relevant depository details or inactive status of their depository account are liable to be rejected.</li> </ol>
<b>Stamp Duty</b>	<p>Pursuant to Notification No. S.O. 1226(E) and G.S.R. 226(E) dated March 30, 2020 issued by Department of Revenue, Ministry of Finance, Government of India, read with Part I of Chapter IV of Notification dated February 21, 2019 issued by Legislative Department, Ministry of Law and Justice, Government of India on the</p>

	Finance Act, 2019, a stamp duty @ 0.005% of the transaction value would be levied on applicable mutual fund transactions, with effect from July 1, 2020. Accordingly, pursuant to levy of stamp duty, the number of units allotted on purchase transactions (including IDCW reinvestment) to the unitholders would be reduced to that extent. For more details, refer SAI.
<b>Transactions without Scheme Name</b>	<p>In case of fresh/additional purchases, if the name of a particular Scheme on the application form/transaction slip differs from the name on the Cheque/Demand Draft, then ICICI Prudential Asset Management Company Limited (the AMC) will process the application and allot units at the applicable Net Asset Value, under the Scheme which is mentioned on the application form/transaction slip duly signed by the investor(s). The AMC reserves the right to call for other additional documents as may be required, for processing such transactions. The AMC also reserves the right to reject such transactions.</p> <p>The AMC thereafter shall not be responsible for any loss suffered by the investor due to the discrepancy of a Scheme name mentioned in the application form/transaction slip and Cheque/Demand Draft.</p>
<b>Transaction Charges</b>	<p>Pursuant to SEBI Circular No. Cir/ IMD/ DF/13/ 2011 dated August 22, 2011 the transaction charge per subscription of Rs.10,000/- and above may be charged in the following manner:</p> <p>i. The existing investors may be charged Rs. 100/- as transaction charge per subscription of Rs.10,000/- and above;</p> <p>ii. A first time investor may be charged Rs.150/- as transaction charge per subscription of Rs.10,000/- and above.</p> <p>There shall be no transaction charge on subscription below Rs. 10,000/- and on transactions other than purchases/ subscriptions relating to new inflows.</p> <p>However, the option to charge “transaction charges” is at the discretion of the distributors. Investors may note that distributors can opt to receive transaction charges based on ‘type of the Scheme’. Accordingly, the transaction charges would be deducted from the subscription amounts, as applicable.</p> <p>The aforesaid transaction charge shall be deducted by the Asset Management Company from the</p>

	<p>subscription amount and paid to the distributor, as the case may be and the balance amount shall be invested subject to deduction of Goods and Services Tax.</p> <p>Transaction Charges shall not be deducted if:</p> <ul style="list-style-type: none"> <li>• Purchase/Subscription made directly with the fund through any mode (i.e. not through any distributor/agent).</li> <li>• Purchase/ subscription made in demat mode through stock Exchanges, irrespective of investment amount.</li> </ul> <p>CAS/ Statement of account shall state the net investment (i.e. gross subscription less transaction charge) and the number of units allotted against the net investment.</p>
<b>Transfer</b>	<p>Transfer of units is permissible as per following provisions:</p> <ol style="list-style-type: none"> <li>1. Units of the Scheme are transferable.</li> <li>2. Transfer would be only in favor of transferees who are capable of holding units. The Fund shall not be bound to recognize any other transfer.</li> <li>3. The Fund will affect transfer only in electronic form provided the intended transferee is otherwise eligible to hold the units under the Scheme.</li> <li>4. The delivery instructions for transfer of units will have to be lodged with the DP in the requisite form as may be required from time to time and transfer will be effected in accordance with such rules/regulations as may be in force governing transfer of securities in dematerialized mode.</li> </ol>
<b>Pledge of Units for loans</b>	<p>The Units can be pledged by the Unitholders as security for raising loans subject to the conditions of the lending institution and the terms and conditions laid down by the Depositories. The Registrar will take note of such pledge / charge in its records on intimation.</p>
<b>Bank Account Details</b>	<p>As per the directives issued by SEBI, it is mandatory for applicants to mention their bank account numbers in their applications for purchase or redemption of Units. If the Unit-holder fails to provide the Bank mandate, the request for redemption would be considered as not valid and the Scheme retains the right to withhold the redemption until a proper bank mandate is furnished by the Unit-holder and the provision with respect of penal interest in such cases will not be applicable/ entertained.</p> <p><u>Bank Mandate Requirement</u></p> <p>For all fresh purchase transactions made by means of a cheque, if cheque provided alongwith fresh</p>

#### **D. COMPUTATION OF NAV:**

The NAV of the Units of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation date. The Fund shall value its investments according to the valuation norms, as specified in Schedule VIII of the Regulations, or such norms as may be prescribed by SEBI from time to time and as stipulated in the Valuation Policy and Procedures of the Fund, provided in SAI.

The NAV of the Scheme shall be rounded off upto four decimals.

NAV of units under the Scheme shall be calculated as shown below:

$$\text{NAV (Rs.)} = \frac{\text{Market or Fair Value of Scheme's investments + Current Assets} - \text{Current Liabilities and Provision}}{\text{No. of Units outstanding under Scheme}}$$

#### **Illustration on computation of NAV:**

If the net assets of the Scheme are Rs.10,45,34,345.34 and units outstanding are 10,000,000, then the NAV per unit will be computed as follows:

$$10,45,34,345.34 / 10,000,000 = \text{Rs. } 10.4534 \text{ p.u. (rounded off to four decimals)}$$

iNAV is the per unit NAV based on the current market value of its portfolio during the trading hours of the Scheme, will be disclosed on a continuous basis on the Stock Exchange(s), where the units of the Scheme are listed and traded and will be updated within a maximum time lag of 15 seconds from the market or any such other time as may have prescribed by SEBI from time to time

#The Scheme shall not incur any distribution expenses/ commission.

The purpose of the above table is to assist the investor in understanding the various costs and expenses that an investor in the Scheme will bear. The above expenses may increase/decrease as per actual and/or any change in the Regulations.

These estimates have been made in good faith as per information available to the Investment Manager based on past experience. Types of expenses charged shall be as per the SEBI (MF) Regulations.

The Scheme can charge expenses within overall maximum limits prescribed under SEBI (MF) Regulations, without any internal cap allocated to any of the expense heads specified in the above table.

As per the Regulations, the maximum recurring expenses that can be charged to the Scheme shall not exceed one percent (1.00%) of daily net assets.

Pursuant SEBI circulars no. CIR/IMD/DF/21/2012 dated September 13, 2012, SEBI/HO/IMD/DF2/CIR/P/2018/16 dated February 02, 2018, SEBI/HO/IMD/DF2/CIR/P/2018/137 dated October 22, 2018, SEBI (Mutual Funds) Second Amendment Regulations, 2012 and SEBI (Mutual Funds) (Fourth Amendment) Regulations 2018, following additional costs or expenses may be charged to the scheme, namely:

- (i) The AMC may charge service tax on investment and advisory fees to the scheme of the Fund in addition to the maximum limit of total expenses ratio as prescribed in Regulation 52 of the Regulations, whereas service tax on other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit as per regulation 52 of the Regulations.
- (ii) expenses not exceeding of 0.30 per cent of daily net assets, if the new inflows from retail investors from B30 cities as specified by the Securities and Exchange Board of India, from time to time are at least –
  - 30 per cent of the gross new inflows from retail investors from B30 cities into the scheme, or;
  - 15 per cent of the average assets under management (year to date) of the scheme,

whichever is higher;

Provided that if inflows from retail investors from B30 cities are less than the higher of the above, such expenses on daily net assets of the scheme shall be charged on proportionate basis;

Provided further that expenses charged under this clause shall be utilised for distribution expenses incurred for bringing inflows from retail investors from B30 cities;

Provided further that amount incurred as expense on account of inflows from retail investors from B30 cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.

B30 expenses shall be charged by the AMC subject to SEBI/AMFI clarifications received from time to time.

For the above purposes, 'B30 cities' shall be beyond Top 30 cities as at the end of the previous financial year as communicated by AMFI. Retail investors would mean individual investors from whom inflows into the Scheme would amount upto Rs. 2,00,000/- per transaction.

At least 1 basis point on daily net assets shall be annually set apart for investor education and awareness initiatives. The same shall be within limits specified under Regulation 52 of the SEBI (Mutual Funds) Regulation.

Any payment towards brokerage and transaction cost, over and above the said 12 bps and 5bps for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of Total Expense Ratio as prescribed under regulation 52 of the SEBI (Mutual Funds) Regulations, 1996. ## C. LOAD STRUCTURE

Load is an amount, which is paid by the investor to redeem the units from the scheme. This amount is used by the AMC to pay trail commissions to the distributor and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC ([www.icicipruamc.com](http://www.icicipruamc.com)) or may call your distributor.

### Entry Load: Not Applicable

In terms of SEBI circular no. SEBI/IMD/CIR No. 4/168230/09 dated June 30, 2009 has notified that, w.e.f. August 01, 2009, there will be no entry load charged to the schemes of the Fund.

### Exit Load: Nil

There will be no exit load for units sold through the secondary market on the BSE/NSE. Investors shall note that the brokerage on sales of the units of the scheme on the stock exchanges shall be borne by the investors.

The Authorised Participant(s)/Market Maker(s) can redeem units directly with the Fund/the AMC in creation unit size. Currently there is no exit load applicable for the said transactions.

However, during the process of creation/redemption there may be transaction costs and/or other incidental expenses (forming part of the Cash Component), which are liable to be borne by the investors/Authorized Participants.

Investors can directly approach the AMC for redemption of units of the Scheme, for transaction upto INR 25 Cr. without any exit load, in case of the following scenarios:

- i. Traded price (closing price) of the ETF units is at discount of more than 1% to the day end NAV for 7 continuous trading days, or
- ii. No quotes for such ETFs are available on stock exchange(s) for 3 consecutive trading days, or
- iii. Total bid size on the exchange is less than half of creation unit size daily, averaged over a period of 7 consecutive trading days.

Under these circumstances, investors, as specified above and can redeem units of the Scheme directly with the the Fund/the AMC without any exit load. The Fund/the AMC will track the aforesaid liquidity criteria and display it on its website viz., [www.icicipruamc.com](http://www.icicipruamc.com) if the same is triggered, no exit load would be applicable in such cases

Any imposition or enhancement in the load shall be applicable on prospective investments only. However, AMC shall not charge any load on issue of units allotted on reinvestment of IDCW for existing as well as prospective investors. Units issued on reinvestment of IDCW shall not be subject to entry and exit load.

The investor is requested to check the prevailing load structure of the Scheme before investing.

Subject to the Regulations, the Trustee reserves the right to modify/alter the load structure on the Units subscribed/redeemed on any Business Day. At the time of changing the load structure, the AMC / Mutual Fund may adopt the following procedure:

- i. The addendum detailing the changes will be attached to Scheme Information Documents and key information memorandum. The addendum will be circulated to all the distributors/brokers so that the same can be attached to all Scheme Information Documents and key information memoranda already in stock.
- ii. Arrangements will be made to display the addendum in the Scheme Information Document in the form of a notice in all the investor service centres and distributors/brokers office.
- iii. The introduction of the exit load along with the details will be stamped in the acknowledgement slip issued to the investors on submission of the application form and will also be disclosed in the statement of accounts issued after the introduction of such load.
- iv. A public notice shall be provided on the website of the AMC in respect of such changes.

#### **D. WAIVER OF LOAD FOR DIRECT APPLICATIONS**

Not applicable

#### **V. RIGHTS OF UNITHOLDERS**

Please refer to SAI for details.

#### **VI. PENALTIES, PENDING LITIGATION OR PROCEEDINGS, FINDINGS OF INSPECTIONS OR INVESTIGATIONS FOR WHICH ACTION MAY HAVE BEEN TAKEN OR IS IN THE PROCESS OF BEING TAKEN BY ANY REGULATORY AUTHORITY**

- 1) All disclosures regarding penalties and action(s) taken against foreign Sponsor(s) may be limited to the jurisdiction of the country where the principal activities (in terms of income / revenue) of the Sponsor(s) are carried out or where the headquarters of the Sponsor(s) is situated. Further, only top 10 monetary penalties during the last three years shall be disclosed. - Nil
- 2) In case of Indian Sponsor(s), details of all monetary penalties imposed and/ or action taken during the last three years or pending with any financial regulatory body or governmental authority, against Sponsor(s) and/ or the AMC and/ or the Board of Trustees /Trustee Company; for irregularities or for violations in the financial services sector, or for defaults with respect to shareholders or debenture holders and depositors, or for economic offences, or for violation of securities law. ##### Cases pertaining to ICICI Bank Ltd. (the Bank):

1. SEBI issued an Adjudication Order on September 12, 2019 imposing a penalty of rupees 5 lakh each under Section 15 HB of SEBI Act and Section 23E of SCRA on the Bank and rupees 2 lakhs under Section 15HB of SEBI act on the ex-compliance officer(eCO) on alleged delayed disclosure of an agreement relating to merger of ICICI Bank Limited with erstwhile Bank of Rajasthan. The eCO and the Bank had filed an appeal against SEBI's order with the Securities Appellate Tribunal ("SAT")

and SAT vide its orders has converted the monetary penalty imposed on the Bank and eCO to warning, respectively.

Subsequently, SEBI filed an appeal with the Supreme Court of India ("Supreme Court") against the aforementioned SAT orders. Separately, the Bank had also filed an appeal with the Supreme Court against SAT order. These matters were heard with Supreme Court. The Bank and eCO subsequently filed counter-affidavits before the Supreme Court. To bring closure to the matter, the eCO and the Bank filed the settlement application under SEBI (Settlement Proceedings) Regulations, 2018 with SEBI pursuant to which the eCO and the Bank has paid the settlement amount to SEBI. The Bank and the eCO filed the applications seeking for disposal of the civil appeal matters pending before the Supreme Court which were heard on January 4, 2022 and Supreme Court vide its order dated January 4, 2022 disposed off all the appeals in view of the settlement between the parties. Further, SEBI vide their email dated May 12, 2022 has communicated that in view of the Order of the Hon'ble Supreme Court, the matter stands settled in respect of the appeals as mentioned in the said order.

2. The Bank & its ex-Managing Director & CEO had received a Show Cause Notice (SCN) from SEBI on May 24, 2018 under Rule 4(1) of SCR (Procedure for Holding Inquiry and imposing penalties by Adjudicating Officer) Rules 2005 requiring responses on matters relating to alleged non-compliance with certain provisions of the erstwhile Listing Agreement and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. Thereafter, personal hearing was held at SEBI on the said notice on October 16, 2018 and supplements to the earlier notice was submitted on October 31, 2018, January 10, 2019, February 1, 2019, February 22, 2019, February 27, 2019 and December 9, 2019. On November 19, 2020, SEBI issued a modified SCN to the Bank in relation to the above wherein it included Clause 2 of Uniform Listing Agreement and Section 21 of SCRA in addition to the existing cited provisions. Post inspection of documents, the Bank has submitted its final response on the MSCN to SEBI on February 12, 2021. Further, Ex-MD and CEO filed an appeal with Securities Appellate Tribunal (SAT) against SEBI which was heard on June 10, 2022. SAT issued an order dated June 14, 2022 directing Ex-MD and CEO to file a fresh application with SEBI, indicating with clarity and precision of documents sought for inspection within two weeks from the date of order. Subsequently, SEBI vide letter dated August 18, 2022 sought documents/materials from the Bank with reference to adjudication proceedings which was submitted to SEBI on September 1, 2022. Subsequently, SEBI vide email dated November 10, 2022 and December 27, 2022 had sought certain documents which were submitted to SEBI.
3. SEBI issued a Show Cause Notice dated January 30, 2020 received by us on February 11, 2020 wherein they have alleged that the Bank has failed to provide appropriate protection against victimisation of the complainant and thus violated the provisions of Regulation 22(2) of the SEBI LODR Regulations, 2015. The Bank submitted its reply to the SCN on March 23, 2020. To bring closure to the matter, on July 17, 2020, the Bank has submitted a settlement application with SEBI under Securities and Exchange Board of India (Settlement Proceedings) Regulations, 2018. SEBI issued a Settlement Order dated January 29, 2021 mentioning that the adjudication proceedings in the said matter is disposed of in terms of section 15JB

of the SEBI Act, 1992 read with regulation 23(1) of Settlement Regulations on the basis of the settlement terms.

4. The Bank in its capacity as Designated Depository Participant (“DDP”) has received a show-cause notice (SCN) dated December 28, 2020 from SEBI (received on December 31, 2020), for alleged violation of SEBI (Foreign Portfolio Investors) Regulations, 2019/2014 and other related Guidelines. SEBI vide the SCN has alleged that the Bank (as DDP) did not report to SEBI the delay in intimation of change in grouping information of two FPIs where the delay was beyond six months and the Bank did not enquire from the FPIs as to since when the two FPIs had common control. On May 15, 2021 the Bank had submitted its detailed response to the SCN to SEBI. Pursuant to the submission of response, on May 17, 2021 personal hearing was held and on May 21, 2021 additional submission was made by the Bank to SEBI. After considering the detailed/additional submissions made by the Bank, SEBI issued an Adjudication Order on June 29, 2021 wherein SEBI had dropped the charges against the Bank.
5. The Financial Intelligence Unit – India (FIU-IND) vide its order dated July 30, 2021 issued a warning under Section 13 of PMLA, 2002 for non-compliance with provisions of Section 12. The said warning was issued for failing to have an effective internal mechanism to detect and report complete information in respect of Cross Border Wire Transfer Reports. The FIU-IND in its order has also mentioned that resubmission of the entire cross border wire transfer data by the Bank according to the guidelines is a mitigating factor in favour of the Bank.
6. The Directorate of Enforcement (DOE) had issued six Show-Cause Notices(SCN’s) against ICICI Bank and certain other entities and persons alleging certain violations under Foreign Exchange Management Act, 1999 mainly pertaining to the sale of foreign exchange travel cards to travellers.

In four of these matters, the Enforcement Directorate has imposed penalties as under:

- i. Rs. 0.8 million on ICICI Bank Ltd and similar amount on one of its employee vide order dated March 24, 2020. The Bank has filed an appeal against the order with Appellate Tribunal for Foreign Exchange, New Delhi.
- ii. Rs. 0.05 million on ICICI Bank Ltd and similar amount on one of its employee vide order dated March 16, 2020. The Bank has filed an appeal against the order with Appellate Tribunal for Foreign Exchange, New Delhi for ICICI Bank and its employee
- iii. Rs. 2.2 million on ICICI Bank Ltd and Rs. 0.22 million on one of its employee vide order dated October 29, 2020. The Bank has filed an appeal against the said order on behalf of itself as well as the employee.
- iv. Rs. 0.6 million on ICICI Bank Ltd and Rs. 0.15 million on one of its employee vide order dated March 25, 2021. The Bank has filed an appeal against the said order on behalf of the Bank and its employee on June 29, 2021.

For remaining two SCNs, charges against ICICI Bank and its employee has been dropped.

7. Additionally, appeals have been filed by Indusind Bank and DoE, Chennai wherein, ICICI Bank Ltd. and its employee are named as pro-forma parties to the appeal. There is no prayer sought against ICICI Bank or its employee. The Bank received a show cause notice dated November 21, 2022 from RBI under Sections 35, 35A, 46 and 47A of Banking Regulation Act 1949, relating to non-compliance with RBI Know Your Customer (KYC) Directions, 2016, for one account, based on a high value fraud reported by Indian Bank. The Bank had submitted its responses to RBI and subsequently RBI has informed that the charges against the Bank have been dropped and hence the matter stands closed.

On October 03, 2022, ICICI Bank Limited's New York Federal Branch ("NY Branch") entered into a "Consent Order" with its federal banking supervisor, the Office of the Comptroller of the Currency ("OCC"), which requires the NY Branch to enhance certain processes in its Bank Secrecy Act/Anti-Money Laundering ("BSA/AML") program and establish and maintain an effective Sanctions Compliance program. The Consent Order does not involve any monetary penalty and the Consent Order will not have a material adverse effect on its business, nor does the Consent Order restrict any of the NY Branch's existing activities, apart from requiring the corrective actions as specified under the Consent Order. The NY Branch is committed to taking all necessary and appropriate steps to address the aspects identified and implement the corrective actions required by the OCC.

8. Reserve Bank of India (RBI) in December 2020 issued a Show Cause Notice (SCN) for continued operations in InstaSave Salary accounts despite aggregate balances exceeding permissible limits. Subsequently, in May 2021 RBI has cautioned the Bank to be careful in future in the matter.
9. The Bank had received a Show Cause Notice from Insurance Regulatory and Development Authority of India (IRDAI) on May 9, 2019 for receipt of payment in relation to administration support expenses from ICICI Life during FY2016 in violation of Insurance laws. The Bank responded through letter dated May 17, 2019 stating that the payment was in line with applicable laws, properly disclosed in financial statements and was stopped w.e.f. April 1, 2017, i.e. post promulgation of new commission regulations. The Bank officials represented the Bank's point of view during the personal hearing with IRDAI on January 29, 2020 and Revert from IRDAI is awaited.
10. The Bank has on May 20, 2020 received a Show Cause Notice from IRDAI subsequent to its onsite inspection between June 4 - 8, 2018 with regard to Corporate Agent activities performed by the Bank. The Bank has submitted its response on June 29, 2020. The Bank officials represented the Bank's point of view during the personal hearing with IRDAI on May 13, 2022. On July 27, 2022, IRDAI has issued final order comprises of advisories and & direction and no penalty was imposed. Through letter dated August 18, 2022, Bank has submitted the manner of compliance to IRDAI.
11. The RBI has, by an order dated May 03, 2021, imposed a monetary penalty of ₹ 3 Crores on the Bank. This penalty has been imposed under the provisions of section 47 A (1) (c) read with sections 46 (4) (i) of the Banking Regulation Act, 1949 for shifting certain investments from Hold till Maturity (HTM) category to Available for Sale (AFS) category in May 2017. The Bank had transferred two separate

categories of securities on two different dates from HTM to AFS in April and May of 2017, which it believed was permissible as per Master Circular on Prudential Norms for Classification, Valuation and Operation of Investment Portfolio by Banks' dated July 01, 2015. RBI has held that the shifting of securities the second time in May 2017 without explicit permission was in contravention of RBI directions.

12. The Reserve Bank of India (RBI) has by an order dated December 13, 2021 (received by the ICICI Bank on December 15, 2021) imposed a monetary penalty of ₹ 30 Lakhs on the ICICI Bank (Bank) under the provisions of Section 46(4) (i) read with Section 47A (1) of Banking Regulation Act 1949 for non-compliance with certain directions issued by RBI on 'Levy of Penal charges on non-maintenance of minimum balance in savings bank accounts' dated November 20, 2014. The Bank was levying charge of ₹ 100/- plus a percentage of shortfall between the minimum average balance (MAB) required to be maintained and actual balance maintained in the saving account as agreed upon at the time of account opening. RBI has held that levy of charges for non-maintenance of MAB were not directly proportionate to the extent of the shortfall observed in the required MAB and actual balance maintained. The Bank has taken steps to align the charge levied for non-maintenance of MAB with the above direction of RBI.
13. The Bank received a show cause notice dated February 17, 2023 from RBI under Sections 35, 35A, 46 and 47A of the Banking Regulation Act, 1949 relating to non-compliance with the statutory provisions and the Reserve Bank directions, which were observed during statutory inspections for the financial position as on March 31, 2020 and March 31, 2021.

- 3) Details of all enforcement actions taken by SEBI in the last three years and/ or pending with SEBI for the violation of SEBI Act, 1992 and Rules and Regulations framed there under including debarment and/ or suspension and/ or cancellation and/ or imposition of monetary penalty/adjudication/enquiry proceedings, if any, to which the Sponsor(s) and/ or the AMC and/ or the Board of Trustees /Trustee Company and/ or any of the directors and/ or key personnel (especially the fund managers) of the AMC and Trustee Company were/ are a party. The details of the violation shall also be disclosed.

Further, details as specified in para 2.1 and 2.2 above shall also form part of disclosure under this para.

- 4) Any pending material civil or criminal litigation incidental to the business of the Mutual Fund to which the Sponsor(s) and/ or the AMC and/ or the Board of Trustees /Trustee Company and/ or any of the directors and/ or key personnel are a party should also be disclosed separately.
1. As per the SEBI (Mutual Funds) Regulations, 1996, mutual fund schemes are permitted to invest in securitised debt. Accordingly, few schemes of ICICI Prudential Mutual Fund ("the Fund") had made investment in Pass Through Certificates (PTCs) of certain special purpose vehicles / securitisation trusts ("the Trusts"). The returns filed by few of these securitisation Trusts whose PTCs were held by the Fund were taken up for scrutiny by the Income Tax Authorities for Assessment Years 2007-08, 2008-09, 2009-10 and 2010-11. Arising out of this, the Income Tax Authorities had raised a demand on such Trusts. On failure to recover the same from the Trusts, Income Tax

Authorities sent demand notices to the Fund along with other Mutual Funds as beneficiaries / contributors to such Trusts. The Fund in consultation with its tax & legal advisors has contested the applicability of such demand and got the attachment order vacated by Hon'ble High Court of Bombay. The Trusts on their part had contested the matter and the Income Tax Appellate Tribunal upheld their appeal and dismissed the contentions and all the cross-appeals filed by the Tax Authorities. The Tax Authorities have now filed an appeal with Hon'ble High Court on the matter.

- 5) Any deficiency in the systems and operations of the Sponsor(s) and/ or the AMC and/ or the Board of Trustees/Trustee Company which SEBI has specifically advised to be disclosed in the SID, or which has been notified by any other regulatory agency, shall be disclosed.
