Highlights/ Summary of the Scheme

Scheme Name	Parag Parikh Flexi Cap Fund
Type of Scheme	An open-ended dynamic equity scheme investing across large cap, mid cap, small cap stocks.
Investment Objective	The investment objective of the Scheme is to seek to generate long-term capital growth from an actively managed portfolio primarily of equity and Equity Related Securities. Scheme shall be investing in Indian equities, foreign equities and related instruments and debt securities. Buying securities at a discount to intrinsic value will help to create value for investors. Our investment philosophy is to invest in such value stocks. Long Term refers to an investment horizon of 5 years and more. In this Scheme Information Document (SID) it is mentioned that the Scheme is not suitable for investment horizon of less than 5 years. The Scheme will evaluate different companies based on their long term prospects (5 years and more) rather than just looking at next quarter or a few quarter's earnings. Since the objective of the Scheme is to hold the investments in the companies where the Scheme has invested for the long term, it is essential that the investors in the Scheme have a similar outlook. It is expected that the core equity portfolio of the Scheme will have low churn (portfolio turnover). However the actual churn (portfolio turnover) could be higher depending on circumstances prevailing at respective times.
Liquidity	Liquidity will be available through sale and repurchase of units on an ongoing basis. The Scheme being offered is open-ended scheme and will offer Units for Sale, switch-in and Redemption switch out, on every Business Day at NAV based prices. As per SEBI (MF) Regulations, the Mutual Fund shall dispatch redemption proceeds within 10 Business Days of receiving the Redemption request. A penal interest of 15% p.a. or such other rate as may be prescribed by SEBI from time to time, will be paid in case the payment of redemption proceeds is not made within 10 Business Days from the date of redemption. However under normal circumstances, the Mutual Fund would endeavour to pay the redemption proceeds within 4 Business Days (as applicable) from acceptance of the duly completed Redemption request. Please refer to section 'Redemption' for more details.
Benchmark	Nifty 500 (TRI)

Transparency/ NAV disclosure	The AMC will calculate and disclose the NAV of the Scheme at the close of every Business Day and release to the Press, News Agencies and the Association of Mutual Funds of India (AMFI) except in special circumstances described in 'Suspension of Sale / Redemption / Switching of the Units' under section 'Restrictions', if any, on the right to freely retain or dispose of units being offered'. NAV will also be displayed on the website of the Mutual Fund. In addition, the ISCs would also display the NAV. The AMC shall update the NAVs on the website of the Mutual Fund (http://amc.ppfas.com) and on the website of Association of Mutual Funds in India - AMFI (www.amfiindia.com) by 11.00 p.m. on every Business Day. In addition, the ISCs would also display the NAV. In case of any delay, the reasons for such delay would be explained to AMFI in writing. If the NAVs are not available before commencement of Business Hours on the following day due to any reason, the Mutual Fund shall issue a press release giving reasons and explaining when the Mutual Fund would be able to publish the NAVs.
Portfolio Disclosure/ Annual Accounts of the Scheme	The AMC will disclose the portfolio of the Scheme (along with ISIN) as on the last day of the each month/ half year on its website i.e www.amc.ppfas.com and on the website of AMFI viz. www.amfiindia.com on or before 10th day of the succeeding month/ half year respectively in a user friendly and downloadable format. In case of Unitholders whose e-mail addresses are registered, the AMC shall send via email both the monthly and half-yearly statement of the Scheme portfolio within 10 days from the close of each month/ half-year respectively. Further, the AMC shall publish an advertisement in all India editions of at least two daily newspapers, one each in English and Hindi, every half year disclosing the hosting of the half-yearly statement of the schemes' portfolio(s) on the AMC's website and on the website of AMFI. The AMC shall provide a physical copy of the statement of the Scheme portfolio, without charging any cost, on specific request received from a Unitholder. The scheme wise annual report shall be hosted on the website of the AMC / Mutual Fund (www.amc.ppfas.com) and AMFI (www.amfiindia.com) not later than four months (or such other period as may be specified by SEBI from time to time) from the date of closure of the relevant accounting year (i.e. 31st March each year). Further, the physical copy of the scheme wise annual report shall be made available to the Unitholders at the registered / corporate office of the AMC at all times. In case of Unitholders whose e-mail addresses are registered with the Fund, the AMC shall e-mail the annual report or an abridged summary thereof to such Unitholders. The Unitholders whose email addresses are not registered with the Fund may submit a request to the AMC / Registrar & Transfer Agent to update their email ids or communicate their preference to continue receiving a physical copy of the scheme wise annual report or an abridged summary thereof. Unitholders may also request for a physical or electronic copy of the annual report / abridged summary, by writing to the AMC at mf@ppfas.com from their registered email ids or calling the AMC on the toll free number 1800 266 7790 or by submitting a written request at any of the nearest investor service centers of the Fund.

	Further, the AMC shall publish an advertisement in all India edition of at least two daily newspapers, one each in English and Hindi, every year disclosing the hosting of the scheme wise annual report on its website and on the website of AMFI. The AMC shall provide a physical copy of the abridged summary of the annual report, without charging any cost, on specific request received from a Unitholder. Half Yearly Financial Results The Fund shall provide half yearly disclosures of the Scheme's unaudited financial results in the prescribed format on its website http://amc.ppfas.com within one month from the close of each half year i.e. on 31st March and on 30th September and shall publish an advertisement in this regard in at least one English daily newspaper having nationwide circulation and in a newspaper having wide circulation published in the language of the region where the Head Office of the Fund is situated.
Load (for lumpsum purchases and investments through SIP)	Entry Load: Not Applicable. Upfront commission shall be paid directly by the investor to the ARN Holder (AMFI registered Distributor) based on the investors' assessment of various factors including the service rendered by the ARN Holder. Exit Load: For further details on load structure refer to the section 'Load Structure'.
Minimum Application Amount	New Purchase: Rs. 1,000 and in multiple of Re. 1 thereafter. Additional Purchase: Rs. 1,000 and in multiple of Re. 1 thereafter. In case of monthly SIP , Rs. 1,000 and in multiple of Re. 1 thereafter. In case of quarterly SIP Rs. 3,000 and in multiple of Re. 1 thereafter.
Dematerialisation of units	The Unit holders would have an option to hold the Units in electronic (dematerialized) form or account statement/ physical (non-demat) form. Units held in Demat Form are freely transferable. The Applicant intending to hold Units in dematerialized form will be required to have a beneficiary account with a Depository Participant (DP) of the NSDL/CDSL and will be required to mention in the application form DP's Name, DP ID No. and Beneficiary Account No. with the DP at the time of purchasing Units. Unit-holders are requested to note that request for conversion of units held in Account Statement (non-demat) form into Demat (electronic) form should be submitted to their Depository Participants.

Transfer of Units	Units held by way of an Account Statement can be transferred. Units held in non demat form / by way of an Account Statement can be transferred. For units held in non - demat form, unit holders intending to transfer units will have to get the units Certified by submitting designated form. On receipt of the said request, RTA will mark the underlying units as Certified Units and will issue a Certified SOA for those units. The AMC / RTA, on production of Designated Transfer Form together with relevant Certified SOA and requisite documents, register the transfer and provide the Certified SOA to the transferee within 10 business days from the date of such production. Investors may note that stamp duty and other statutory levies, if any, as applicable from time to time shall be borne by the transferee. If a person becomes a holder of the Units consequent to operation of law, or upon enforcement of a pledge, the Fund will, subject to production of satisfactory evidence, effect the transfer, if the transferee is otherwise eligible to hold the Units. Similarly, in cases of transfers taking place consequent to death, insolvency etc., the transferee's name will be recorded by the Fund subject to production of satisfactory evidence. Units held in Demat form are transferable in accordance with the provisions of SEBI (Depositories and Participants) Regulations, as may be amended from time to time. Transfer can be made only in favor of transferees who are eligible of holding units and having a Demat Account. The delivery instructions for transfer of units will have to be lodged with the DP in requisite form as may be required from time to time and transfer will be effected in accordance with such rules / regulations as may be in force governing transfer of securities in dematerialized mode.
--------------------------	---

Transaction Charges	In accordance with SEBI circular No. Cir/ IMD/ DF/13/ 2011 dated August 22, 2011, PPFAS Asset Management Private Limited ("the AMC")/Mutual Fund shall deduct the Transaction Charges on purchase / subscription received from the investors investing through a valid ARN Holder i.e. AMFI registered Distributor (provided the distributor has opted to receive the Transaction Charges) as under (distributors' decision to opt in or opt out of levying transaction charges is applicable at plan/option/product level): (i) First Time Mutual Fund Investor (across Mutual Funds): Transaction Charge of Rs. 150/- per purchase / subscription of Rs. 10,000/- and above will be deducted from the purchase / subscription amount for payment to the distributor of such investor and the balance shall be invested. I. Introduction

A. Risk Factors:

Standard Risk Factors:

- Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price / value / interest rates of the securities in which the Scheme invests fluctuates, the value of your investment in the Scheme may go up or down depending on the various factors and forces affecting the capital markets and money markets as with any investment in stocks, shares and securities.
- The present Scheme is the first scheme being launched under this management.
- Past performance of the Sponsors and their associates / AMC / Mutual Fund does not guarantee future performance of the Scheme of the Mutual Fund.
- Parag Parikh Flexi Cap Fund is only the name of the Scheme and the name of the Scheme does not in any manner indicate either the quality of the Scheme or its future prospects and returns.
- The Sponsor is not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of Rs. 1 lakh made by them towards setting up the Fund.
- The present Scheme is not a guaranteed or assured return scheme.

Scheme Specific Risk Factors

Some of the specific risk factors related to the Scheme include, but are not limited to the following:

(i) Risk factors associated with investing in equities and equity related instruments

- The value of Scheme's investments may be affected by factors affecting the Securities markets and price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in law/policies if the Government, taxation laws and political, economic or other developments which may have an adverse bearing on individual securities, a specific sector or all sectors. Consequently, the NAV of the units of the Scheme may be affected.
- Equity and equity related instruments/ securities are volatile and prone to price fluctuations on a daily basis. Investments in equity shares and equity related instruments involve a degree of risk and investors should not invest in the Scheme(s) unless they can afford to take the risks.
- The liquidity of investments made in the Scheme may be restricted by trading volumes and settlement periods. Settlement periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make purchases due to settlement problems could cause the Scheme to miss certain investment opportunities. Similarly, the inability to sell securities held in the Scheme's portfolio may result, at times, in potential losses to the Scheme, should there be a subsequent decline in the value of securities held in the Scheme's portfolio.
- Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to securities that are listed on the exchanges. Investment in such securities may lead to increase in the scheme portfolio risk. The liquidity and valuation of the Scheme's investments due to the holdings of unlisted securities may be affected if they have to be sold prior to the target date of disinvestment.

- While securities that are listed on the stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges and may lead to the Scheme incurring losses till the security is finally sold.
- The Liquidity of the scheme is inherently restricted by trading volumes in securities in which it invests.
- Investment strategy to be adopted by the Scheme may carry the risk of significant variance between the portfolio allocation of the Scheme and the Benchmark particularly over a short to medium term period.
- Mid Cap and Small Cap Companies are generally less liquid in terms of trading volumes on stock exchanges. Risk to the scheme may increase in proportion to the investment made in Mid Cap and Small Cap Companies.

(ii) Risk factors associated with investing in Fixed Income Securities and Money Market Instruments

Price-Risk or Interest-Rate Risk : The Net Asset Value (NAV) of the Scheme, to the extent invested in Debt and Money Market securities, will be affected by changes in the general level of interest rates. The NAV of the Scheme is expected to increase from a fall in interest rates while it would be adversely affected by an increase in the level of interest rates. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates

The changes in the prevailing rates of interest will likely affect the value of the Scheme's holdings until the next reset date and thus the value of the Schemes' Units will be affected. The value of securities held by the Scheme generally will vary inversely with changes in prevailing interest rates. The fund could be exposed to the interest rate risk (i) to the extent of time gap in resetting of the benchmark rates, and (ii) to the extent the benchmark index fails to capture the interest rate movement.

Money market securities, while fairly liquid, lack a well developed secondary market, which may restrict the selling ability of the Scheme and may lead to the Scheme incurring losses till the security is finally sold.

Credit Risk: Investment in Debt Securities is subject to the risk of an issuer's inability to meet interest and principal payments obligations. Investment is also subject to the risk of market perception of the creditworthiness of the issuer. i.e. even where no default occurs, the price of a security may go down because the credit rating of an issuer goes down.

Government securities where a fixed return is offered run price-risk like any other fixed income security. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates. The price-risk is not unique to Government Securities. It exists for all fixed income securities. However, Government Securities are unique in the sense that their credit risk generally remains zero. Therefore, their prices are influenced only by movement in interest rates in the financial system.

Prepayment Risks: In the event of prepayments, investors may be exposed to changes in tenor and yield.

Re-investment Risk: Investments in fixed income securities carry re-investment risk as interest rates prevailing on the coupon payment or maturity dates may differ from the original interest rates and proceeds may get invested at a lower rate

Spread Risk: In a floating rate security the coupon is expressed in terms of a spread or mark up over the benchmark rate. However depending upon the market conditions the spreads may move adversely or favorably leading to fluctuation in NAV.

Different types of fixed income securities in which the Scheme would invest as given in the SID carry different levels and types of risk. Accordingly, the Scheme risks may increase or decrease depending upon its investment pattern. e.g.

corporate bonds carry a higher level of risk than Government securities. Further even among corporate bonds, bonds, which are AAA rated, are comparatively less risky than bonds, which are AA rated.

The AMC may, considering the overall level of risk of the portfolio, invest in lower rated / unrated securities offering higher yields as well as zero coupon securities that offer attractive yields. This may increase the absolute level of risk of the portfolio.

As zero coupon securities do not provide periodic interest payments to the holder of the security, these securities are more sensitive to changes in interest rates. Therefore, the interest rate risk of zero coupon securities is higher. The AMC may choose to invest in zero coupon securities that offer attractive yields. This may increase the risk of the portfolio.

Investments in fixed income securities carry re-investment risk as interest rates prevailing on the coupon payment or maturity dates may differ from the original interest rates.

A borrower may prepay a receivable prior to its due date. This may result in a change in the yield and tenor for the Scheme.

Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to securities that are listed on the exchanges or offer other exit options to the investor, including a put option. The AMC may choose to invest in unlisted securities that offer attractive yields. This may increase the risk of the portfolio.

Scheme's performance may differ from the benchmark index to the extent of the investments held in the debt segment, as per the investment pattern indicated under normal circumstances.

Redemption risk: The Scheme at times may receive a large number of redemption requests, leading to an asset-liability mismatch and therefore, requiring the investment manager to make a distress sale of the securities leading to realignment of the portfolio and consequently resulting in investment in lower yield instruments.

To the extent the underlying Mutual Fund Scheme invests in Debt / Money Market Instruments, the Scheme shall be affected by the aforementioned risk factors. The Net Asset Value (NAV) of the units of the Scheme is likely to get effected on accounts of such risk factors. Any change in the investment policies or fundamental attributes of any underlying scheme is likely to affect the performance of the Scheme. Further, the liquidity of the Scheme's investments may be inherently restricted by the liquidity of the underlying schemes in which it has invested.

(iii) General Risk factors

Trading volumes, settlement periods and transfer procedures may restrict the liquidity of the investments made by the Scheme. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances leading to delays in receipt of proceeds from sale of securities. The NAV of the Units of the Scheme can go up or down because of various factors that affect the capital markets in general.

As the liquidity of the investments made by the Scheme could, at times, be restricted by trading volumes and settlement periods, the time taken by the Mutual Fund for redemption of Units may be significant in the event of an inordinately large number of redemption requests or restructuring of the Scheme. In view of the above, the Trustee has the right, in its sole discretion, to limit redemptions (including suspending redemptions) under certain circumstances, as described under **"Right to Limit Redemptions"** in Section 'Restrictions, if any, on the right to freely retain or dispose of units being offered'.

At times, due to the forces and factors affecting the capital market, the Scheme may not be able to invest in securities falling within its investment objective resulting in holding the monies collected by it in cash or cash equivalent or invest the same in other permissible securities / investments amounting to substantial reduction in the earning capability of the Scheme.

Performance of the Scheme may be affected by political, social, and economic developments, which may include changes in government policies, diplomatic conditions, and taxation policies.

(iv) Risk factors associated with investing in Foreign Securities

Subject to necessary approvals and within the investment objectives / asset allocation pattern of the Scheme may invest in overseas markets which carry risks related to fluctuations in the foreign exchange rates, the nature of the securities market of the country, repatriation of capital due to exchange controls and political circumstances. It is the AMC's belief that investment in foreign securities offers new investment and portfolio diversification opportunities into multimarket and multi-currency products. Such investment opportunities may be pursued by the AMC provided they are considered appropriate in terms of the overall investment objectives of the Scheme. Since the Scheme would invest only partially in foreign securities, there may not be readily available and widely accepted benchmarks to measure performance of the Scheme. However, such investments also entail additional risks not only limited to the following.

Currency Risk:

Moving from Indian Rupee (INR) to any other currency involves currency risk. To the extent that the assets of the Scheme will be invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets and income may be adversely affected by changes in the value of certain foreign currencies relative to the Indian Rupee.

Interest Rate Risk:

The pace and movement of interest rate cycles of various countries, though loosely co-related, can differ significantly. Investments in securities of countries other than India, the Scheme stand exposed to their interest rate cycles.

Credit Risk:

To manage risks associated with foreign currency and interest rate exposure, the Mutual Fund may use derivatives for efficient portfolio management including hedging in accordance with conditions as may be stipulated by SEBI / RBI from time to time.

Repatriation Risk:

The repatriation of capital to India may also be hampered by changes in regulations concerning exchange controls or political circumstances as well as the application to it of other restrictions on investment.

(v) Risk factors associated with investing in Derivatives.

The AMC, on behalf of the Scheme may use various derivative products, from time to time, in an attempt to protect the value of the portfolio and enhance Unit holders' interest. Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but of the derivative itself. Other risks include, the risk of mis-pricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and the decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counter party") to comply with the terms of the derivatives contract. The Scheme bears a risk that it may not be able to correctly forecast future market trends or the value of assets, indices or other financial or economic factors in establishing derivative positions for the Scheme.

Also, the market for derivative instruments is relatively nascent in India and does not have the volumes which may be seen in other developed markets, which may result in volatility to the values. Besides the price of the underlying asset, the volatility, tenor and interest rates affect the pricing of derivatives.

Trading in derivatives carry a high degree of risk although they are traded at a relatively small amount of margin which provides the possibility of great profit or loss in comparison with the principal investment amount. The Scheme may find it difficult or impossible to execute derivative transactions in certain circumstances.

Other risks in using derivatives include but are not limited to:

a. **Credit Risk** – this occurs when a counterparty defaults on a transaction before settlement and therefore, the Scheme are compelled to negotiate with another counter party, at the then prevailing (possibly unfavorable) market price, in order to maintain the validity of the hedge. For exchange traded derivatives, the risk is mitigated as the exchange provides a guaranteed settlement but one takes the performance risk on the exchange.

b. **Market Liquidity risk** - this occurs where the derivatives cannot be sold (unwound) at prices that reflect the underlying assets, rates and indices.

c. **Model Risk** – this is the risk of mis-pricing or improper valuation of derivatives.

d. **Basis Risk** – This risk arises when the instrument used as a hedge does not match the movement in the instrument/ underlying asset being hedged. The risks may be inter-related also; for e.g. interest rate movements can affect equity prices, which could influence specific issuer/industry assets.

(vi) Risk factors associated with investing in Securitised Debt

The Risks involved in Securitised Papers described below are the principal ones and does not represent that the risks set out hereunder is exhaustive.

Limited Liquidity & Price Risk

There is no assurance that a deep secondary market will develop for the Certificates. This could limit the ability of the investor to resell them.

Limited Recourse, Delinquency and Credit Risk

The Credit Enhancement stipulated represents a limited loss cover to the Investors. These Certificates represent an undivided beneficial interest in the underlying receivables and do not represent an obligation of either the Issuer or the Seller or the originator, or the parent or any affiliate of the Seller, Issuer and Originator. Delinquencies and credit losses may cause depletion of the amount available under the Credit Enhancement and thereby the Investor Payouts to the Certificate Holders may get affected if the amount available in the Credit Enhancement facility is not enough to cover the shortfall. On persistent default of a Obligor to repay his obligation, the Servicer may repossess and sell the Asset. However many factors may affect, delay or prevent the repossession of such Asset or the length of time required to realise the sale proceeds on such sales. In addition, the price at which such Asset may be sold may be lower than the amount due from that Obligor.

Risks due to possible prepayments and Charge Offs

In the event of prepayments, investors may be exposed to changes in tenor and yield. Also, any Charge Offs would result in the reduction in the tenor of the Pass Through Certificates (PTCs).

Bankruptcy of the Swap Bank

If the Swap Bank, becomes subject to bankruptcy proceedings then an Investor could experience losses or delays in the payments due under the Interest Rate Swap Agreement.

Risk of Co-mingling

With respect to the Certificates, the Servicer will deposit all payments received from the Obligor into the Collection Account. However, there could be a time gap between collection by a Servicer and depositing the same into the Collection account especially considering that some of the collections may be in the form of cash. In this interim period, collections from the Loan Agreements may not be segregated from other funds of originator. If originator in its capacity as Servicer fails to remit such funds due to Investors, the Investors may be exposed to a potential loss.

Notes:

- A. In case of securitised debt with underlying being a single loan, the investment limit applicable to the underlying borrower is considered.
- B. Other investment will be decided on a case to case basis. In case of asset backed pools (ABS), evaluation of the pool assets is done considering the following factors: (Refer the table above which illustrates the averages of parameters considered while selecting the pool)
 - Size of the loan
 - Average original maturity of the pool
 - Loan to Value Ratio
 - Average seasoning of the pool
 - Default rate distribution
 - Geographical Distribution
 - Credit enhancement facility
 - Liquid facility
 - Structure of the pool

(vii) Risk factors associated with Securities Lending

As with other modes of extensions of credit, there are risks inherent to securities lending, including the risk of failure of the other party, in this case the approved intermediary, to comply with the terms of the agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure can result in the possible loss of rights to the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary.

(viii) Risk factors associated with processing of transaction through Stock Exchange Mechanism

The trading mechanism introduced by the stock exchange(s) is configured to accept and process transactions for mutual fund units in both Physical and Demat Form. The allotment and/or redemption of Units through NSE and/or BSE or any other recognised stock exchange(s), on any Business Day will depend upon the modalities of processing viz. collection of application form, order processing/settlement, etc. upon which the Fund has no control. Moreover, transactions conducted through the stock exchange mechanism shall be governed by the operating guidelines and directives issued by respective recognized stock exchange(s).

(ix) Risk Factors Associated with Investments in REITs and InvITs:

- **Interest-Rate Risk:** REITs & InvITs carry interest-rate risk. Generally, when interest rates rise, prices of existing securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates.
- **Market Risk:** REITs and InvITs are volatile and prone to price fluctuations on a daily basis owing to market movements. Investors may note that AMC/Fund Manager's investment decisions may not always be profitable, as actual market movements may be at variance with the anticipated trends. The NAV of the Scheme is vulnerable to movements in the prices of securities invested by the scheme, due to various market related factors like changes in the general market conditions, factors and forces affecting capital market, level of interest rates, trading volumes, settlement periods and transfer procedures.
- **Risk of lower than expected distributions:** The distributions by the REIT or InvIT will be based on the net cash flows available for distribution. The amount of cash available for distribution principally depends upon the amount of cash that the REIT/INVIT receives as dividends or the interest and principal payments from portfolio assets. The cash flows generated by portfolio assets from operations may fluctuate based on, among other things:

-success and economic viability of tenants and off-takers

-economic cycles and risks inherent in the business which may negatively impact valuations, returns and profitability of portfolio assets

-debt service requirements and other liabilities of the portfolio assets and fluctuations in the working capital needs

ability of portfolio assets to borrow funds and access capital markets

-amount and timing of capital expenditures on portfolio assets

- **Liquidity Risk:** This refers to the ease with which REIT/InvIT units can be sold. There is no assurance that an active secondary market will develop or be maintained. Hence there would be time when trading in the units could be infrequent. The subsequent valuation of illiquid units may reflect a discount from the market price of comparable securities for which a liquid market exists.
- **Reinvestment Risk:** Investments in REITs & InvITs may carry reinvestment risk as there could be repatriation of funds by the Trusts in form of buyback of units or dividend pay-outs, etc. Consequently, the proceeds may get invested in assets providing lower returns. The above are some of the common risks associated with investments in REITs & InvITs. There can be no assurance that a Scheme's investment objectives will be achieved, or that there will be no loss of capital. Investment results may vary substantially on a monthly, quarterly or annual basis.
- **Price-Risk:** The valuation of the REIT/InvIT units may fluctuate based on economic conditions, fluctuations in markets (eg. real estate) in which the REIT/InvIT operates. As an indirect shareholder of portfolio assets, unit holders rights are subordinated to the rights of creditors, debt holders and other parties specified under Indian law in the event of insolvency or liquidation of any of the portfolio assets.

The above are some of the common risks associated with investments in REITs & InvITs. There can be no assurance that a Scheme's investment objectives will be achieved, or that there will be no loss of capital. Investment results may vary substantially on a monthly, quarterly or annual basis.

(x) Risk Factors associated writing covered call options for equity shares:

a) Writing call options are highly specialized activities and entail higher than ordinary investment risks. In such investment strategy, the profits from call option writing is capped at the option premium, however the downside depends upon the increase in value of the underlying equity shares. This downside risk is reduced only to the extent of premium received by writing covered call options.

b) The Scheme may write covered call option only in case it has adequate number of underlying equity shares as per regulatory requirement. This would lead to setting aside a portion of investment in underlying equity shares. If covered call options are sold to the maximum extent allowed by regulatory authority, the scheme may not be able to sell the underlying equity shares immediately if the view changes to sell and exit the stock. The covered call options need to be

unwound before the stock positions can be liquidated. This may lead to a loss of opportunity or can cause exit issues if the strike price at which the call option contracts have been written become illiquid. Hence, the scheme may not be able to sell the underlying equity shares, which can lead to temporary illiquidity of the underlying equity shares and result in loss of opportunity.

c) The writing of covered call option would lead to loss of opportunity due to appreciation in value of the underlying equity shares. Hence, when the appreciation in equity share price is more than the option premium received the scheme would be at a loss.

d) The total gross exposure related to option premium paid and received must not exceed the regulatory limits of the net assets of the scheme. This may restrict the ability of Scheme to buy any options.

e) Increased volatility in the market may result in higher premium and marked to market losses in NAV for all the existing short option position even at the same price of underlying stock.

(xi) Risk factors associated with Segregated Portfolio

Different types of securities in which the scheme would invest carry different levels and types of risk as given in the Scheme Information Document of the scheme. In addition to the same, unitholders are requested to also note the following risks with respect to Segregated Portfolio:

Liquidity Risk: A lower level of liquidity affecting an individual security (ies) or an entire market may have an adverse bearing on the value of the Segregated Scheme's assets. This may more importantly affect the ability to sell particular securities with minimal impact cost as and when necessary to meet requirements of liquidity or to sell securities in response to triggers such as a specific economic/corporate event. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of a few of the investments. This may impact the NAV of the segregated portfolio and could result into potential loss to the Unit holders.

Credit risk: The scheme's risk may increase or decrease depending upon its investment pattern. E.g. corporate bonds carry a higher amount of risk than Government securities. Further even among corporate bonds, bonds, which are AA rated, are comparatively more risky than bonds, which are AAA rated. Investment in unrated securities may be riskier compared to investment in rated instruments due to non-availability of third party assessment on the repayment capability of the issuer. As the securities are unrated, an independent opinion of the rating agency on the repayment capability of the issuer will not be available. The issuer of a debenture/ bond or a money market instrument may default on interest payment or even in paying back the principal amount on maturity. Even where no default occurs, the price of a security may go down because the credit rating of an issuer goes down. This may impact the NAV of the segregated portfolio and resultant loss to the Unit holders.

Listing of units: Listing of units of segregated portfolio in recognized stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further, trading price of units on the stock market may be significantly lower than the prevailing NAV.

B. Requirement of Minimum Investors in the Scheme(s)

The Scheme/Plan shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme/Plan(s). However, if such limit is breached during the NFO of the Scheme, the Fund will endeavour to ensure that within a period of three months or the end of the succeeding calendar quarter from the close of the NFO of the Scheme, whichever is earlier, the Scheme complies with these two conditions. In case the Scheme / Plan(s) does not have a minimum of 20 investors in the stipulated period, the provisions of Regulation 39(2)(c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme / Plan(s) shall be wound up and the units would be redeemed at applicable NAV. The two conditions mentioned above shall also be complied within each subsequent calendar quarter thereafter, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days notice to redeem his exposure over the 25 % limit. Failure on the part of the said investor to redeem his exposure over the 25 % limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

C. Special Considerations, if any

The Trustee, AMC, Mutual Fund, their directors and their employees shall not be liable for any of the tax consequences that may arise, in the event that the Scheme is wound up for the reasons and in the manner provided in 'Statement of Additional Information ('SAI')'. Redemption by the Unit holder due to change in the fundamental attributes of the Scheme or due to any other reasons may involve tax consequences. The Trustee, AMC, Mutual Fund, their directors and their employees shall not be liable for any such tax consequences that may arise.

The tax benefits described in this Scheme Information Document and Statement of Additional Information are as available under the present taxation laws and are available subject to relevant conditions. The information given is included only for general purpose and is based on advice received by the AMC regarding the law and practice currently in force in India and the Unit holders should be aware that the relevant fiscal rules or their interpretation may change. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of an investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Unit holder is advised to consult his / her own professional tax advisor.

Investors should study this Scheme Information Document and the Statement of Additional Information carefully in its entirety and should not construe the contents as advice relating to legal, taxation, investment or any other matters.

Investors are advised to consult their legal, tax, investment and other professional advisors to determine possible legal, tax, financial or other considerations of subscribing to or redeeming units, before making a decision to invest / redeem Units.

Long Term refers to an investment horizon of 5 years and more. In this Scheme Information Document (SID) it is mentioned that the Scheme is not suitable for investment horizon of less than 5 years. The Scheme will evaluate different companies based on their long term prospects (5 years and more) rather than just looking at next quarter or a few quarter's earnings. Since the objective of the Scheme is to hold the investments in the companies where the Scheme has invested for the long term, it is essential that the investors in the Scheme have a similar outlook. It is expected that the core equity portfolio of the Scheme will have low churn (portfolio turnover). However the actual churn (portfolio turnover) could be higher depending on circumstances prevailing at respective times.

Neither this Scheme Information Document nor the Units have been registered in any jurisdiction. The Investors may take note that the Scheme (may in future be registered/ recognized in any other applicable jurisdiction, by the AMC as and when it desires. The distribution of this Scheme Information Document in certain jurisdictions may be restricted or totally prohibited due to registration requirements and accordingly, persons who come into possession of this Scheme Information Document are required to inform themselves about and to observe any such restrictions and or legal compliance requirements.

Any dispute arising out of the Scheme shall be subject to the exclusive jurisdiction of the Courts in India. Statements in this Scheme Information Document are, except where otherwise stated, based on the law, practice currently in force in India, and are subject to changes therein.

No person has been authorised to issue any advertisement or to give any information or to make any representations other than that contained in this Scheme Information Document. Circulars in connection with this offering not authorised by the Mutual Fund and any information or representations not contained herein must not be relied upon as having been authorized by the Mutual Fund.

The Mutual Fund / Trustees / AMC has not authorized any person to give any information or make any representations, either oral or written, not stated in this SID or the SAI in connection with issue or sale of Units under the Scheme. Prospective Investors are advised not to rely upon any information or representations not incorporated in the SAI and SID as the same have not been authorized by the Mutual Fund or the Trustees or the AMC. Any Purchase or Redemption or Switch made by any person on the basis of statements or representations which are not contained in this SID or SAI or which are not consistent with the information contained in the Offer Documents shall be solely at the risk of the Investor / Unit holder(s). Investors are requested to check the credentials of the individual, firm or other entity they are entrusting their Application Form and payment to, for any transaction with the Mutual Fund. The Mutual Fund shall not be responsible for any acts done by the intermediaries representing or purportedly representing such Investor.

The Mutual Fund may disclose details of the investor's account and transactions there under to those intermediaries whose stamp appears on the application form. In addition, the Mutual Fund may disclose such details to the bankers / its agents, payment aggregators as may be necessary for the purpose of effecting payments to the investor. Further, the Mutual Fund may disclose details of the investor's account and transactions thereunder to any Regulatory / Statutory entities as per the provisions of law.

Mutual funds and securities investments are subject to market risks and there can be no assurance or guarantee that the Scheme objectives will be achieved. Investors should study this Scheme Information Document and the Statement of Additional Information carefully in its entirety before investing.

In terms of the Prevention of Money Laundering Act, 2002, the Rules issued there under and the guidelines/ circulars issued by SEBI regarding the Anti Money Laundering (AML Laws), all intermediaries, including Mutual Funds, have to formulate and implement a client identification programme, verify and maintain the record of identify and address(es) of investors.

If after due diligence, the AMC believes that any transaction is suspicious in nature as regards money laundering, failure to provide required documentation, information, etc. the AMC shall have absolute discretion to report such suspicious transactions to FIU-IND and / or to freeze the folios of the investor(s), reject any application(s) / allotment of units and effect mandatory redemption of unit holdings of the investor(s) at the applicable NAV

Subject to the approval of Board of Directors of the AMC and Trustee Company and immediate intimation to SEBI, a restriction on redemptions may be imposed by the Scheme under certain exceptional circumstances, which the AMC / Trustee believe that may lead to a systemic crisis or event that constrict liquidity of most securities or the efficient functioning of markets. Please refer to the paragraph "Right to Limit Redemptions" for further details.

From time to time and subject to the Regulations, the Sponsor, the mutual funds and investment companies managed by them, their associate companies, subsidiaries of the Sponsor and the AMC may invest either directly or indirectly in the Scheme. The funds managed by these associates, the sponsor, subsidiaries of the Sponsor and/or the AMC may acquire a substantial portion of the Scheme's Units and collectively constitute a major Investor in the Scheme. Accordingly, Repurchase/Redemption of Units held by such funds, associates and Sponsor may have an adverse impact on the Units of the Scheme because the timing of such Repurchase/Redemption may impact the ability of the other Unitholders to redeem their Units.

Levy of Stamp Duty on applicable mutual fund transactions

Investors/ Unit holders of all Schemes of PPFAS Mutual Fund are requested to note that, pursuant to Part I of Chapter IV of the Notification dated February 21, 2019, issued by the Legislative Department, Ministry of Law and Justice, Government of India, on the Finance Act, 2019, read with subsequent notifications including Notification dated March 30, 2020 issued by Department of Revenue, Ministry of Finance, Government of India, a stamp duty at the rate of 0.005% of the transaction value would be levied on applicable mutual fund investment transactions such as purchases (including switch-in, Reinvestment of Income Distribution cum capital withdrawal option) with effect from July 1, 2020. Accordingly, pursuant to levy of stamp duty, the number of units allotted on purchases, switch-ins, Systematic Investment Plan (SIP) installments, Systematic Transfer Plan (STP) installments, Reinvestment of Income Distribution cum capital withdrawal option etc. to the unit holders would be reduced to that extent. The stamp duty will be deducted from the net investment amount i.e. gross investment amount less any other deduction like transaction charge. Units will be created only for the balance amount i.e. Net Investment Amount as reduced by the stamp duty. The stamp duty will be computed at the rate of 0.005% on an inclusive method basis.

For instance: If the transaction amount is Rs. 100100 /- and the transaction charge is Rs. 100, the stamp duty will be calculated as follows: $((\text{Transaction Amount} - \text{Transaction Charge}) / 100.005 * 0.005) = \text{Rs. 5}$. If the applicable Net Asset Value (NAV) is Rs. 10 per unit, then units allotted will be calculated as follows: $(\text{Transaction Amount} - \text{Transaction Charge} - \text{Stamp Duty}) / \text{Applicable NAV} = 9,999.50$ units.

Foreign Account Tax Compliance Act (FATCA):

The Foreign Account Tax Compliance Act (FATCA) is a United States Federal Law, aimed at prevention of tax evasion by US taxpayers through use of offshore accounts. The Government of India and the United States of America (US) have reached an agreement in substance on the terms of an Inter-Governmental Agreement (IGA) to implement FATCA. FATCA is designed to increase compliance by US taxpayers and is intended to bolster efforts to prevent tax evasion by the US taxpayers with offshore investments. PPFAS Mutual Fund is classified as a "Foreign Financial Institution" (FFI)

under the FATCA provisions. FATCA requires enhancement of due diligence processes by the FFI so as to enable the FFI to identify US reportable accounts.

In accordance with the FATCA provisions, the Fund /the AMC would be required, from time to time, to undertake necessary due diligence process by collecting information/documentary evidence of the US/non-US status of its investors/ unit holders and identify US reportable accounts, and to disclose/report information (through itself or through its service providers), as far as may be legally permitted, about the holdings/investment returns pertaining to US reportable accounts to the US Internal Revenue Service (IRS) and/or such Indian authorities as may be specified under FATCA or other applicable laws or guidelines; and to carry out such other activities, as prescribed under FATCA or other applicable laws or guidelines, as amended from time to time.

II. Information about the Scheme:

A. Type of the Scheme: Parag Parikh Flexi Cap Fund is an open-ended dynamic equity scheme investing across large cap, mid cap, small cap stocks.

B. What is the investment objective of the scheme:

The investment objective of the Scheme is to seek to generate long-term capital growth from an actively managed portfolio primarily of equity and equity Related Securities. Scheme shall be investing in foreign equities and equity related instruments.

Scheme shall be investing in Indian equities, foreign equities and related instruments and debt securities.

Buying securities at a discount to intrinsic value will help to create value for investors. Our investment philosophy is to invest in such value stocks. Long Term refers to an investment horizon of 5 years and more. In this Scheme Information Document (SID) it is mentioned that the Scheme is not suitable for investment horizon of less than 5 years. The Scheme will evaluate different companies based on their long term prospects (5 years and more) rather than just looking at next quarter or a few quarter's earnings. Since the objective of the Scheme is to hold the investments in the companies where the Scheme has invested for the long term, it is essential that the investors in the Scheme have a similar outlook. It is expected that the core equity portfolio of the Scheme will have low churn (portfolio turnover). However the actual churn (portfolio turnover) could be higher depending on circumstances prevailing at respective times.

C. How will the Scheme allocate it's asset

ASSET ALLOCATION :

The corpus of the Scheme will be invested primarily in equity and equity related instruments. The Scheme may invest a part of its corpus in debt and money market instruments, in order to manage its liquidity requirements from time to time, and under certain circumstances, to protect the interests of the Unit holders. Scheme may invest in permitted foreign securities.

Under normal circumstances, the asset allocation (% of Net Assets) of the Scheme's portfolio will be as follows.

Sr. No.	Types of Instruments	Normal Allocation (% of Net Assets)	Risk Profile
1.	Equity and equity related instruments	65 - 100	Medium to high
2.	Debt Securities, Money Market Securities	0 - 35	Low to medium
3.	Foreign Equity and equity related instruments	0 - 35	Medium to high
4.	Debt Securities (including Units) issued by REITs & InvITs	0 - 10	Medium to high

The cumulative gross exposure through equity, debt, derivative positions (including commodity and fixed income derivatives), repo transactions and credit default swaps in corporate debt securities, Real Estate Investment Trusts (REITs), Infrastructure Investment Trusts (InvITs), other permitted securities/assets and such other securities/assets as may be permitted by the Board from time to time should not exceed 100% of the net assets of the scheme.

Investments in securitised debt, if undertaken, shall not exceed 25% of the net asset of the scheme.

From time to time, the Scheme may hold cash equivalent securities. The Scheme may take derivatives position (in equity, currency and fixed income) based on the opportunities available subject to the guidelines issued by SEBI from time to

time and in line with the investment objective of the Scheme. These may be taken to hedge the portfolio, re-balance the same or to undertake any other strategy as permitted under SEBI (MF) Regulations from time to time.

The Scheme may use derivatives for trading, hedging and portfolio balancing. Exposure to derivatives will be limited to 50% of the net asset value of the Scheme at the time of transaction. Exposure is calculated as a percentage of the notional value to the net assets of the Scheme. The Scheme will maintain cash or securities to cover exposure to derivatives.

The Scheme may seek investment opportunity in the Foreign Securities (including ADR/ GDR/ foreign equity and equity related instruments), in accordance with guidelines stipulated in this regard by SEBI and RBI from time to time. Under normal circumstances, exposure to foreign securities subject to regulatory limits shall not be more than 35% of the Scheme's net assets. In addition to the instruments stated in the table above, the Scheme may enter into repos/reverse repos as may be permitted by RBI. From time to time, the Scheme may hold cash equivalent securities. A part of the net assets may be invested in the Tri Party Repo (TREPs).

In the event that the asset allocation of the scheme should deviate from the ranges as stated in asset allocation table above, then the portfolio of the scheme will be rebalanced by the fund manager for the position indicated in the asset allocation table above within a maximum period of 30 working days from the date of said deviation.

The Scheme may engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by SEBI. Subject to the SEBI (MF) Regulations, as applicable from time to time, the Scheme seek may engage in Stock Lending. Stock Lending means the lending of stock to another person or entity for a filed period of time, at a negotiated compensation in order to enhance returns of the portfolio. The securities lent will be returned by the borrower on the expiry of the stipulated period. The Scheme will ensure compliance with SEBI (Mutual Funds) Regulations and with Securities Lending Scheme, 1997, SEBI Circular No MFD/CIR/01/047/99 dated February 10, 1999, SEBI Circular no. SEBI/IMD/Cir NO 14/187175/2009 187175 dated December 15, 2009 and framework for short selling and borrowing and lending of securities notified by SEBI vide Circular No MRD/DoP/SE/Dep/Cir-14/2007 dated December 20, 2007 as may be amended from time to time.

The maximum exposure of the Scheme to a single intermediary in the stock lending programme at any point of time would be limited to 5% of the market value of its equity portfolio or upto such limits as may be specified by SEBI. The Scheme will not lend more than 20% of its corpus and limit this programme to 5% for single intermediary.

The Scheme will not lend more than what is permitted under applicable SEBI (Mutual Funds) Regulations.

For detailed understanding on Securities lending by the Scheme, Investors are requested to refer to the SAI.

The Mutual Fund may not be able to sell such lent out securities and this can lead to temporary illiquidity.

Pending deployment of funds of the Scheme in securities in terms of the investment objective of the Scheme the AMC may park the funds of the Scheme in short term deposits of scheduled commercial banks, subject to the guidelines issued by SEBI vide its circular dated April 16, 2007, as amended from time to time.

These limits will be reviewed by the AMC from time to time based on views on the equity markets and asset liability management needs. However, at all times the portfolio of the Scheme will adhere to the overall investment objective of the Scheme.

Investors should note that companies or sectors which are very capital intensive, which have low returns on capital ratios and/ or which have very volatile business prospectus may not be considered for investment at all. Performance of the Scheme will defer to the extent these companies/ sectors are represented in the Benchmark indices.

Review by Board of AMC and Trustees

A detailed review of the schemes of the Fund including its performance vis-à-vis benchmark index, assets size, rankings/ratings received, if any is placed before the Board of Directors of AMC and to the Trustee on a quarterly basis.

Change in Asset Allocation/ Investment Pattern

Subject to SEBI (MF) Regulations the asset allocation pattern, other permitted securities and such other securities as indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute and that they can vary substantially depending upon the perception of the Investment Manager, the intention being at all times to seek to protect the interests of the Unit holders. Such changes in the investment pattern will be for short term and for defensive consideration only.

In the event of change in the asset allocation, other permitted securities and such other securities, the fund manager will carry out portfolio rebalancing within 30 Days. Further, in case the portfolio is not rebalanced within the period of 30 days, justification for the same shall be placed before the investment committee and reasons for the same shall be recorded in writing. The investment committee shall then decide on the course of action. However, at all times the portfolio will adhere to the overall investment objectives of the Scheme.

- 4) Investment in Securitised Debt;
- 5) Investment in Mutual Fund Schemes;
- 6) Applicable Derivatives
- 7) Foreign Securities (only equity and equity related instruments)
- 8) Debt Securities (including Units) issued by REITs & InvITs
- 9) Writing of covered call options

Investment / Risk Mitigation Strategy

1. Risk profile of securitised debt vis-à-vis risk appetite of the Scheme

The risk profile of securitised debt is generally at par with the risk profile of other debt securities at the same level of credit rating. Securitised debt offers additional income (spread) over a debt security of similar rating and maturity, which enables the scheme to optimize its income without taking any additional credit risk. Securitised debt is generally less liquid, however, investment in securitised debt is made to maintain a diversified portfolio of debt securities that optimizes return without increasing the overall risk profile of the Scheme.

2. Policy relating to originators based on nature of originator, track record, NPAs, losses in earlier securitised debt, etc.

The originator is an entity (like banks, non-banking finance companies, corporates etc), which has initially provided the loan & is also generally responsible for servicing the loans. The schemes will invest in securitised debt of originators with at least investment grade credit rating and established track record. A detailed evaluation of originator is done before the investment is made in securitised debt of any originator on various parameters given below:

Track record

The investment in securitised debt is done based on origination and underwriting process and capabilities of the originator, overview of corporate structure, group to which they belong, experience of the company in the business, how long they have been in the business, financial condition of the company, credit rating, past performance of similar pools by the originator, etc.

Willingness to pay through credit enhancement facilities etc.

Credit enhancement is provided by the originator, as indicated by rating agencies, so as to adequately cover the defaults and acts as a risk mitigation measure. The size of the credit enhancement as indicated by rating agency depends on the originator's track record, past delinquencies, pattern of the portfolio & characteristics of the pool vis-a-vis of the portfolio, nature of the asset class

Business Risk Assessment

The business risk assessment of originator / underlying borrower also includes detailed credit assessment wherein following factors are also considered:

- ★ Outlook for the economy (domestic and global)
- ★ Outlook for the industry
- ★ Company specific factors

Additionally, a detailed review of rating rationale is done along with interactions with the company as well as the rating agency. All investment in securitised debt is done after taking into account points (with regard to originator) stated below:

- ★ Default track record/ frequent alteration of redemption conditions
- ★ High leverage ratios of the ultimate borrower both on a standalone basis as well on a consolidated level/ group level
- ★ Higher proportion of reschedulement of underlying assets of the pool or loan, as the case may be

★ Higher proportion of overdue assets of the pool or the underlying loan, as the case may be

Risk mitigation strategies for investments with each kind of originator

Investments are based on assessment of following parameters, to mitigate risk associated with such investment:

- a. Credit quality, size and reach of the originator
- b. Nature of receivables/asset category i.e. cars, commercial vehicles, personal loans etc.
- c. Collection process, infrastructure and follow-up mechanism
- d. Credit cum liquidity enhancement
- e. Asset Quality - portfolio delinquency levels
- f. Past performance of rated pools
- g. Pool Characteristics - seasoning, Loan-to-value ratios, geographic diversity etc.

4. Minimum retention percentage by originator of debts to be securitised

While minimum retention percentage by originator is not prescribed, any amount retained by the originator through subordination is viewed positively at the time of making investment.

5. The mechanism to tackle conflict of interest when the mutual fund invests in securitised debt of an originator and the originator in turn makes investments in that particular scheme of the fund.

All proposals for investment in securitised debt are evaluated by the analyst based on several parameters such as nature of underlying asset category, pool characteristics, asset quality, credit rating of the securitisation transaction, and credit cum liquidity enhancement available. Investment in securitised debt by the scheme is made by the fund manager in line with the investment objective of the scheme.

Pending deployment as per investment objective, the moneys under the Scheme may be parked in short- term deposits of Scheduled Commercial Banks.

The Scheme shall comply with the following guidelines for parking of funds in short term deposits:

1. "Short Term" for parking of funds shall be treated as a period not exceeding 91 days.
2. Such short-term deposits shall be held in the name of the Scheme.
3. The Scheme shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with prior approval of the Trustee.
4. Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
5. The Scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
6. The Scheme shall not park funds in short-term deposit of a bank, which has invested in the Scheme.

The aforesaid limits shall not be applicable to term deposits placed as margins for trading in cash and derivatives market.

As per the SEBI (MF) Regulations, no investment management fees will be charged for such investments.

Investment in Foreign Securities:

The Scheme may also invest in suitable investment avenues in overseas financial markets for the purpose of diversification, commensurate with the Scheme objectives and subject to necessary stipulations by SEBI / RBI. Towards this end, the Mutual Fund may also appoint overseas investment advisors and other service providers, as and when permissible under the regulations. The Scheme may, with the approval of SEBI / RBI invest in:

- i. ADRs/ GDRs issued by Indian or foreign companies
- ii. Equity of overseas companies listed on recognized stock exchanges overseas
- iii. Initial and follow-on public offerings for listing at recognized stock exchanges overseas
- iv. Derivatives traded on recognized stock exchanges overseas only for hedging and portfolio balancing with underlying as securities.
- v. Units/securities issued by overseas mutual funds or unit trusts registered with overseas regulators and investing in (a) aforesaid securities, (b) Real Estate Investment Trusts (REITs) listed in recognized stock exchanges overseas or (c) unlisted overseas securities (not exceeding 10% of their net assets).

PPFAS Mutual Fund will ensure compliance with SEBI circular SEBI/IMD/CIR No. 7/104753/07 Dated September 26, 2007, SEBI Circular SEBI/IMD/CIR No.2/122577/08 dated April 08, 2008, SEBI Circular SEBI/HO/IMD/DF3/CIR/P/2020/225 dated November 05, 2020 and SEBI Circular SEBI/HO/IMD/IMD-II/DOF3/P/CIR/2021/571 dated June 3, 2021.

Mutual funds can make overseas investments [as stated in point (i) to (v) above] subject to a maximum of US \$1 billion (limit per mutual fund subject to overall limit of US \$ 7 billion) or such limits as may be prescribed by SEBI from time to time.

In case of overseas investments specified above, US \$ 300 million maximum would be reserved for each Mutual Fund individually for investment in overseas Exchange Traded Fund, within the overall industry limit of US \$ 1 billion.

For all ongoing schemes that invest or are allowed to invest in Overseas securities / Overseas ETFs, an investment headroom of 20% of the average AUM in Overseas securities / Overseas ETFs of the previous three calendar months would be available to the Mutual Fund for that month to invest in Overseas securities / Overseas ETFs subject to maximum limits specified above as the case maybe.

Subject to the approval of the RBI / SEBI and conditions as may be prescribed by them, the Mutual Fund may open one or more foreign currency accounts abroad either directly, or through the custodian/sub-custodian, to facilitate investments and to enter into/deal in forward currency contracts, currency futures, index options, index futures, interest rate futures/swaps, currency options for the purpose of hedging the risks of assets of a portfolio or for its efficient management.

The Mutual Fund may, where necessary appoint intermediaries as sub-managers, sub-custodians, etc. for managing and administering such investments. The appointment of such intermediaries shall be in accordance with the applicable requirements of SEBI and within the permissible ceilings of expenses.

Under normal circumstances, exposure to foreign securities subject to regulatory limits shall not be more than 35% of the Scheme's net assets.

Covered Call Options

A call option gives the holder (buyer) the right but not the obligation to buy an asset by a certain date for a certain price. Covered calls are an options strategy where a person holds a long position in an asset and writes (sells) call options on that same asset.

Benefits of using Covered Call strategy in Mutual Funds:

The covered call strategy can be followed by the Fund Manager in order to hedge risk thereby resulting in better risk adjusted returns of the Scheme. The strategy offers the following benefits:

a) Down side protection to the extent of premium collected - Since the fund manager sells a call option on a stock already owned by the mutual fund scheme, the downside from fall in the stock price would be lower to the extent of the premium earned from the call option.

b) Generating additional returns in the form of option premium in a range bound market.

Thus, a covered call strategy involves gains for unit holders in case the strategy plays out in the right direction.

Illustration — Covered Call strategy using stock call options:

A fund manager buys equity stock of ABC Ltd. for Rs. 1000 and simultaneously sells a call option on the same stock at a strike price of Rs. 1100. Further, it is assumed that the scheme has earned a premium of Rs. 50 and the fund manager is of the opinion that the stock price will not exceed Rs. 1100, during the expiry period of the option.

Scenario 1: Stock price exceeds Rs. 1100

The call option will get exercised and the fund manager will sell the stock to settle his obligation on the call at Rs. 1100 (earning a return of 10% on the stock purchase price). Also, since the scheme has earned a premium of Rs. 50, this has reduced the purchase cost of the stock (Rs. 1000 — Rs. 50 = Rs. 950).

Hence, the Net Gain = Rs. 150 (Rs 100 stock appreciation + Rs 50 call option premium)

(However, please note that in a scenario where the stock price reaches Rs. 1300, investment in long only *equity* would be more beneficial than a covered call strategy as the net gain under the covered call strategy would be Rs. 150, against a net gain of Rs. 300 under a pure long only equity strategy.)

Scenario 2: Stock prices stays below Rs. 1100

The call option will not get exercised and will expire worthless. The premium earned on call option will generate alpha for the scheme.

Hence, the Net Gain = Rs. 50.

Trading in Derivatives

The Scheme may take derivative positions based on the opportunities available subject to the guidelines provided by SEBI from time to time and in line with the overall investment objective of the Scheme. The Fund has to comply with the prescribed disclosure requirements. These may be taken to hedge the portfolio, rebalance the same or to undertake any other strategy as permitted under SEBI (MF) Regulations from time to time. Hedging does not mean maximisation of returns but only reduction of systematic or market risk inherent in the investment. The Scheme intends to take position in derivative instruments like Futures, Options, Interest Rate Swaps, Forward Rate Agreements, and such other derivative instruments as may be permitted by SEBI and RBI from time to time.

Pursuant to SEBI Circular No. DNP/Cir-29/2005 dated September 14, 2005, the Scheme shall be treated as Trading Members at par with a registered FII in respect of position limits in index futures, index options, stock options and stock futures contracts.

Net position in derivatives will be as per fund management process and decision of the fund manager in the best interest of the unit-holders of the scheme. While taking any derivative positions, the scheme will comply with applicable SEBI and RBI guidelines as amended from time to time.

Difference between exchange traded derivatives and Over the Counter Trade (OTC):

Derivatives can be traded over the exchange or can be structured between two counter-parties. Those transacted over the exchange are called Exchange Traded derivatives whereas the other category is referred to as OTC (Over the Counter) derivatives. Some of the differences of these two derivative categories are stated below:

Exchange Traded Derivatives:

These are quoted on the exchanges like any other traded asset class. The common amongst these are the Index Futures, Index Options, Stock Futures and Options on individual equities / securities. The basic form of the futures contract is similar to that of the forward contract, a futures contract obligates its owner to purchase a specified asset at a specified exercise price on the contract maturity date. Futures are cash-settled and are traded only in organised exchanges. Exchange traded derivatives are standardised in terms of amount and delivery date.

Standardisation and transparency generally ensures a liquid market together with narrower spreads. For delivery dates far in the future, there may be insufficient liquidity in the futures market.

OTC derivatives:

OTC derivatives require the two parties engaging in a derivatives transaction to come together through a process of negotiations. It is a derivative that is customised in terms of structure, amount, tenor, underlying assets, collateral etc. Some examples of OTC derivatives are interest rate and currency swaps, Forward Rate Agreements (FRAs) etc.

Position Limits:

The position limits for trading in derivatives by Mutual Funds specified by SEBI vide SEBI Circular No. DNPd/ Cir-29/2005 dated September 14, 2005, SEBI Circular No. DNPd/Cir -30/2006 dated January 20, 2006 and SEBI Circular No. SEBI/DNPd/Cir-31/2006 dated September 22, 2006 are as follows:

Mutual Fund will comply with applicable position limits.

i. Position limit for Mutual Funds in index options contracts

- a. The Mutual Fund position limit in all index options contracts on a particular underlying index shall be Rs. 250 crore or 15% of the total open interest of the market in index options, whichever is higher, per Stock Exchange.
- b. This limit would be applicable on open positions in all options contracts on a particular underlying index.

ii. Position limit for Mutual Funds in index futures contracts

- a. The Mutual Fund position limit in all index futures contracts on a particular underlying index shall be Rs. 250 crore or 15% of the total open interest of the market in index futures, whichever is higher, per Stock Exchange.
- b. This limit would be applicable on open positions in all futures contracts on a particular underlying index.

iii. Additional position limit for hedging in addition to the position limits at point (i) and (ii) above,

Mutual Funds may take exposure in equity index derivatives subject to the following limits :

1. Short positions in index derivatives (short futures, short calls and long puts) shall not exceed (in notional value) the Mutual Fund's holding of stocks.
2. Long positions in index derivatives (long futures, long calls and short puts) shall not exceed (in notional value) the Mutual Fund's holding of cash, government securities, T-Bills and similar instruments.

iv. Position limit for Mutual Funds for stock based derivative contracts

As per SEBI circular no: SEBI/HO/MRD/DP/CIR/P/2016/143 December 27, 2016, The combined futures and options position limit shall be 20% of the applicable Market Wide Position Limit (MWPL)

v. Position limit for each scheme of a Mutual Fund The scheme-wise position limit requirements shall be :

1. For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of a scheme of a mutual fund shall not exceed the higher of:
1% of the free float market capitalization (in terms of number of shares). **or** 5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts).
2. This position limits shall be applicable on the combined position in all derivative contracts on an underlying stock at a Stock Exchange.

3. For index based contracts, Mutual Funds shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index.

Exposure Limits

The exposure limits for trading in derivatives by Mutual Funds specified by SEBI vide its Circular No. Cir/IMD/ DF/11/2010 dated August 18, 2010 are as follows:

1. The cumulative gross exposure through equity, debt, derivative positions (including commodity and fixed income derivatives), repo transactions and credit default swaps in corporate debt securities, Real Estate Investment Trusts (REITs), Infrastructure Investment Trusts (InvITs), other permitted securities/assets and such other securities/assets as may be permitted by the Board from time to time should not exceed 100% of the net assets of the scheme.

2. Mutual Funds shall not write options or purchase instruments with embedded written options.

3. The total exposure related to option premium paid must not exceed 20% of the net assets of the scheme.

4. Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.

5. Exposure due to hedging positions may not be included in the above mentioned limits subject to the following:

a. Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains.

b. Hedging positions cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated under limits mentioned in Point 1.

c. Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.

d. The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing position against which hedge has been taken.

6. (a) Mutual Funds may enter into plain vanilla Interest Rate Swaps (IRS) for hedging purposes. The value of the notional principal in such cases must not exceed the value of respective existing assets being hedged by the scheme.

(b) In case of participation in IRS is through over the counter transactions, the counter party has to be an entity recognized as a market maker by RBI and exposure to a single counterparty in such transactions should not exceed 10% of the net assets of the scheme. However, if mutual funds are transacting in IRS through an electronic trading platform offered by the Clearing Corporation of India Ltd. (CCIL) and CCIL is the central counterparty for such transactions guaranteeing settlement, the single counterparty limit of 10% shall not be applicable.

7. Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits mentioned in point 1.

8. Definition of Exposure in case of Derivative Positions. Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price * Lot Size * Number of Contracts
Short Future	Futures Price * Lot Size * Number of Contracts

Option Bought	Option Premium Paid * Lot Size * Number of Contracts
---------------	--

RBI has issued guidelines on Interest Rate Swaps (IRS) and Forward Rate Agreements (FRA) on July 7, 1999. These products were introduced for deepening the country's money market. SEBI has also permitted trading of interest rate derivatives through Stock Exchanges. The Scheme may trade in these instruments.

Interest Rate Swaps (IRS)

All swaps are financial contracts, which involve exchange (swap) of a set of payments owned by one party for another set of payments owned by another party, usually through an intermediary. An IRS can be defined as a contract between two parties (Counter Parties) to exchange, on particular dates in the future, one series of cash flows, (fixed interest) for another series of cash-flows (variable or floating interest) in the same currency and on the same principal for an agreed period of time. The exchange of cash-flows need not occur on the same date.

Forward Rate Agreements (FRA)

A FRA is an agreement between two counterparties to pay or to receive the difference between an agreed fixed rate (the FRA rate) and the interest rate prevailing on a stipulated future date, based on a notional amount, for an agreed period. In short, in a FRA, interest rate is fixed now for a future period. The special feature of FRAs is that the only payment is the difference between the FRA rate and the Reference rate and hence are single settlement contracts. As in the case of the IRS, notional amounts are not exchanged in FRA.

Lending of Securities

The Scheme may lend Securities from its portfolio in accordance with the SEBI Regulations and the applicable SEBI guidelines. Securities lending shall enable the Scheme to earn income that may partially offset its expenses and thereby reduce the effect these expenses have on the Scheme's ability to provide investment returns that correspond generally to the price and yield performance of its underlying index. Securities lending means the lending of Securities to another person or entity for a fixed period of time at a negotiated compensation in order to enhance returns of the portfolio. The Securities lent would have to be returned by the borrower on the expiry of the stipulated period. The AMC will adhere to strict limits should it engage in Securities lending. The Scheme will pay reasonable administrative and custodial fees in connection with the lending of Securities. The Scheme will be exposed to the risk of loss should a borrower default on its obligation to return the borrowed Securities. The Scheme's share of income from the lending collateral will be included in the Scheme's gross income. Lending of securities will be effected through approved intermediaries. The Mutual Fund will comply with the conditions for Securities lending specified by SEBI (MF) Regulations and circulars.

The maximum exposure of the Scheme to a single intermediary in the stock lending programme at any point of time would be limited to 5% of the market value of its equity portfolio or upto such limits as may be specified by SEBI. The Scheme will not lend more than 20% of its corpus and limit this programme to 5% for single issuer.

E. What are the Investment Strategies?

INVESTMENT STRATEGIES

Investment approach of the Scheme is governed by following guiding principles:

Focus on the long term

Investments would be made with a long term perspective. The investment objective of the Scheme is to seek to generate long-term capital growth from an actively managed portfolio primarily of equity and Equity Related Securities.

The Fund Manager will follow an active investment strategy primarily based on fundamental research driven bottom up stock selection approach. Since Investing requires disciplined risk management, the AMC would incorporate safeguards seeking to control risks in the portfolio construction process. Such safeguards would include reasonable diversification of the portfolio, which the AMC aims to achieve by spreading the investments over a range of industries, sectors and market capitalizations.

Investments confer proportionate ownership

The approach to valuing a company is similar to making an investment in a business. Therefore, there is a need to have a comprehensive understanding of how the business operates. The key issues to focus on are growth opportunities, sustainable competitive advantage, industry structure, margins, quality of the management and protection of minority shareholders.

Maintain a margin of safety

The benchmark for determining relative attractiveness of stocks would be the intrinsic value of the business. The Investment Manager would endeavor to purchase stocks that represent a discount to this value, in an effort to preserve capital and generate superior growth.

Maintain a balanced outlook on the market

The investment portfolio would be regularly monitored to understand the impact of changes in business and economic trend. While short-term market volatility would affect valuations of the portfolio, this is not expected to influence the decision to own fundamentally strong companies.

Disciplined approach to selling

The decision to sell a holding would be based on either the anticipated price appreciation being achieved or being no longer possible due to a change in fundamental factors affecting the company or the market in which it competes, or due to the availability of an alternative that, in the view of the Investment Manager, offers superior returns.

In summary, the Investment Strategy is expected to be a function of extensive research and based on data and reasoning, rather than current trends. The objective will be to identify “businesses with superior growth prospects and good management, at a reasonable price”.

The Scheme will retain the flexibility to invest in the entire range of debt instruments and money market instruments. Investment in Debt securities and Money Market Instruments will be as per the limits in the asset allocation table of the Scheme, subject to permissible limits laid under SEBI (MF) Regulations. Please refer to ‘Debt securities’ and ‘Money Market Instruments’ under the section **‘WHERE WILL THE SCHEME(S) INVEST’**.

Though every endeavor will be made to achieve the objectives of the Scheme, the AMC/Sponsors/Trustees do not guarantee that the investment objectives of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.

The aim will be to build a portfolio, which represents a cross section of the strong growth companies in the prevailing market. In order to reduce the risk of volatility, the Scheme will diversify reasonably across major industries and economic sectors.

The Scheme may also invest to the extent permitted of net assets of the Scheme in derivatives such as Futures & Options and such other derivative instruments as may be introduced from time to time for the purpose of hedging and portfolio balancing and other uses as may be permitted under the Regulations.

The Scheme may also invest a part of its corpus, not exceeding 35% of its net assets, in overseas markets in Global Depository Receipts (GDRs), ADRs, overseas equity, bonds and mutual funds and such other instruments as may be allowed under the Regulations from time to time.

Subject to the Regulations and the applicable guidelines, the Scheme may engage in Stock Lending activities. Please refer to the Section on **Stock Lending** by the Fund.

Pending deployment as per investment objective, the monies under the Scheme may be parked in short- term deposits of Scheduled Commercial Banks. The Scheme may invest in other schemes managed by the AMC (as and when launched in the future) or in the schemes of any other mutual funds, provided it is in conformity with the investment objectives of the Scheme and in terms of the prevailing SEBI (MF) Regulations. As per the SEBI (MF) Regulations, no investment management fees will be charged for such investments.

Risk Control

Investments made from the net assets of the Scheme would be in accordance with the investment objective of the Scheme and the provisions of the SEBI (MF) Regulations. The AMC will strive to achieve the investment objective by way of a judicious portfolio mix comprising equity and Equity related Instruments, Debt Securities and Money Market Instruments and permissible Foreign Securities.

Credit Evaluation Policy

The credit evaluation policy of the AMC involves evaluation of credit fundamentals of each investment opportunity. Some of the factors that are evaluated inter-alia may include outlook on the sector, parentage, quality of management, and overall financial strength of the credit. The AMC utilises ratings of recognised rating agencies as an input in the credit evaluation process. Investments in bonds and debenture are usually in instruments that have been assigned high investment grade ratings by a recognized rating agency.

In accordance with SEBI Circular No. MFD/CIR/9/120/ 2000 dated November 24, 2000, the AMC may constitute committee(s) to approve proposals for investments in unrated instruments. The AMC Board and the Trustee shall approve the detailed parameters for such investments. The details of such investments would be communicated by the AMC to the Trustee in their periodical reports. It would also be clearly mentioned in the reports, how the parameters have been complied with. However, in case any security does not fall under the parameters, the prior approval of Board of AMC and Trustee shall be sought.

Interest Rate Risk

An interest rate scenario analysis would be performed on an on-going basis, considering the impact of the developments on the macro-economic front and the demand and supply of funds. Based on the above analysis, the AMC would manage the investments of the Scheme to exploit emerging opportunities in the investment universe and manage risks at all points in time.

Liquidity Risk

The AMC will attempt to reduce liquidity risk by investing in securities that would result in a staggered maturity profile of the portfolio, investment in structured securities that provide easy liquidity and securities that have reasonable secondary market activity. In the event of a requirement to liquidate all or a substantial part of these investments in a very short duration of time, the AMC may not be able to realize the full value of these securities to an adverse impact on the Net Asset Value of the Scheme.

Strategies for Investment in Derivatives Basic Structure of an Index Future

Index Futures are instruments designed to give exposure to the equity market indices. Bombay Stock Exchange and the National Stock Exchange of India Limited are providing trading in index futures of 1, 2 and 3 month maturities.

Following are Examples which investors should refer:

Assumptions:

1 month NSE Nifty Future

Spot Index: 5800

Future Price on day 1: 5850

Fund buys 10,000 futures contracts On Date of settlement

Future price = Closing spot price = 5900

Profits for the fund = $(5900 - 5850) \times 10000 = \text{Rs. } 5,00,000$ interest for the 1 month period

Please note that the above example is given for illustration purposes only.

The net impact for the Fund will be in terms of the difference between the closing price of the index and cost price (ignoring margins for the sake of simplicity) plus interest costs on funds that would otherwise be invested in stocks comprising the index.

The risks associated with index futures are similar to those associated with equity investments. Additional risks could be on account of illiquidity and/or mis pricing of the future at any time during the life of the contract.

The strategies stated below are given for illustration purposes only. Some of the strategies involving derivatives that may be used by the Investment Manager, with an aim to protect capital and enhance returns include :

Strategy Number 1

Using Index Futures to increase percentage investment in equities.

This strategy will be used for the purpose of generating returns on idle cash, pending its investment in equities. The Scheme is subject to daily flows There may be a time lag between the inflow of funds and their deployment in stocks. If so desired, the scheme would be able to take immediate exposure to equities via index futures. The position in index futures may be reversed in a phased manner, as the funds are deployed in the equity markets.

Example:

The scheme has a corpus of Rs. 50 crore and there is an inflow of Rs. 5 crore in a day. The AMC may buy index futures contracts of a value of Rs. 5 crore. Later as the money is deployed in the underlying equities, the value of the index futures contracts can be suitably reduced.

Portfolio	Event	Equity portfolio gain/ (loss) (Rs. In crores)	Derivatives Gain/ (loss) (Rs. In crores)	Total portfolio gain / (loss) (Rs In crores)
Rs. 50 Crore Equity exposure	10% rise in equity prices.	5	Nil	5
Rs.50 Crore Equity exposure + Rs. 5 Crore long position index futures	10% rise in equity prices.	5	0.5	5.5
Rs. 50 Crore Equity exposure	10% fall in equity prices.	-5	Nil	-5
Rs. 50 Crore Equity exposure + Rs. 5 Crore long position index futures	10% fall in equity prices.	-5	-0.5	-5.5

RISKS

The strategy of taking a long position in index futures increases the exposure to the market. The long position is positively correlated with the market. However, there is no assurance that the stocks in the portfolio and the index behave in the same manner and thus this strategy may not provide gains perfectly aligned to the movement in the index.

The long position will have as much loss / gain as in the underlying index. e.g. if the index appreciates by 10%, the index future value rises by 10%. However, this is true only for futures contracts held till maturity. In the event that a futures contract is closed out before its expiry, the quoted price of the futures contract may be different from the gain / loss due to the movement of the underlying index. This is called the basis risk.

While futures markets are typically more liquid than the underlying cash market, there can be no assurance that ready liquidity would exist at all points in time, for the Scheme to purchase or close out a specific futures contract.

Strategy Number 2

Downside Protection Using Stock Put.

As a stock hedging strategy, the purchase of a put option on an underlying stock held would lead to a capping of the loss in value of the stock in the event of a material decline in the stock's price.

The purchase of a put option against a stock holding in the scheme gives the scheme the option of selling the stock to the writer of the put at the predetermined level of the Put Option, called the strike price. If the stock falls below this level, the downside for the scheme is protected as it has already locked into the selling price.

In case of a fall in the stock's price below the strike price, the value of the Put Option appreciates, approximately corresponding to the extent of the stock's price fall below the strike price.

Example:

Let us assume 20000 shares of XYZ Limited held in the portfolio with a market value of Rs. 1000 per share (overall Rs. 2 crores). The scheme purchases put options on the stock of XYZ Limited (not exceeding its holding of 20000 shares) with a strike price of Rs. 990 for an assumed cost (called Option Premium) of Rs. 15 per share (Rs. 3 lakhs for 20000

shares). By purchasing the above Put Option, the scheme has effectively set a floor to the realisation from the stock at Rs. 975 per share (Rs. 990 strike price less Rs. 15 Option Premium paid).

In case the stock price of the company falls below Rs. 975 per share, the gain in the price of the Put Option when added to the actual market price of the stock would bring the sale realisation per share close to Rs. 975 per share. After purchasing the above Put Option, in case the price of the stock appreciates, remains around Rs. 1000 or declines slightly to remain above the strike price, the scheme may not avail of the option and the cost for having bought the option remains fixed at Rs. 15 per share. In effect, a floor (in this case effectively Rs. 975) is set to the stock by buying an Option at a cost that is known (in this case Rs. 15 per share).

Risks

There can be no assurance that ready liquidity would exist at all points in time, for the scheme to purchase or close out a specific options contract.

A hedging strategy using Put Options is a perfect hedge on the expiration date of the put option. On other days, there may be (temporary) imperfect correlation between the share price and the put option.

In terms of Circular No. MFD.BC.191/07.01.279/1999-2000 and MPD.BC.187/07.01.279/1999-2000 dated November 1, 1999 and July 7, 1999 respectively issued by Reserve Bank of India permitting participation by Mutual Funds in Interest Rate Swaps and Forward Rate Agreements. These products were introduced for deepening the country's money market. The Scheme may trade in these instruments for the purpose of hedging and portfolio balancing or to undertake any other strategy as permitted under SEBI (MF) Regulations from time to time. SEBI has also permitted trading of interest rate derivatives through Stock Exchange.

Basic Structure of a Swap

Assume that the Scheme has a Rs. 20 crore floating rate investment linked to MIBOR (Mumbai InterBank Offered Rate). Hence, the Scheme is currently running an interest rate risk and stands to lose if the interest rate moves down. To hedge this interest rate risk, the Scheme can enter into a 6 month MIBOR swap. Through this swap, the Scheme will receive a fixed predetermined rate (assume 8%) and pays the "benchmark rate" (MIBOR), which is fixed by the National Stock Exchange of India limited (NSE) or any other agency such as Reuters. This swap would effectively lock-in the rate of 8% for the next 6 months, eliminating the daily interest rate risk. This is usually routed through an intermediary who runs a book and matches deals between various counter parties.

The steps will be as follows -

Assuming the swap is for Rs. 20 crore June 1, 2012 to December 1, 2012. The Scheme is a fixed rate receiver at 8% and the counterparty is a floating rate receiver at the overnight rate on a compounded basis (say NSE MIBOR).

On June 1, 2012 the Scheme and the counterparty will exchange only a contract of having entered this swap. This documentation would be as per International Swap Dealers Association (ISDA).

On a daily basis, the benchmark rate fixed by NSE will be tracked by them. On December 1, 2012 they will calculate the following-

The Scheme is entitled to receive interest on Rs. 20 crore at 8% for 184 days i.e. 81 Lakhs, (this amount is known at the time the swap was concluded) and will pay the compounded benchmark rate.

The counterparty is entitled to receive daily compounded call rate for 184 days & pay 8% fixed.

On December 1, 2012, if the total interest on the daily overnight compounded benchmark rate is higher than Rs. 81 Lakhs the Scheme will pay the difference to the counterparty. If the daily compounded benchmark rate is lower, then the counterparty will pay the Scheme the difference.

Effectively the Scheme earns interest at the rate of 8% p.a. for six months without lending money for 6 months fixed, while the counterparty pays interest @ 8% p.a. for 6 months on Rs. 20 crore, without borrowing for 6 months fixed.

The above example illustrates the benefits and risks of using derivatives for hedging and optimizing the investment portfolio. Swaps have their own drawbacks like credit risk, settlement risk. However, these risks are substantially reduced as the amount involved is interest streams and not principal.

Forward Rate Agreement

Assume that on April 30, 2012, the 30 day commercial paper

(CP) rate is 5.75% and the Scheme has an investment in a CP of face value Rs. 25 crores, which is going to mature on May 30, 2012. If the interest rates are likely to remain stable or decline after May 30, 2012, and if the fund manager, who wants to redeploy the maturity proceeds for 1 more month, does not want to take the risk of interest rates going down, he can then enter into a following forward rate agreement (FRA) say as on April 30.

He can receive 1 X 2 FRA on April 30, 2012 at 5.75% (FRA rate for 1 months lending in 2 months time) on the notional amount of Rs. 25 crores, with a reference rate of 30 day CP benchmark. If the CP benchmark on the settlement date i.e. May 30, 2012 falls to 5.50%, then the Scheme receives the difference 5.75 - 5.50 i.e. 25 basis points on the notional amount ` 25 crores for 1 month. The maturity proceeds are then reinvested at say 5.50% (close to the benchmark). The scheme, however, would have locked in the rate prevailing on April 30, 2012 (5.75%) as it would have received 25 basis points more as settlement amount from FRA. Thus the fund manager can use FRA to mitigate the reinvestment risk.

In this example, if the rates move up by 25 basis points to 6% on the settlement date (May 30, 2012), the Scheme loses 25 basis points but since the reinvestment will then happen at 6%, effective returns for the Scheme is unchanged at 5.75%, which is the prevailing rate on May 30, 2012.

Risk Factors of SWAP / Forward Rate Agreement

Credit Risk: This is the risk of defaults by the counter-party. This is usually negligible, as there is no exchange of principal amounts in a derivative transaction.

Market Risk: Market movements may adversely affect the pricing and settlement derivatives.

Illiquidity Risk: The risk that a derivative cannot be sold or purchased quickly enough at a fair price, due to lack of liquidity in the market.

INVESTMENT DECISIONS

The Fund Manager of the Scheme is responsible for making buy / sell decisions for the Scheme's portfolio and will seek to develop a reasonably diversified portfolio that minimizes liquidity and credit risk. The investment decisions will be taken by the Scheme keeping in view the investment objective of the Scheme, market conditions and all the relevant aspects.

The AMC will formulate broad investment strategies for the Scheme including investments in unrated debt instruments , reviewing performance of the Scheme and general market outlook. The approval of unrated debt instruments will be based on detailed parameters laid down by the Board of the AMC and the Trustees. The details of such investments will be communicated by the AMC to the Trustees in their periodical reports along with a disclosure regarding how the parameters have been complied with. Such reporting shall be in the manner prescribed by SEBI from time to time. The AMC will review all the investments made by the Scheme.

It is the responsibility of the AMC to seek to ensure that the investments are made as per the Regulatory guidelines, the investment objectives of the Scheme and in the interest of the Unit holders of the Scheme.

The AMC will keep a record of all investment decisions in accordance with the guidelines issued by SEBI. The Fund Manager shall seek to ensure that the funds of the Scheme are invested in line with the Regulatory guidelines, the investment objective of the Scheme and in the interest of the Unit holders of the Scheme.

Investment decisions are taken by the fund manager of the Scheme. The CEO of the AMC shall ensure that the investments made by the fund managers are in the interest of the Unit holders.

Periodic presentations will be made to the Board of Directors of the AMC and Trustee Company to review the performance of the Scheme.

INVESTMENT BY THE AMC/ SPONSOR IN THE SCHEME

The Sponsor or the AMC shall invest not less than one percent of the amount which would be raised in the new fund offer or fifty lacs rupees, whichever is less, in the growth option of the Scheme and such investment shall not be redeemed unless the Scheme is wound up.

The AMC may invest in the Scheme anytime during the continuous offer period subject to the SEBI (MF) Regulations. As per the existing SEBI (MF) Regulations, the AMC will not charge Investment Management and Advisory fee on the investment made by it in the Scheme or other existing schemes of the Mutual Fund.

The Scheme may invest in other schemes managed by the AMC or in the schemes of any other mutual funds, provided it is in conformity with the investment objectives of the Scheme and in terms of the prevailing SEBI (MF) Regulations.

Every mutual fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities:

Provided that a mutual fund may engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by SEBI.

Provided further that a mutual fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by SEBI.

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.

The Mutual Fund shall enter into transactions relating to Government Securities only in dematerialised form. The Mutual Fund will, for securities purchased in the non-depository mode, get the securities transferred in the name of the Mutual Fund on account of the Scheme, wherever the investments are intended to be of a long term nature.

The Scheme shall not invest more than 10% of its NAV in debt instruments [irrespective of residual maturity period (above or below one year)], issued by a single issuer, which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the SEBI Act. Such investment limit may be extended to 12% of the NAV of the scheme with the prior approval of the Board of Trustees and Board of Directors of the AMC.

Provided that such limit shall not be applicable for investments in government securities, treasury bills and Triparty Repo. Provided further that investment within such limit can be made in mortgaged backed securitised debt which are rated not below investment grade by a credit rating agency registered with SEBI.

The Scheme shall not invest in unlisted debt instruments including commercial papers, except Government Securities and other money market instruments.

Provided that Mutual Fund Schemes may invest in unlisted non-convertible debentures up to a maximum of 10% of the debt portfolio of the scheme subject to such conditions as may be specified by the Board from time to time

The scheme shall comply with the norms under this clause within the time and in the manner as may be specified by SEBI.

The investment in unrated debt and money market instruments shall be as per the norms specified by SEBI from time to time.

The Mutual Fund under all its Scheme will not own more than 10% of any Company's paid up capital carrying voting rights.

Transfer of investments from one scheme to another scheme in the same Mutual Fund, shall be allowed only if:-

(a) such transfers are made at the prevailing market price for quoted Securities on spot basis

Explanation: spot basis shall have the same meaning as specified by stock Exchange for spot transactions

(b) the securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.

(c) Inter Scheme Transfers are to be effected in accordance with the guidelines specified by SEBI circular No. SEBI/ HO/ IMD/DF4/CIR/P/2020/202 dated October 08, 2020 as amended from time to time.

The Scheme may invest in another Scheme under the same AMC or any other mutual fund without charging any fees, provided that aggregate inter-scheme investment made by all schemes under the same AMC or in schemes under the management of any other asset management shall not exceed 5% of the net asset value of the Mutual Fund.

Pending deployment of funds as per investment objective, the monies under the Scheme may be parked in short term deposits of Scheduled Commercial Banks. The Scheme shall abide by the guidelines for parking of funds in short term deposits as mentioned in section **'WHERE WILL THE SCHEME INVEST?'** for detailed information.

The Scheme shall not make any investments in:

- (a) any unlisted security of an associate or group company of the Sponsors; or
- (b) any security issued by way of private placement by an associate or group company of the Sponsors; or
- (c) the listed securities of group companies of the Sponsors which is in excess of 25% of the net assets.
- (d) any fund of funds scheme

The Scheme shall not invest more than 10% of its NAV in the equity shares or equity related instruments of any company.

The Scheme shall not invest more than 5% of its NAV in the unlisted equity shares or equity related instruments.

The Scheme may invest in the units of REITs and InvITs subject to the following:

- a. No mutual fund under all its schemes shall own more than 10% of units issued by a single issuer of REIT and InvIT; and
- b. A mutual fund scheme shall not invest –
 - i. more than 10% of its NAV in the units of REIT and InvIT; and
 - ii. more than 5% of its NAV in the units of REIT and InvIT issued by a single issuer

Provided that the limits mentioned in (i) and (ii) above shall not be applicable for investments in case of index fund or sector or industry specific scheme pertaining to REIT and InvIT

Save as otherwise expressly provided under SEBI Regulations, the mutual fund shall not advance any loans for any purpose.

The Scheme shall invest in Debt instruments having Structured Obligations/ Credit Enhancements in accordance with provisions of SEBI Circular No. SEBI/HO/ IMD/DF2/ CIR/P/ 2019/104 dated October 1, 2019 as may be amended by SEBI from time to time. The same are currently as under:

The investment of the Scheme in the following instruments shall not exceed 10% of the debt portfolio of the Scheme and the group exposure in such instruments shall not exceed 5% of the debt portfolio of the Scheme:

- a. Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade; and

- b. Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade.

For this purpose, a group means a group as defined under regulation 2 (mm) of the Regulations and shall include an entity, its subsidiaries, fellow subsidiaries, its holding company and its associates.

However, the above Investment limits shall not be applicable on investments in securitized debt instruments, as defined in SEBI (Public Offer and Listing of Securitized Debt Instruments) Regulations 2008.

Investment in debt instruments, having credit enhancements backed by equity shares directly or indirectly, shall have a minimum cover of 4 times considering the market value of such shares. The provisions shall be effective for all fresh investments with effect from January 1, 2020.

Covered Call Strategy

The Scheme can write Call options under a covered strategy for constituent stocks of NIFTY 50 and BSE SENSEX subject to the following condition:

a) The total notional value (taking into account strike price as well as premium value) of call options written by a scheme shall not exceed 15% of the total market value of equity shares held in that scheme.

b) The total number of shares underlying the call options written shall not exceed 30% of the unencumbered shares of a particular company held in the scheme. The unencumbered shares in a scheme shall mean shares that are not part of Securities Lending and Borrowing Mechanism (SLBM), margin or any other kind of encumbrances.

c) At all points of time the scheme shall comply with the provisions at points (a) and (b) above. In case of any passive breach of the requirement at paragraph (a) above, the respective scheme shall have 7 trading days to rebalance the portfolio. During the rebalancing period, no additional call options can be written in the said scheme.

d) In case the scheme needs to sell securities on which a call option is written under a covered call strategy, it must ensure compliance with paragraphs (a) and (b) above while selling the securities.

e) In no case, the scheme shall write a call option without holding the underlying equity shares. A call option can be written only on shares which are not hedged using other derivative contracts.

f) The premium received shall be within the requirements prescribed in terms of SEBI circular dated August 18, 2010 i.e. the total gross exposure related to option premium paid and received must not exceed 20% of the net assets of the scheme.

g) The exposure on account of the call option written under the covered call strategy shall not be considered as exposure in terms of paragraph 3 of SEBI Circular no. Cir/IMD/DF/11/2010, dated August 18, 2010.

h) The call option written shall be marked to market daily and the respective gains or losses factored into the daily NAV of the respective scheme(s) until the position is closed or expired.

-Mutual Fund Schemes shall invest in debt instruments with special features subject to following prudential investment norms as mentioned below:

i. No Mutual Fund under all its schemes shall own more than 10% of such instruments issued by a single issuer.

ii. A Mutual Fund scheme shall not invest –

a. more than 10% of its NAV of the debt portfolio of the scheme in such instruments; and

b. more than 5% of its NAV of the debt portfolio of the scheme in such instruments issued by a single issuer.

The above investment limit for a mutual fund scheme shall be within the overall limit for debt instruments issued by a single issuer, as specified at clause 1 of the Seventh Schedule of SEBI (Mutual Fund) Regulations, 1996, and other prudential limits with respect to the debt instruments.

The AMC / Trustee may alter these above stated restrictions from time to time to the extent the SEBI (Mutual Funds) Regulations change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its respective investment objective. The AMC/Trustee may from time to time alter these restrictions in conformity with the SEBI (Mutual Funds) Regulations. Further, apart from the investment restrictions prescribed under SEBI (Mutual Funds) Regulations, the Fund may follow any internal norms vis-à-vis limiting exposure to a particular scrip or sector, etc.

All investment restrictions shall be applicable at the time of making investment.

PORTFOLIO TURNOVER

Portfolio turnover is a measure that is used to assess the level of transactional activity within a scheme by calculating the proportion of the securities that are held within the underlying portfolio that are bought and sold during a specified period of typically 1 year. Portfolio Turnover is defined as the lower of sales or purchases divided by the average net asset value of the Scheme over the relevant period.

The Scheme is an open-ended Scheme. It is expected that there would be a number of subscriptions and redemptions on a daily basis. Consequently, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio.

Investors should note that high portfolio turnover may lead to reduced returns on investments due to additional transaction costs.

Scheme's portfolio turnover ratio (as on September 30, 2021):

Portfolio Turnover (Incl. Equity Arbitrage): 30.30%

Portfolio Turnover (Excl. Equity Arbitrage): 17.63%

K. How is this scheme different?

The following table shows the differentiation of the Scheme with the other open-ended equity-oriented scheme of

PPFAS Mutual Fund:

Scheme Name	Scheme Category	Investment Objective	Asset Allocation	No. of Folios as on September 30, 2021	AUM as on September 30, 2021 (Rs. in crores.)
Parag Parikh Tax Saver Fund	ELSS- An open ended equity linked saving scheme with a statutory lock in of 3 years and tax benefit	The investment objective of the Scheme is to generate long-term capital appreciation through a diversified portfolio of equity and equity related instruments. (80% of total assets in accordance with Equity Linked Saving Scheme, 2005 notified by Ministry of Finance)	Equity and Equity related instruments: 80- 100% Debt Instruments & Money Market Instruments: 0- 20%	47903	313.11

Undertaking by The Trustee

The Trustees have ensured that the Scheme is the first and new product offered by PPFAS Mutual Fund and is not a minor modification of its existing schemes.

III. Units and offers

This Section provides details you need to know for investing in the Scheme.

A. New Fund Offer (NFO)

The Scheme forming part of this SID has already been launched. The date of allotment is mentioned hereunder.

Name of the scheme	Date of allotment
Parag Parikh Flexi Cap Fund	May 24, 2013

Therefore, the section New Fund Offer (NFO) is not relevant, except for the details as under:

Plans/Options offered	SEBI vide its circular, CIR/IMD/DF/21/2012 dated 13 directed the following. Mutual Funds/ AMCs shall provide a separate plan for direct investments, i.e., investments not routed through a distributor, in existing as well as new schemes. Accordingly, PPFAS Mutual Fund is offering the following two plans to its investors. Plans offered by the scheme: 1.Direct Plan (i.e., investments not routed through a distributor) 2.Regular Plan For both the above plans, the scheme offers only “Growth Option”. Growth option As the Scheme offers only “Growth Option” no IDCW will be declared under this option and under normal circumstances. The income earned under this option will get accumulated as capital accretion and will continue to remain invested in the Scheme and will be reflected in the NAV of the Units held under this option. But Trustees reserve the right to offer IDCW option to the investors under this option which in the opinion of the Trustees is in the best interest of the unitholder. The AMC, in consultation with the Trustee reserves the right to discontinue/ add more options / facilities at a later date subject to complying with the prevailing SEBI guidelines and Regulations.

Systematic Withdrawal Plan (SWP) v. Transactions through Electronic Mode vi. Registration of Multiple Bank Accounts in respect of an Investor Folio vii. Facilitating transactions through Stock Exchange Mechanism. i. Systematic Investment Plan (SIP): The conditions for investing in SIP will be as follows: SIP Frequency: Monthly and Quarterly.

	Minimum SIP installment amount: Monthly: Rs. 1,000/- and in multiples of Re.1/- thereafter and Quarterly: Rs.3,000/- and in multiples of Re.1/- thereafter Minimum No. of SIP installments : Monthly - 6 installments, Quarterly – 4 installments (including the first SIP cheque); SIP Dates : Any date within Month / quarter (up to a maximum of 6 dates per application) Default Date: Monthly- 10th of the month, Quarterly-10th of First month of Quarter Registration period: AMC will endeavour to register SIP within a period of 30 days from the date of receipt of first SIP cheque and subsequent due date of ECS/OTM (debit clearing) In case of the auto debit facility, the default options (where auto debit period, frequency and SIP date are not indicated) will be as follows: • SIP auto debit period: The SIP auto debit will continue till 5 years. • SIP date: 10th of the month (commencing 30 days after the first SIP installment date); and • SIP frequency: Monthly and Quarterly The load structure prevailing at the time of submission of the SIP application (whether fresh or extension) will apply for all the installments indicated in such application; All the cheques/ payment instructions [including the first cheque/ payment instruction] shall be of equal amounts in case of SIP applications; The cheques will be presented on the dates mentioned on the cheque & subject to realization. Investors will have the right to discontinue the SIP facility at any time by sending a written request to any of the Official Point of Acceptance. Notice of such discontinuance should be received at least 30 days prior to the due date of the next debit. On receipt of such a request, the SIP facility will be terminated. It is clarified that if the Fund fails to get the proceeds for three consecutive Installments (due to non-availability of funds) out of a continuous series of Installments submitted at the time of initiating a SIP), the AMC reserves the right to discontinue the SIP. An investor can also invest in the Scheme through the SIP Facility through the Stock Exchange mechanism as such SIP frequency is available under the Stock Exchange mechanism from time to time. ii. Systematic Investment Plan (SIP) Top-UP Facility: It is a facility wherein an investor who is enrolling for SIP has an option to increase the amount of the SIP installment by a fixed amount at pre-defined intervals. Thus, an investor can progressively start increasing the amount invested, allowing them
--	---

	to gradually increase the investment corpus in a systematic manner. The salient features of this facility are as follows: 1. New investors can opt for it at the time of initiating the SIP. Existing unitholders can opt for it at the time of SIP renewal. 2. Investor can opt for an amount-based Cap whereby they can choose the amount from which the top-ups will cease (even though the SIP will continue at this final amount till the expiry date). In case the top-up amount-based cap is not chosen, the top-up will occur at the chosen frequency (half-yearly /yearly) until the SIP expiry date (Please refer to illustrations 1 - A and 2 - A below). 3. The amount of each such SIP installment cannot exceed the Daily One Time Mandate (OTM) limit for purchases in scheme(s) of PPFAS Mutual Fund from all modes (lump sum as well as SIP). In case of any conflict, such SIP installment will have precedence over any lump sum purchases undertaken on that day. Any lumpsum purchase exceeding the OTM limit will be reversed within three working days of the relevant intimation received from the unitholder's bank. 4. Minimum Top-up Amount for the said facility will be Rs. 500/- & in multiple of Re. 1/- thereafter. Forms where a specific amount is not clearly mentioned are liable to be rejected. 5. Frequency for the Top up facility: Investors can choose either 'Half-Yearly' or 'Yearly' Top-Up increments under Monthly SIP options. In case SIP Top-Up frequency is not mentioned, the default frequency will be considered as 'Yearly' for monthly SIP. 6. The facility is available only for the investors who submit "NACH / One Time Mandate (OTM) Form" mentioning the 'Maximum Amount'. This will limit the total investment to the pre-determined 'maximum amount'. 7. Once the SIP Top-Up upper limit is reached, the Top-Up will be discontinued. However, the SIP will continue at this upper limit for the remaining SIP enrollment period (subject to it not exceeding the daily OTM limit). For further clarification, please refer the illustrations as mentioned below. 8. The initial investment under the SIP Top-UP will be subject to minimum SIP investment requirement applicable from time to time (As on January 1, 2017, this figure is Rs. 1000/-). 9. Once enrolled, the Top-up details cannot be modified. However, investors can choose to cancel the Top-Up, by filling in the relevant Form and continue with the same SIP. 10. For further details and Forms, investors are requested to refer the website (http://amc.ppfas.com) or contact the Corporate Office of PPFAS Mutual Fund. 11. The above terms apply for both, offline and online modes of application, as and when initiated by the Fund.

12. All the other provisions of the SID/KIM except as specifically modified herein above remain unchanged.

iii. SIP Pause Facility

SIP Pause facility allows investors to pause their SIP for a temporary period, without discontinuing the existing SIP.

The features, terms and conditions for availing SIP Pause facility are as follows:

1. SIP Pause request should be received at least 30 calendar days prior to the instalment date for the concerned SIP, which is required to be paused.
2. The Facility is applicable only for AMC initiated debit feeds i.e. ECS/NACH/Direct Debit, etc.
3. This Facility is available only for SIPs with Monthly and Quarterly frequencies except for SIPs registered through Mutual Fund Utility (MFU), MFSS system of NSE or any other platforms of the said stock exchange and Channel Partners or those who have standing instructions with Banks as the SIP are registered directly with them and not with the fund house.
4. The maximum number of instalments that can be paused using this facility are 3 (three) consecutive instalments for SIPs registered with Monthly frequency and 1 (one) for SIPs registered with Quarterly frequency. Thereafter, the balance SIP instalments (as originally registered) will automatically resume.
5. If SIP Pause period coincides with SIP Top Up period, SIP instalment amount post completion of SIP Pause period would be inclusive of SIP Top Up amount. For eg: SIP Instalment amount prior to Pause period is ₹ 2,000/- and the Top-Up amount is ₹ 1,000/-. If the Pause period is completed after date of Top-Up, then the SIP instalment amount post-completion of Pause period shall be ₹ 3,000/-.
6. SIP Pause once registered cannot be cancelled.
7. Investors can opt for the Facility only once during the tenure of the SIP.

iv. Systematic Transfer Plan (STP):

This facility enables the Unit holder to transfer fixed amount periodically from one

scheme of the Mutual Fund ("Transferor Scheme") to another ("Transferee Scheme") by redeeming units of the Transferor Scheme at the Applicable NAV, subject to Exit Load, if any and investing the same amount in Transferee Scheme at the Applicable NAV, on a recurrent basis for a specified period at specified frequency as per the investor's STP mandate. Investors may register for STP using a prescribed enrollment form. STP facility is offered by the Scheme subject to following terms and conditions:

Particular	Frequency available												
Default Day/Date	<table> <tr> <th>Type of STP</th><th>Default Day/ Date</th></tr> <tr> <td>Daily</td><td>Daily</td></tr> <tr> <td>Weekly</td><td>Every Monday of the week</td></tr> <tr> <td>Fortnightly</td><td>Every Monday of the alternate week</td></tr> <tr> <td>Monthly</td><td>10th of the Month</td></tr> <tr> <td>Quarterly</td><td>10th of First month of the quarter.</td></tr> </table>	Type of STP	Default Day/ Date	Daily	Daily	Weekly	Every Monday of the week	Fortnightly	Every Monday of the alternate week	Monthly	10th of the Month	Quarterly	10 th of First month of the quarter.
Type of STP	Default Day/ Date												
Daily	Daily												
Weekly	Every Monday of the week												
Fortnightly	Every Monday of the alternate week												
Monthly	10th of the Month												
Quarterly	10 th of First month of the quarter.												
STP transaction Frequency Date	Daily - On all days between Monday to Friday Weekly - Any day of the week Fortnightly - Any date within 15 days Monthly - Any date within Month (up to a maximum of 6 dates per application) Quarterly - Any date within Quarter (up to a maximum of 6 dates per application)												
Minimum no. of installments and Minimum amount per installment	Daily, Weekly and Monthly: Rs. 1,000 & in multiples of Re. 1 thereafter Fortnightly: Rs. 1,500 & in multiples of Re. 1 thereafter Quarterly - Rs. 3,000 & in multiples of Re. 1 thereafter												
Minimum unit holder's account balance or minimum amount of application at the time of STP enrolment in the Transferor Scheme	For Daily, Weekly, Fortnightly and Monthly Rs.6,000/- and Quarterly Rs. 12,000/-												

Note: Anyone or more STP transaction dates from the available dates can be elected by the Unit Holders under the frequencies.

The amount transferred under the STP from the Transferor Scheme to the Transferee Scheme shall be effected by redeeming units of Transferor Scheme

	at Applicable NAV, after payment of Exit Load, if any, and subscribing to the units of the Transferee Scheme at Applicable NAV in respect of each STP investment. If any STP transaction due date falls on a non-Business Day, then the respective transactions will be processed on the immediately succeeding Business Day. If the STP period or no. of installments is not specified in the transaction Form, the STP transactions will be processed until the balance of units in the unit holder's folio in the Transferor/Source Scheme becomes zero. STP registered for more than one day/date as per the aforesaid frequencies will be considered as separate STP instruction for the purpose of fulfilling the criteria under "Minimum no. of installments" section above. The AMC reserves the right to introduce STP facility at any other frequencies or on any other dates as the AMC may feel appropriate from time to time. The load structure in the Transferee/Target Scheme prevailing at time of submission of STP application (whether for fresh enrollment or extension) will be applicable for all the investment through STP specified in such application. The STP mandate may be discontinued by a Unit holder by giving a written notice of 7 working days to any of the Official Point(s) of Acceptance prior to the due date of the next transfer date. On receipt of such request, the STP facility will be terminated. STP will be terminated automatically if all the Units are liquidated or withdrawn from the Transferor/Source Scheme or pledged or upon the Fund's receipt of notification of death or incapacity of the Unit holder. Units marked under lien or pledge in the Transferor/Source Scheme will not be eligible for STP. In case the unit balance in the Transferor/Source Scheme is lesser than amount specified by the unit holders for STP, the AMC will transfer remaining unit balance to the Transferee/Target Scheme. STP in a folio of minor will be registered only upto the date of minor attaining majority even though the instruction may be for the period beyond that date. The AMC / Trustee reserves the right to change / modify the terms and conditions under the STP prospectively at a future date. v. Systematic Withdrawal Plan (SWP): This facility enables unitholders to withdraw a fixed sum (subject to tax deduction at source, if applicable) by redemption of units in the unit- holder's account at the regular intervals through a one-time request. The unit-holder can choose 1st or 10th day of every month as the SWP date (in case the date selected falls on a non-business day, the transaction will be effected on the next business of the scheme.) The default SWP date will be 10th of every month. The SWP frequency will be monthly. The minimum SWP installment size is Rs. 1,000/- and in multiple of Re. 1 thereafter and SWP request should be for a minimum period of 12 months. A minimum period of 15 calendar days shall be required for registration of SWP. Unitholder may change the amount (but not below the minimum specified
--	---

	amount)/ frequency by giving a written notice at any Investor Service Center at least 15 calendar days prior to next SWP execution date. The SWP may be terminated by a written notice of 15 calendar days by a unit-holder. This SWP termination request may be sent to the office of AMC or at any Investor Service Center. SWP will be automatically terminated if all units are liquidated or withdrawn from the scheme or pledged or upon receipt of intimation of death of unit-holder. Load structure prevailing at the time of submission of the SWP application will apply for all installments indicated in such application. v. Transactions through Electronic Mode: The Mutual Fund may (at its sole discretion and without being obliged in any manner to do so and without being responsible and /or liable in any manner whatsoever), allow transactions in Units by electronic mode (web/ electronic transactions) including transactions through the various web sites with which the AMC would have an arrangement from time to time. Subject to the investor fulfilling certain terms and conditions as stipulated by AMC from time to time, the AMC, Mutual Fund, Registrar or any other agent or representative of the AMC, Mutual Fund, the Registrar may accept transactions through any electronic mode including web transactions and as permitted by SEBI or other regulatory authorities from time to time. In case of transactions through online facilities / electronic modes, the movement of funds from the investors' bank account to the Scheme's bank account may happen via the Intermediary / Aggregator service provider through a Nodal bank account and post reconciliation of fund. The process of movement of funds from the investors' bank account into the Scheme's Bank account in case of online transaction is governed by Reserve Bank of India(RBI)vide their circular Ref. RBI/2009-10/231 DPSS.CO.PD.No.1102/02.14.08/2009-10 dated 24th November, 2009. The process followed by the aggregator and the time lines within which the Funds are credited into the Scheme's bank account is within the time lines provided by RBI which is T+3 settlement cycle /business days, where T is the date of Transaction / day of intimation regarding completion of transaction. The nodal bank account as stated above is an internal account of the bank and such accounts are not maintained or operated by the intermediary / aggregator or by the Mutual Fund. While the movement of Funds out of the investors' Bank account may have happened on T day, however post reconciliation and as per statutory norms, the allotment can happen only on availability of Funds for utilization by the AMC/MF and accordingly the transaction will processed as per the applicable NAV based on availability of funds for utilization. This lag may impact the applicability of NAV for transactions where NAV is to be applied, based on actual realization of funds by the Scheme. Under no circumstances will PPFAS Asset Management Private Limited or its bankers or its service providers be liable for any lag / delay in realization of funds. vi. Registration of Multiple Bank Accounts in respect of an Investor Folio:
--	---

	An Investor can register with the Fund upto 5 bank accounts in case of individuals and HUFs and upto 10 in other cases. Registering of Multiple Bank Accounts will enable the Fund to systematically validate the pay-in of funds and avoid acceptance of third party payments. For the purpose of registration of bank account(s), Investor should submit Bank Mandate Registration Form (available at the AMC Website, office of AMC and Official point of Acceptance) together with any of the following documents: Cancelled original cheque leaf in respect of bank account to be registered where the account number and names of the account holders are printed on the face of the cheque; or Bank statement or copy of Bank Pass Book page with the Investor's Bank Account number, name and address. The above documents will also be required for change in bank account mandate submitted by the Investor. The AMC will register the Bank Account only after verifying that the sole/ first joint holder is the holder / one of the joint holders of the bank account. In case if a copy of the above documents is submitted, Investor shall submit the original to the AMC/ Investor Service Centre for verification and the same shall be returned. In case of Multiple Registered Bank Account, Investor may choose one of the registered bank accounts for the credit of redemption/dividend proceeds (being - Pay-out bank account). Investors may however, specify any other registered bank accounts for credit of redemption proceeds at the time of requesting for the redemption. Investors may change such Pay-out Bank accounts, as necessary, through written instructions. However, if a request for redemption is received together with a change of bank account (unregistered new bank account) or before verification and validation of a new bank account, the redemption request would be processed to the currently registered default old bank account. Bank account which is stated first shall be treated as default bank account. For further details please refer to paragraph on Registration of Multiple Bank Accounts in respect of an Investor Folio in the SAI. The AMC reserves the right to alter/ discontinue all / any of the above-mentioned special product(s)/ facility(ies) at any point of time. Further, the AMC reserves the right to introduce more special product(s) / facility(ties) at a later date subject to prevailing SEBI Guidelines and Regulations. Email ID for communication First / Sole Holders should register their own email address and mobile number in their folio for speed and ease of communication in a convenient and cost-effective manner, and to help prevent fraudulent transactions.

In order to facilitate transactions in mutual fund units through the stock exchange infrastructure, BSE has introduced BSE StAR MF Platform and NSE has introduced Mutual Fund Service System (MFSS) and any other platform which will provide subscription and redemption of units through its platform.

Further, the units of PPFAS Mutual Fund scheme/(s) are permitted to be transacted through clearing members of the registered Stock Exchanges and Depository Participants of Registered Depositories are permitted to process only redemption request of units held in demat form as per SEBI Circular No. CIR/IMD/DF/17/2010 dated November 9, 2010.
4. BSE StAR MF and MFSS are electronic platforms introduced by BSE & NSE respectively for transacting in units of mutual funds. **The units of eligible Scheme are not listed on BSE & NSE and the same cannot be traded on the Stock Exchange.** The window for purchase/redemption of units on BSE & NSE will be available between 9 a.m. and 3 p.m. or such other timings as may be decided.
5. PPFAS Mutual Fund has recently entered into an arrangement with BSE & NSE for facilitating transactions in select PPFAS Mutual Fund scheme/s through the AMFI certified stock exchange brokers. Investors who are interested in transacting in eligible schemes of PPFAS Mutual Fund should register themselves with AMFI certified stock exchange brokers.
6. The eligible AMFI certified stock exchange brokers, Clearing members of recognized stock exchanges and Depository Participants will be considered as Official Points of Acceptance (OPA) of PPFAS Mutual Fund as per applicable guidelines.

	7. Investors have an option to hold the units in physical or dematerialized form. 8. Investors will be able to purchase/redeem units in eligible scheme/s in the following manner : i. Purchase of Units: a. Physical Form The investor who chooses the physical mode is required to submit all requisite documents along with the purchase application (subject to applicable limits prescribed by BSE/NSE) to the AMFI certified stock exchange brokers. The AMFI certified stock exchange broker shall verify the application for mandatory details and KYC compliance. After completion of the verification, the purchase order will be entered in the Stock Exchange system and an order confirmation slip will be issued to investor. The investor will transfer the funds to the AMFI certified stock exchange brokers. Allotment details will be provided by the AMFI certified stock exchange brokers to the investor. b. Dematerialized Form • The investors who intend to deal in depository mode are required to have a demat account with CDSL/NSDL. • The investor who chooses the depository mode is required to place an order for purchase of units (subject to applicable limits prescribed by BSE/NSE) with the AMFI certified stock exchange brokers. • The investor should provide their depository account details to the AMFI certified stock exchange brokers. • The purchase order will be entered in the Stock Exchange system and an order confirmation slip will be issued to investor. • The investor will transfer the funds to the AMFI certified stock exchange brokers. • Allotment details will be provided by the AMFI certified stock exchange brokers to the investor. ii. Redemption of Units: a. Physical Form • The investor who chooses the physical mode is required to submit all requisite documents along with the redemption application (subject to applicable limits prescribed by BSE/NSE) to the AMFI certified stock exchange brokers. • The redemption order will be entered in the Stock Exchange system and an order confirmation slip will be issued to investors. • The redemption proceeds will be credited to the bank account of the investor, as per the bank account details recorded with PPFAS Mutual Fund.
--	--

b. Dematerialized Form

- The investors who intend to deal in depository mode are required to have a demat account with CDSL/NSDL and units converted from physical mode to demat mode prior to placing a redemption order.
- The investor who chooses the depository mode is required to place an order for redemption (subject to applicable limits prescribed by BSE/NSE) with the AMFI certified stock exchange brokers. The investors should provide their Depository Participant with a Depository Instruction Slip with relevant units to be credited to the Clearing Corporation pool account.
- The redemption order will be entered in the system and an order confirmation slip will be issued to investors.

Provisions of Point 9 and 10 shall be applicable with respect to investors having demat account and purchasing or redeeming mutual fund units through stock exchange brokers and clearing members:

9. Investors shall receive redemption amount (if units are redeemed) and units (if units are purchased) through broker/ clearing member's pool account. PPFAS Asset Management Private Limited (the "AMC") / PPFAS Mutual Fund (the "Mutual Fund") shall pay proceeds to the broker/ clearing member (in case of redemption) and broker/clearing member in turn to the respective investor and similarly units shall be credited by the AMC/ Mutual Fund into broker/ clearing member's pool account (in case of purchase) and broker/clearing member in turn shall credit the units to the respective investor's demat account.

10. Payment of redemption proceeds to the broker/clearing members by AMC/Mutual Fund shall discharge AMC/ Mutual Fund of its obligation of payment to individual investors. Similarly, in case of purchase of units, crediting units into the broker/clearing member pool account shall discharge AMC/Mutual Fund of its obligation to allot units to individual investors.

11. Applications for purchase/redemption of units which are incomplete /invalid are liable to be rejected.

12. Separate folios will be allotted for units held in physical and demat mode. In case of non-financial requests/applications such as change of address, change of bank details, etc. investors should approach Investor Service Centres (ISCs) of PPFAS Mutual Fund if units are held in physical mode and the respective Depository Participant(s) if units are held in demat mode.

13. An account statement will be issued by PPFAS Mutual Fund to investors who purchase/ redeem their units under this facility in physical mode. In case of investors who intend to deal in units in depository mode, a demat statement will be sent by Depository Participant showing the credit/debit of units to their account.

14. The applicability of NAV will be subject to guidelines issued by SEBI on Uniform cut-off timings for applicability of NAV of Mutual Fund Scheme(s)/Plan(s) from time to time.

15. Investors will have to comply with Know Your Customer (KYC) norms as prescribed by BSE/NSE/CDSL/ NSDL and PPFAS Mutual Fund to participate in this facility.

	16. Investors should get in touch with Investor Service Centers (ISCs) of PPFAS Mutual Fund for further details. 17. The Mutual Fund distributors (registered) shall not handle payout and pay in funds as well as units on behalf of investor. In the same manner, units shall be credited and debited directly from the demat account of investors, in accordance with applicable SEBI guidelines. Investors should note that Brokers, Clearing members and Depository Participants will be considered as Official Points of Acceptance (OPA) of PPFAS Mutual Fund in line with SEBI Circular No. SEBI/IMD/CIR No. 11/78450/06 dated October 11, 2006 and conditions stipulated in SEBI Circular No. SEBI /IMD / CIR No.11/183204/2009 dated November 13, 2009 for stock brokers viz. AMFI /NISM certification and the provisions of SEBI Circular No. CIR/MRD/DSA/32/2013 dated October 4, 2013 for Mutual Fund Distributors, code of conduct prescribed by SEBI for Intermediaries of Mutual Fund, shall be applicable for such Clearing members, Mutual Fund Distributors and Depository participants as well.
Switching Options	This is the first scheme of PPFAS Mutual Fund offered to investors for investment. Switch-in and switch-out are applicable for options/Plans provided by the schemes of PPFAS Mutual fund. e.g. Switch-ins and Switch-outs from Direct to Regular Plan and Vice versa. Unit-holders may opt to switch units between Direct and Regular Plan of the scheme at applicable NAV.
Account Statements:	Under Regulation 36(4) of SEBI (Mutual Funds) Regulations, 1996, the AMC/ RTA is required to send consolidated account statement for each calendar month to all the investors in whose folio, transaction has taken place during the month. Further, SEBI vide its circular having ref. no. CIR/MRD/DP/31/2014 dated November 12, 2014, in order to enable a single consolidated view of all the investments of an investor in Mutual Fund and securities held in demat form with Depositories, has required Depositories to generate and dispatch a single consolidated account statement for investors having mutual fund investments and holding demat accounts. In view of the said requirements the account statements for transactions in units of the Fund by investors will be dispatched to the investors in following manner: I. Investors who do not hold Demat Account Further, on acceptance of application for subscription, an allotment confirmation specifying the number of Units allotted will be sent by way of e-mail and/or SMS to the applicant's registered e-mail address and/or mobile number within five Business Days from the date of receipt of transaction request from the unit holder(s). The AMC shall send first account statement for a new folio separately with all details registered in the folio by way of a physical account statement and/or an email to the investor's registered address / e-mail address not later than five business days from the date of receipt of subscription request from the unit holder Consolidated Account Statement (CAS), based on PAN of the holders, shall be sent by AMC/ RTA to investors not holding demat account, for each calendar month within 15th day of the succeeding month to the investors in whose folios,

	transactions have taken place during that month. CAS shall be sent by AMC/RTA every half yearly (September/ March), on or before 21st day of succeeding month, detailing holding at the end of the six month, to all such investors in whose folios there have been no transactions during that period. CAS sent by AMC/RTA is a statement containing details relating to all financial transactions made by an investor across all mutual funds viz. purchase, redemption, switch, IDCW payout, IDCW reinvestment, systematic investment plan, systematic withdrawal plan, systematic transfer plan, bonus etc. (including transaction charges paid to the distributor) and holding at the end of the month. II. Investors who hold Demat Account On acceptance of application for subscription, an allotment confirmation Specifying the number of Units allotted will be sent by way of e-mail and/or SMS to the applicant's registered e-mail address and/or mobile number within five Business Days from the date of receipt of transaction request from the unit holder(s). CAS, based on PAN of the holders, shall be sent by Depositories to investors holding demat account, for each calendar month within 105th day of the succeeding month to the investors in whose folios, transactions have taken place during that month. CAS shall be sent by Depositories every half yearly (September/March), on or before 21st day of succeeding month, detailing holding at the end of the six month, to all such investors in whose folios and demat accounts there have been no transactions during that period. In case of demat accounts with nil balance and no transactions in securities and in mutual fund folios, the depository shall send account statement in terms of regulations applicable to the depositories. CAS sent by Depositories is a statement containing details relating to all financial transactions made by an investor across all mutual funds viz. purchase, redemption, switch, IDCW payout, IDCW reinvestment, systematic investment plan, systematic withdrawal plan, systematic transfer plan, bonus etc. (including transaction charges paid to the distributor) and transaction in dematerialised securities across demat accounts of the investors and holding at the end of the month. Following provisions shall be applicable to CAS sent through AMC/ RTA and CAS sent through depositories: i. Investors are requested to note that for folios which are not included in the CAS, AMC shall henceforth issue monthly account statement to the unit holders, pursuant to any financial transaction done in such folios; the monthly statement will be sent on or before 15th day of succeeding month. Such statements shall be sent in physical form if no email id is provided in the folio. ii. The statement sent within the time frame mentioned above is provisional and is subject to realisation of payment instrument and/or verification of documents, including the application form, by the RTA/AMC iii. In the event the folio/demat account has more than one registered holder, the first named Unit holder/Account holder shall receive the CAS (AMC/RTA or Depository). For the purpose of CAS (AMC/RTA or Depository), common investors across mutual funds/depositories shall be identified on the basis of PAN. Consolidation shall be based on the common sequence/order of investors in various folios/demat accounts across mutual funds / demat accounts across
--	---

	depository participants. iv. Investors whose folio(s)/demat account(s) are not updated with PAN shall not receive CAS. Investors are therefore requested to ensure that their folio(s)/demat account(s) are updated with PAN. v. For Unit Holders who have provided an e-mail address in KYC records, the CAS will be sent by e-mail. vi. The Unit Holder may request for a physical account statement by writing to/calling the AMC/RTA. In case of a specific request received from the unit holders, the AMC/RTA shall provide the account statement to the unit holders within 5 business days from the receipt of such request. vii. Account Statements shall not be construed as proof of title and are only computer printed statements indicating the details of transactions under the Schemes during the current financial year and giving the closing balance of Units for the information of the Unit Holder. viii. In case an investor has multiple accounts across two Depositories, the depository with whom the account has been opened earlier will be the default Depository. For SIP/STP/SWP transactions: Account Statement for SIP/STP/SWP will be despatched once every quarter ending March, June, September and December within 10 working days of the end of the respective quarter. A soft copy of the Account Statement shall be mailed to the investors under SIP/STP/SWP to their e-mail address on a monthly basis, if so mandated. However, the first Account Statement under SIP/STP/SWP shall be issued within 10 working days of the initial investment/transfer. In case of specific request received from investors, Mutual Funds shall provide the account statement to the investors within 5 working days from the receipt of such request without any charges. Annual Account Statement: The Mutual Fund shall provide the Account Statement to the Unitholders who have not transacted during the last six months prior to the date of generation of account statements. The Account Statement shall reflect the latest closing balance and value of the Units prior to the date of generation of the account statement, The account statements in such cases may be generated and issued along with the Portfolio Statement or Annual Report of the Scheme. Alternately, soft copy of the account statements shall be mailed to the investors' e-mail address, instead of physical statement, if so mandated. Note: If the investor(s) has/have provided his/their email address in the application form or any subsequent communication in any of the folio belonging to the investor(s), Mutual Fund / Asset Management Company reserves the right to use Electronic Mail (email) as a default mode to send various communication which include account statements for transactions done by the investor(s). The investor shall from time to time intimate the Mutual Fund / its Registrar and Transfer Agents about any changes in the email address.
Dividend	The Scheme offers only "Growth Option" at the moment.

Creation of Segregated Portfolio	Segregated portfolio may be created, in case of a credit event at issuer level i.e. downgrade in credit rating by a SEBI registered Credit Rating Agency (CRA), as under: • Downgrade of a debt or money market instrument to 'below investment grade', or • Subsequent downgrades of the said instruments from 'below investment grade', or • Similar such downgrades of a loan rating. The most conservative rating shall be considered, if there is difference in rating by multiple CRAs, Creation of segregated portfolio shall be based on issuer level credit events as detailed at "Credit Events" and implemented at the ISIN level. Actual default (for unrated debt or money market instruments) In case of unrated debt or money market instruments, the actual default of either the interest or principal amount by the issuer. On occurrence of any default, the AMC shall inform AMFI immediately about the actual default by the issuer. Subsequent to dissemination of information by AMFI about actual default by the issuer, the AMC might segregate the portfolio of debt or money market instruments of the said issuer. Process of creation of segregated portfolio: PPFAS AMC will decide on creation of a segregated portfolio on the day of credit event/actual default and will seek approval of PPFAS Trustee. Post that PPFAS AMC will immediately issue a press release disclosing its intention to segregate such debt and money market instruments and its impact on the investors. PPFAS AMC will also disclose that the segregation shall be subject to trustee approval. Additionally, the said press release will be prominently disclosed on the website of the AMC. PPFAS AMC will ensure that till the time the trustee approval is received, which in no case shall exceed 1(one) business day from the day of credit event/actual default, the subscription and redemption in the scheme shall be suspended for processing with respect to creation of units and payment on redemptions. The segregated portfolio shall be effective from the day of credit event/actual default, post approval of Trustee. PPFAS AMC will issue a press release immediately post approval of PPFAS Trustee with all relevant information pertaining to the segregated portfolio. The said information shall also be submitted to SEBI. An e-mail or SMS will be sent to all unit holders of the concerned Scheme. The NAV of both the segregated and main portfolio will be disclosed from the day of the credit event. All existing unit holders in the Scheme as on the day of the credit event shall be allotted an equal number of units in the segregated portfolio as held in the main portfolio. No redemption and subscription shall be allowed in the segregated portfolio. However, in order to facilitate exit to unit holders in segregated portfolios, PPFAS AMC will enable listing of units of segregated portfolio on recognized stock exchange within 10 working days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer request. If the trustees do not approve the proposal to segregate the portfolio, AMC shall issue a press release immediately informing investors of the same. Valuation and processing of subscription and redemptions:
--	--

	The valuation will take into account the credit event and the portfolio will be valued based on the principles of fair valuation (i.e. realizable value of the assets) in terms of the relevant provisions of SEBI (Mutual Funds) Regulations, 1996 and Circular(s) issued thereunder. All subscription and redemption requests for which NAV of the day of credit event/actual default or subsequent day is applicable will be processed as per the existing circular on applicability of NAV. However, in case of segregated portfolio, applicability of NAV will be as under: -Investors redeeming their units will get redemption proceeds based on the NAV of the main portfolio and will continue to hold the units of the segregated portfolio. -Investors subscribing to the Scheme will be allotted units only in the main portfolio based on its NAV. In case, PPFAS Trustee does not approve the above valuation process, all subscription and redemption applications will be processed based on the NAV of the total portfolio. Disclosure Requirements: A statement of holding indicating the units held by the investors in the segregated portfolio along with the NAV of both segregated portfolio and main portfolio as on the day of the credit event will be communicated to the investors within 5 working days of creation of the segregated portfolio. Further, adequate disclosure of the segregated portfolio will also appear in all scheme related documents, in monthly and half-yearly portfolio disclosures and in the annual report of the mutual fund and the Scheme. Further, the NAV of the segregated portfolio will be declared on a daily basis. The information regarding the number of segregated portfolios created in a scheme shall appear prominently under the name of the scheme at all relevant places such as SID, KIM-cum-Application Form, advertisements, AMC and AMFI websites, etc. The scheme performance required to be disclosed at various places will include the impact of creation of a segregated portfolio. The scheme performance will clearly reflect the fall in NAV to the extent of the portfolio segregated due to the credit event and the said fall in NAV along with recovery(ies), if any, will be disclosed as a footnote to the scheme performance. These disclosures regarding the segregated portfolio will be carried out for a period of at least 3 years after the investments in the segregated portfolio are fully recovered/ written-off. The investors of the segregated portfolio will be duly informed of the recovery proceedings of the investments of the segregated portfolio and status update will be provided to the investors at the time of recovery and also at the time of writing-off of the segregated securities. Upon recovery of money, whether partial or full, it will be immediately distributed to the investors in proportion to their holding in the segregated portfolio. Total Expense Ratio (TER) for segregated portfolio: AMC shall not charge investment and advisory fees on the segregated portfolio. TER (including legal charges and excluding the investment and advisory fees) shall be charged pro- rata basis only on upon recovery of investment in the segregated portfolio. The legal charges related to recovery of the investments of the segregated portfolio may be charged to the segregated portfolio in proportion to the amount of recovery. The maximum TER limit shall be same as applicable to the main portfolio. TER in excess of limit shall be borne by AMC. However, the costs related to segregated portfolio shall in no case be charged to the main portfolio. The TER so levied shall not exceed the simple average of such expenses (excluding the investment and advisory fees) charged on daily basis on
--	--

the main portfolio (in % terms) during the period for which the segregated portfolio was in existence.

Monitoring by Trustees:

In order to ensure timely recovery of investments of the segregated portfolio, Trustees will ensure that, PPFAS AMC puts in sincere efforts to recover the investments of the segregated portfolio. Upon recovery of money, whether partial or full, it will be immediately distributed to the investors in proportion to their holding in the segregated portfolio. Any recovery of amount of the security in the segregated portfolio even after the write off shall be distributed to the investors of the segregated portfolio. Further, an Action Taken Report (ATR) on the efforts made by PPFAS AMC to recover the investments of the segregated portfolio will be placed in every Trustee meeting till the investments are fully recovered/ written-off.

The Trustees will monitor the compliance of this circular and disclose in the half-yearly trustee reports filed with SEBI, the compliance in respect of every segregated portfolio created.

In order to avoid mis-use of segregated portfolio, trustees will ensure that there is a mechanism in place to negatively impact the performance incentives of Fund Managers, Chief Investment Officers (CIOs), etc. involved in the investment process of securities under the segregated portfolio, mirroring the existing mechanism for performance incentives of the AMC, including claw back of such amount to the segregated portfolio of the scheme.

Creation of a segregated portfolio will be optional and at the discretion of PPFAS AMC.

Illustration of portfolio segregation:

The below table shows how a security affected by a credit event will be segregated and its impact on investors

Total Portfolio	Regular Plan	Direct Plan
Net Assets (A)	200.00	110.00
Units (B)	20.000	10.000
NAV per unit (A)/(B)	10.0000	11.0000

Assuming, the above portfolio has a security with market value of Rs. 20 which has got impacted by a credit event. Based on Trustees approval for segregation of portfolio, total portfolio would be split into main portfolio and segregated portfolio as given below:

Main Portfolio	Regular Plan	Direct Plan
Net Assets before Segregation (A)	200.00	110.00
Value of impacted security (B)	12.9040	7.0970
Net Assets after segregation (C) = (A) – (B)	187.0960	102.903
Units (D)	20.000	10.000
NAV per unit (C)/(D)	9.3548	10.2903

Segregated Portfolio	Regular Plan	Direct Plan
Value of impacted security segregated from Total Portfolio	12.9040	7.0970
Haircut @ 25%	3.226	1.774
Net Assets after Haircut (A)	9.678	5.323
Units (B)	20.000	10.000
NAV per unit (A)/(B)	0.4839	0.5323
Investor Holding	Regular Plan	Direct Plan
Net Assets in Total Portfolio	200.00	110.00
Net Assets in Main Portfolio	187.0960	102.903
Net Assets in Segregated Portfolio after Haircut*	9.678	5.323

* Market value of investor holding will come down to the extent of a haircut on the impacted security.

Impact on investors:

Existing Investors: All existing investors in the scheme as on the day of the credit event will be allotted equal number of units in the segregated portfolio as held in the main portfolio.

New Investors: Investors subscribing to the scheme will be allotted units only in the main portfolio based on its NAV.

Exiting Investors: Investors redeeming their units will get redemption proceeds based on the NAV of main portfolio and will continue to hold the units of segregated portfolio.

Redemption:	The redemption or repurchase proceeds shall be dispatched to the unit holders within 4 working days from the date of redemption or repurchase. For redeeming units of the Scheme, an investor would need to submit a duly filled-in redemption application at any of ISC/Official point of Acceptance. The redemption switch would be permitted to the extent of credit balance in the unit-holder's account. The redemption switch request can be made by specifying either the number of units or the amount (in rupees) to be redeemed. In case the investor specifies the number of units and amount to be redeemed, the number of units shall be considered for redemption. In case the unit-holder does not specify the number of units or amount to be redeemed, the redemption request will not be processed. For details regarding the minimum amount for redemption please see the point on Minimum amount for purchase/redemption switches in this document. In the larger interest of the unitholders of the Scheme, the AMC may, in consultation with the Trustee, keeping in view unforeseen circumstances / unusual market conditions, limit the total number of units which may be redeemed on any business day to such a percentage of the total number of units issued and outstanding under Scheme/plan as the AMC may determine. For details, please refer to the paragraph on Right to limit Redemption in the SAI. The AMC reserves the right to, in consultation with the Trustee, suspend the purchase and/ or redemption units temporarily or indefinitely, in case of unforeseen extraordinary circumstances. For details, please refer to the paragraph on 'Suspension of Purchase and / or Redemption of Units and Dividend Distribution' in the SAI. Redemption proceeds will be paid to the investor through Real Time Gross Settlement (RTGS), NEFT, IMPS, Direct Credit, a/c payee cheque or demand draft or any other mode allowed by Reserve Bank of India . Redemption under dematerialized mode: The investor who holds units in the demat mode is required to place an order for redemption directly with the Depository Participants. The Investor should provide a request for redemption to their Depository Participants along with Depository Instruction Slip and such other documents as may be specified by the Depository participants. The investor can also redeem units held in demat mode through Stock Exchange Infrastructure. The redemption requests submitted to the AMC / Registrar directly are liable to be rejected. If the investor wish to redeem the units hold in demat mode with the AMC in such case the investor is required to convert such units in the physical mode by submitting request for Rematerialization to the Depository Participants and after conversion of such units into the physical mode to the AMC for redemption of such units.
---------------------------	---

	The Trustee may mandatory redeem units of any unitholders in the event that it is found that the unitholders has submitted information either in the application or otherwise that is false, misleading or incomplete or units are held by unitholders in breach of the regulation. The AMC may in the general interest of the unitholders of the Scheme, keeping in view of the unforeseen circumstances / unsure conditions, limit the total number of units which may be repurchased / redeemed on any Business Day upto 5% of the total number of units of the Scheme. Units can be redeemed (sold back to the Mutual Fund) at the Redemption Price during the Ongoing Offer Period. Payment of redemption proceeds: Resident Investors: In case of Unit holders having a bank account with certain banks with which the Mutual Fund would have an arrangement from time to time, the redemption proceeds shall be electronically credited to their account. In case of specific requests, redemption proceeds will be paid by way of payment channels like RTGS, NEFT, IMPS, Direct Credit, etc. or any other mode allowed by Reserve Bank of India in addition to cheques/demand drafts in favour of the unitholder (registered holder of the Unit or, if there are more than one registered holder, only to the first registered holder) with bank account number furnished to the Fund. Redemption by NRIs: For NRIs, redemption proceeds will be remitted depending upon the source of investment as follows: Where the payment for the purchase of the units redeemed was made out of funds held in NRO account, the redemption proceeds will be credited to the NRI investor's NRO account. Where the units were purchased on repatriation basis and the payment for the purchase of the units redeemed was made by inward remittance through normal banking channels or out of funds held in NRE / FCNR account, the redemption proceeds will be credited to his NRE / FCNR account. Note : i. The Fund will not be liable for any delays or for any loss on account of any exchange fluctuations, while converting the rupee amount in foreign exchange in the case of transactions with NRIs / FIIs. ii. Payment to NRI / FII Unit holders will be subject to the relevant laws / guidelines of the RBI as are applicable from time to time (also subject to deduction of tax at source as applicable). iii. The Fund may make other arrangements for effecting payment of redemption proceeds in future. iv. The cost related to repatriation, if any will be borne by the Investor. Effect of Redemptions
--	---

	The balances in the unit-holder's account will stand reduced by the number of units redeemed. Units once redeemed will be extinguished and will not be reissued. As per the SEBI circular no. MFD / CIR / 9 / 120 / 2000, dated November 24, 2000 read with SEBI Circular no. SEBI/HO/IMD/DF2/CIR/P/2016/37 dated February 25, 2016, the unclaimed redemption and IDCW amounts shall be allowed to be deployed by the Fund in call money market or money market instruments and the same shall also be allowed to be invested in a separate plan of Liquid scheme / Money Market Mutual Fund scheme floated by Mutual Funds specifically for deployment of the unclaimed amounts. The investment management fee charged by the AMC for managing such unclaimed amounts shall not exceed 50 basis points. Investors claiming these amounts during a period of three years from the due date shall be paid at the prevailing NAV. After a period of three years, this amount shall be transferred to a pool account and the investors can claim the said amounts at the NAV prevailing at the end of the third year. Income earned on such funds shall be used for the purpose of investor education. The AMC shall make a continuous effort to remind investors through letters to take their unclaimed amounts. The AMC reserves the right to provide the facility of redeeming Units of the Scheme through an alternative mechanism including but not limited to online transactions on the Internet through the AMC website or any other website, etc., as may be decided by the AMC from time to time. The alternative mechanisms would be applicable to only those investors who opt for the same in writing and/or subject to investor fulfilling such conditions as the AMC may specify from time to time. On the receipt of transmission request form the claimant, AMC/RTA shall ascertain any unclaimed IDCW/redemption and refund amount payable to the deceased unit holder and pay to the claimant's registered bank account via RTGS/NEFT/Direct Fund transfer. Unit-holders should note that while remitting your redemption proceeds, tax will be deducted at source in accordance with applicable tax laws. Bank Details: In order to protect the interest of Unit holders from fraudulent encashment of redemption / dividend cheques, SEBI has made it mandatory for investors to provide their bank details viz. name of bank, branch, address, account type and number, etc. to the Mutual Fund. Applications without complete bank details shall be rejected. The AMC will not be responsible for any loss arising out of fraudulent encashment of cheques / warrants and / or any delay / loss in transit. Also, please refer to point on Registration of Multiple Bank Accounts in respect of an Investor Folio given elsewhere in this document.
--	--

Delay in payment of redemption / repurchase proceeds/ dividend	Under normal circumstances, the redemption or repurchase proceeds shall be dispatched to the unitholders within 10 working days from the date of redemption or repurchase. The AMC shall be liable to pay interest to the unitholders at such rate as may be specified by SEBI for the period of such delay (presently @ 15% per annum). However, the AMC will not be liable to pay any interest or compensation or any amount otherwise, in case the AMC / Trustee is required to obtain from the investor / unitholders, verification of identity or such other details relating to subscription for units under any applicable law or as may be requested by a regulatory body or any government authority, which may result in delay in processing the application. The interest for the delayed payment of dividend shall be calculated from the record date.

C. Periodic Disclosures:	
Net Asset Value This is the value per unit of the Scheme on a particular day. You can ascertain the value of your investments by multiplying the NAV with your Unit balance.	The first NAV of the Scheme will be calculated and disclosed within a period of 5 business days from the date of allotment. Subsequently, the AMC will calculate and disclose the NAVs on all the Business Days. The AMC shall update the NAVs on its website (www.amc.ppfas.com) and of the Association of Mutual Funds in India - AMFI (www.amfiindia.com) before 11.00 p.m. on every Business Day. Due to any reason, if the NAVs of the Scheme are not available before the commencement of Business Hours on the following day, the Mutual Fund shall issue a press release giving reasons and explaining when the Mutual Fund would be able to publish the NAV. SEBI circular, CIR/IMD/DF/21/2012 dated September 13, 2012 that Mutual Fund shall declare separate NAV for Direct and Regular Plan. Accordingly, Direct and Regular Plan shall have different NAV. The difference in NAV will be the commission paid to the distributor/s. NAV will be declared with 4 decimal points.
Half yearly Disclosures: Portfolio / Financial Results This is a list of securities where the corpus of the Scheme is currently invested. The market value of these investments is also stated in portfolio disclosures.	The AMC shall disclose the portfolio of the Scheme along with ISIN as on the last day of each month / half year on its website viz. www.amc.ppfas.com and on the website of AMFI viz. www.amfiindia.com within 10 days from the close of each month/ half-year respectively in a user-friendly and downloadable spreadsheet format. In case of Unitholders whose e-mail addresses are registered, the AMC shall send via email both the monthly and half-yearly statement of the Scheme portfolio within 10 days from the close of each month/ half-year respectively. Further, the AMC shall publish an advertisement in all India editions of at least two daily newspapers, one each in English and Hindi, every half year disclosing the hosting of the half-yearly statement of the schemes' portfolio(s) on the AMC's website and on the website of AMFI. The AMC shall provide a physical copy of the statement of the Scheme portfolio, without charging any cost, on specific request received from a Unitholder.
Half Yearly Results	The Mutual Fund shall within one month from the close of each half year (i.e. 31st March and 30th September), host a soft copy of its unaudited financial results on its website www.amc.ppfas.com. The Mutual Fund shall also publish an advertisement disclosing the hosting of such financial results on its website, in at least one English daily newspaper having nationwide circulation and in a newspaper having wide circulation published in the language of the region where the Head Office of the Mutual Fund is situated. The unaudited financial results shall also be displayed on the website of AMFI.

Annual Report	The scheme wise annual report shall be hosted on the website of the AMC / Mutual Fund (www.amc.ppfas.com) and AMFI (www.amfiindia.com) not later than four months (or such other period as may be specified by SEBI from time to time) from the date of closure of the relevant accounting year (i.e. 31st March each year). Further, the physical copy of the scheme wise annual report shall be made available to the Unitholders at the registered / corporate office of the AMC at all times. In case of Unitholders whose email addresses are registered with the Fund, the AMC shall e-mail the annual report or an abridged summary thereof to such Unitholders. The Unitholders whose email addresses are not registered with the Fund may submit a request to the AMC / Registrar & Transfer Agent to update their email ids or communicate their preference to continue receiving a physical copy of the scheme wise annual report or an abridged summary thereof. Unitholders may also request for a physical or electronic copy of the annual report / abridged summary, by writing to the AMC at mf@ppfas.com from their registered email ids or calling the AMC on the toll free number 1800 266 7790 or by submitting a written request at any of the nearest investor service centers of the Fund. Further, the AMC shall publish an advertisement in all India edition of at least two daily newspapers, one each in English and Hindi, every year disclosing the hosting of the scheme wise annual report on its website and on the website of AMFI. The AMC shall provide a physical copy of the abridged summary of the annual report, without charging any cost, on specific request received from a Unitholder.

As per section 196D(2) of the Act, no TDS shall be made in respect of income by way of capital gain arising from the transfer of securities referred to in section 115AD of the Act.

Health and education Cess shall be applicable at 4% on aggregate of base tax and surcharge.

	\$ The Finance Act, 2021 provides that in case of domestic company, the rate of income-tax shall be 25% if its total turnover or gross receipts in the financial year 2019-20 does not exceed Rs. 400 crores. @ The corporate tax rates for domestic companies (not claiming specified incentives and deductions) at the rate of 22% under section 115BAA and domestic manufacturing companies (not claiming specified incentives and deductions) set-up and registered on or after 1 October 2019 at the rate of 15% under section 115BAB. The tax computed in case of domestic companies whose income is chargeable to tax under section 115BAA or section 115BAB shall be increased by a surcharge at the rate of 10%. ^ Short term/ long term capital gain tax will be deducted at the time of redemption of units in case of NRI investors only. However, as per section 196A of the Act the withholding tax of 20%(plus applicable surcharge and cess) is applicable on any income in respect of units of mutual fund in case of non-residents. Hence, based on language provided in said section, it seems that apart from any income distributed to NRI, withholding tax at 20% may be applicable on capital gains notwithstanding that such capital gains are taxable at a rate lower than 20%. & Section 112A provides that long term capital gains arising from transfer of a long term capital asset being a unit of an equity oriented fund shall be taxed at 10% (without indexation and foreign currency fluctuation benefit) of such capital gains exceeding one lakh rupees. The concessional rate of 10% shall be available only if STT has been paid on transfer in case of units of equity- oriented mutual funds. **The Finance Act, 2021 inserted a new section 206AB w.e.f. 1 July 2021 which would apply on any sum or income or amount paid, or payable or credited, by a person (herein referred to as deductee) to a specified person, as defined. This section shall not apply where the tax is required to be deducted under sections 192, 192A, 194B, 194BB, 194LBC or 194N of the Act. The TDS rate in this section is higher of the followings rates: • twice the rate specified in the relevant provision of the Act; or • twice the rate or rates in force; or • the rate of five per cent. It is also provided that if the provision of section 206AA of the Act is applicable to a specified person, in addition to the provision of this section, the tax shall be deducted at higher of the two rates provided in this section and in section 206AA of the Act. ^^ The information given herein is as per the prevailing tax laws. For further details on taxation, please refer to the Section on Taxation on investing in Mutual Funds in Statement of Additional Information (SAI). Investors should be aware that the fiscal rules/ tax laws may change and there can be no guarantee that the current tax position may continue indefinitely. In view of the individual nature of tax implications, investors are advised to consult their professional tax advisor.

B. Computation of NAV

The Net Asset Value (NAV) per Unit of the Scheme(s) will be computed by dividing the net assets of the Scheme(s) by the number of Units outstanding under the Scheme on the valuation date. The Mutual Fund will value its investments according to the valuation norms, as specified in Schedule VIII of the SEBI (MF) Regulations, or such norms as may be specified by SEBI from time to time. NAV of Units of under each Scheme / Plan shall be calculated as shown below:

$$\text{NAV (Rs) per unit} = \frac{\begin{array}{l} \text{Market or Fair Value of the Scheme's Investments} \\ + \text{Current Assets including Accrued income} \\ - \text{Current Liabilities and Provisions} \end{array}}{\text{No. of Units outstanding under the Scheme / Plan/ Option on the Valuation day}}$$

The NAV of the Scheme(s) will be calculated and disclosed at the close of every Business Day.

The AMC will calculate and disclose the first NAV of the Scheme within a period of 5 business days from the date of allotment. Subsequently, the NAVs will be calculated for all the Business Days. Separate NAV will be declared for Direct and Regular Plan (Please refer to SEBI circular, CIR/IMD/DF/21/2012 dated 13th September 2012).

The NAV of the Scheme(s) will be calculated up-to 4 decimals. Units will be allotted up-to 3 decimals.

NAV will also be displayed on the website of the Mutual Fund. In addition, the ISCs would also display the NAV.

Valuation of foreign securities

The security issued outside India and listed on the stock exchanges outside India shall be valued as follows:

The security issued outside India and listed on the stock exchanges outside India shall be valued at the closing price on the stock exchange at which it is listed. However in case a security is listed on more than one stock exchange, the AMC reserves the right to determine the stock exchange, the price of which would be used for the purpose of valuation of that security. Any subsequent change in the reference stock exchange used for valuation will be backed by reasons for such change being recorded in writing by the AMC. Further in case of extreme volatility in the overseas markets, the securities listed in those markets may be valued on a fair value basis.

For valuation of securities registered in USA, NYSE has been selected as principal stock exchange. If any security is not listed on NYSE, security prices as quoted on NASDAQ will be considered.

For securities registered in UK, LSE (London Stock Exchange) has been selected as principal stock exchange. Securities prices as quoted on LSE will be used for valuation purposes.

If a significant event has occurred after security prices were established for the computation of NAV of the Scheme, the AMC reserves the right to value the said securities on fair value basis.

When on a particular valuation day, a security has not been traded on the selected stock exchange; the security will be valued in accordance with SEBI guidelines applicable for security listed in India.

"If the security is listed in a time zone ahead of India, then the same day's closing price would be used for valuation. If the security is listed in a time zone behind India, then the previous days price would be used for valuation."

On the Valuation Day, all assets and liabilities denominated in foreign currency will be valued in Indian Rupees at the exchange rate available on Bloomberg / Reuters / RBI. The Trustees reserve the right to change the source for determining the exchange rate.

The exchange gain / loss resulting from the aforesaid conversion shall be recognized as unrealized exchange gain / loss in the books of the Scheme on the day of valuation.

Further, the exchange gain / loss resulting from the settlement of assets / liabilities denominated in foreign currency shall be recognized as realized exchange gain / loss in the books of the scheme on the settlement of such assets / liabilities.

IV. Fees and Expenses

This section outlines the expenses that will be charged to the Scheme. The information provided under this Section seeks to assist the investor in understanding the expense structure of the Scheme and types of different fees / expenses and their percentage the investor is likely to incur on purchasing and selling the Units of the Scheme.

A. New Fund Offer (NFO) Expenses

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees, marketing and advertising expenses, Registrar & Transfer Agents' expenses, printing and stationary, bank charges etc.

In accordance with the provisions of SEBI Circular no. SEBI/ IMD/CIR No. 1/64057/06 dated April 04, 2006 and SEBI/IMD/CIR No. 4/168230/09 dated June 30, 2009, the NFO expenses shall be borne by the AMC/ Trustee/Sponsor and not by the scheme of mutual fund.

B. Annual Scheme Recurring Expenses

These are the fees and expenses for operating the Scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

The AMC has estimated that upto 2.25% of the daily net assets of the Scheme will be charged to the Scheme as expenses. Please refer to the table below for details. For the actual current expenses being charged, the investor should refer to the website of the Mutual Fund viz. <https://amc.ppfas.com/statutory-disclosures/total-expense-ratio-TER/>

Illustration: Impact of expense ratio on scheme's returns:-

Expense ratio, normally expressed as a percentage of Average Assets under Management, is calculated by dividing the permissible expenses under the Regulations by the average net assets.

To further illustrate the above, for the Scheme under reference, suppose an Investor invested ₹ 10,000/- under the Growth Option, the impact of expenses charged will be as under:

	Regular Plan			Direct Plan		
	Amount (₹)	Units	NAV (₹)	Amount (₹)	Units	NAV (₹)
Invested on March 31, 2017 (A)	10,000.00	950.299	10.523	10,000.00	931.619	10.734
Value of above investment as on March 31, 2018 (post all applicable expenses) (B)	10,902.89	950.299	11.4731	10,987.89	931.619	11.7944
Expenses charged during the year (other than Distribution Expenses/Commission) (C)	150.00			150.00		
Distribution Expenses/Commission charged during the year (D)	85.00			0.00		
Value of above investment as on March 31, 2018 (after adding back all expenses charged) (E) [E= B+C+D]	11,137.89	950.299	11.7204	11,137.89	931.619	11.9554
Returns (%) (post all applicable expenses) (F) [F= (B-A)/A]	9.03%			9.88%		
Returns (%) (without considering any expenses) (G) [G= (E-A)/A]	11.38%			11.38%		

C. Scheme Expense Structure:

Expense Head	% of daily Net Assets
Investment Management and Advisory Fees	Upto 2.25%

Maximum total expense ratio (TER) permissible under Regulation 52 (6) (c) (i)	Upto 2.25%
Additional expenses under regulation 52 (6A) (c)^	Upto 0.05%
Additional expenses for gross new inflows from specified cities	Upto 0.30%

^ In terms of SEBI Circular No SEBI/HO/IMD/DF2/CIR/P/2018/15 dated February 02, 2018, in case exit load is not levied / not applicable, the AMC shall not charge the said additional expenses.

All scheme related expenses including commission paid to distributors, by whatever name it may be called and in whatever manner it may be paid, shall necessarily be paid from the scheme only within the regulatory limits and not from the books of the Asset Management Companies (AMC), its associate, sponsor, trustee or any other entity through any route. However, expenses that are very small in value but high in volume may be paid out of AMC's books at actuals or not exceeding 2 bps of respective Scheme AUM, whichever is lower. A list of such miscellaneous expenses will be as provided by AMFI in consultation with SEBI.

Notes: Expense structure for Direct Plan will be lower than the regular plan to the extend of Commission.

Direct Plan shall have a lower expense ratio excluding distribution expenses, commission, etc. and no commission for distribution of Units will be paid / charged under Direct Plan.

These estimates have been made in good faith as per the information available to the Investment Manager and are subject to change inter-se or in total subject to prevailing Regulations. The AMC may incur actual expenses which may

be more or less than those estimated above under any head and/or in total. Type of expenses charged shall be as per the SEBI Regulations.

The trusteeship fees shall be subject to a maximum of 0.01% per annum of the daily Net Assets of the schemes or a sum of Rs. 25,00,000/- per annum. Such fee shall be accrued on a monthly basis and paid to the Trustee Company at yearly frequency. The Trustee Company may charge further expenses as permitted from time to time under the Trust Deed and SEBI (MF) Regulations.

As per Para B of the SEBI Circular No. CIR/IMD/DF/21/ 2012 dated September 13, 2012, GST shall be charged as follows:

1. GST on investment management and advisory fees shall be charged to the Scheme in addition to the maximum limit of TER as prescribed in Regulation 52 (6) of the SEBI (MF) Regulations.
2. GST on other than investment management and advisory fees, if any, shall be borne by the Scheme within the maximum limit of TER as prescribed in Regulation 52 (6) of the SEBI (MF) Regulations.
3. GST on exit load, if any, shall be paid out of the exit load proceeds and exit load net of GST, if any, shall be credited to the Scheme.
4. GST on brokerage and transaction cost paid for execution of trade, if any, shall be within the limit prescribed under Regulation 52 of the SEBI (MF) Regulations.

The AMC shall charge the Mutual Fund with investment and advisory fee as prescribed in the SEBI (MF) Regulations from time to time. Presently, the SEBI (MF) Regulations permit fees as follows:

The recurring expenses of the Scheme shall be as per the limits prescribed under the SEBI (MF) Regulations. These are as follows:

Total Recurring Expense as a % of Daily Average Net Assets**

- on the first Rs.500 crores of the daily net assets 2.25%;
 - on the next Rs.250 crores of the daily net assets 2.00%;
 - on the next Rs.1,250 crores of the daily net assets 1.75%;
 - on the next Rs.3,000 crores of the daily net assets 1.60%;
 - on the next Rs.5,000 crores of the daily net assets 1.50%;
 - on the next Rs.40,000 crores of the daily net assets - Total expense ratio reduction of 0.05% for every increase of Rs.5,000 crores of daily net assets or part thereof
- on the balance of the assets 1.05%:

** Minimum of 0.02% shall be allocated annually to investor education and awareness initiatives

It is possible that the AMC may charge the maximum recurring expenses provided above as investment management and advisory fees. In such case the other recurring expenses will not be charged to the Scheme.

In terms of SEBI circular no. CIR/IMD/DF/21/2012 dated September 13, 2012, the AMC shall annually set apart at least 0.02% on daily net assets within the maximum limit of recurring expenses as per Regulation 52 for investor education and awareness initiatives.

In addition to the limits specified above as permitted under Regulation 52 (6A) of the SEBI Regulations, the following costs or expenses may be charged to the Scheme:

1. brokerage and transaction costs which are incurred for the purpose of execution of trade and is included in the cost of investment, not exceeding 0.12% in case of cash market transactions and 0.05% in case of derivatives transactions;

In accordance with SEBI circular no. CIR/IMD/DF/24/ 2012 dated November 19, 2012, any payment towards brokerage and transaction cost, over and above the said 0.12% and 0.05% for cash market transactions and derivatives transactions respectively, may be charged to the Scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under Regulation 52 (6) of the SEBI (MF) Regulations, 1996.

2. expenses not exceeding of 0.30% of daily net assets, if the new inflows from beyond the top 30 cities are at least:
(i) 30 % of gross new inflows in the Scheme or;

(ii) 15 % of the average assets under management (year to date) of the Scheme, whichever is higher:

As per SEBI Circular No. SEBI/HO/IMD/DF2/CIR/P/2018/137 dated October 22, 2018, additional expenses of 30 basis points, shall be charged based on inflows only from retail investors from beyond top 30 cities.

As per SEBI circular no. SEBI/HO/IMD/DF2/CIR/P/2019/42 dated March 25, 2019, inflows of amount upto Rs 2,00,000/- per transaction, by individual investors shall be considered as inflows from “retail investor”.

In case inflows from such cities are less than the higher of (a) or (b) above, such expenses on daily net assets of the Scheme shall be charged on proportionate basis in accordance with SEBI Circular no. CIR/IMD/ DF/21/2012 dated September 13, 2012 read with SEBI Circular no. SEBI/HO/IMD/DF2/CIR/P/2018/16 dated February 2, 2018.

The amount so charged shall be utilised for distribution expenses incurred for bringing inflows from such cities. However, the amount incurred as expense on account of inflows from such cities shall be credited back to the Scheme in case the said inflows are redeemed within a period of one year from the date of investment.

Currently, SEBI has specified that the above additional expense may be charged for inflows from beyond 'Top 30 cities'. Top 30 cities shall mean top 30 cities based on Association of Mutual Funds in India (AMFI) data on 'AUM by Geography - Consolidated Data for Mutual Fund Industry' as at the end of the previous financial year.

3. Expenses not exceeding 0.05% p.a. of daily net assets towards Investment Management and Advisory Fees and the various sub-heads of recurring expenses mentioned under Regulation 52 (2) and (4) respectively of SEBI (MF) Regulations. However, in terms of SEBI Circular No SEBI/ HO/ IMD/ DF2/ CIR/P/ 2018/15 dated February 02, 2018, in case exit load is not levied / not applicable, the AMC shall not charge the said additional expenses.

The total expenses of the Scheme including the Investment Management and Advisory Fee shall not exceed the limits stated in Regulation 52 of the SEBI (MF) Regulations.

The total expense ratios of the schemes of the Fund are available in downloadable spreadsheet format on the AMC website and AMFI website. Any change in the current expense ratios will be updated at least three working days prior to the effective date of the change. For the current total expense ratio details of the Scheme, investors may visit <https://amc.ppfas.com/statutory-disclosures/total-expense-ratio-TER/> available on the website of the AMC viz., www.amc.ppfas.com and AMFI's website viz., www.amfiindia.com.

D. Transaction Charges

For Details – Refer section “**Highlights/Summary of the Scheme**”.

E. Load Structure

Load is an amount, which is paid by the investor to subscribe to the units or to redeem the units from the scheme. This amount is used by the AMC to pay commissions to the distributor and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (<http://amc.ppfas.com>) or call at 022 6140 6538 or your distributor.

Details of Load Structure (On Ongoing basis)

Particulars (as a % of Applicable NAV)	Parag Parikh Flexi Cap Fund
--	-----------------------------

Entry Load	Not Applicable In terms of SEBI circular no. SEBI/IMD/CIR No. 4/ 168230/09 dated June 30, 2009 has notified that, w.e.f. August 01, 2009 there will be no entry load charged to the schemes of the Mutual Fund and the upfront commission to distributors will be paid by the investor directly to the ARN Holder (AMFI registered Distributor), based on the investors' assessment of various factors including the service rendered by the distributor.
Exit/ Redemption Load	2.00 % if the investment is redeemed on or before 365 days from the date of allotment of units. 1.00 % if the investment is redeemed after 365 days but on or before 730 days from the date of allotment of units. No Exit Load will be charged if investment is redeemed after 730 days from the date of allotment of units. No exit load will be charged, in case of switch transactions between Regular Plan and Direct Plan of the Scheme for existing as well as prospective investors.

Under the Scheme, the Trustee / AMC reserves the right to modify / change the Load structure if it deems fit in the interest of smooth and efficient functioning of the Mutual Fund. The AMC reserves the right to introduce / modify the Load Structure depending upon the circumstances prevailing at that time subject to maximum limits as prescribed under the SEBI (Mutual Funds) Regulations.

The Load may also be changed from time to time and in the case of an Exit / Redemption Load this may be linked to the period of holding.

The Redemption Price however, will not be lower than 93% of the NAV, and the Sale Price will not be higher than 107% of the NAV, provided that the difference between the Redemption price and Sale price at any point in time shall not exceed the permitted limit as prescribed by SEBI from time to time which is presently 7% calculated on the Sale Price.

Any imposition or enhancement of Exit Load in the load shall be applicable on prospective investments only. The investor is requested to check the prevailing load structure of the scheme before investing.

However, AMC shall not charge any load on the issue of bonus units and units allotted on reinvestment of dividend for existing as well as prospective investors. At the time of changing the load structure the AMC / Mutual Fund may adopt the following procedure:

1. The addendum detailing the changes will be attached to Scheme Information Document and Key Information Memorandum and displayed on our website <http://amc.ppfas.com> The addendum will be circulated to all the distributors / brokers so that the same can be attached to all Scheme Information Document and Key Information Memorandum already in stock.
2. Arrangements will be made to display the changes / modifications in the Scheme Information Document in the form of a notice in all the Investor Service Centers and distributors / brokers office.
3. The introduction of the Load along with the details will be stamped in the acknowledgment slip issued to the investors on submission of the application form and will also be disclosed in the Account Statement or in the covering letter issued to the Unit holders after the introduction of such Load.
4. A public notice shall be given in respect of such changes in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head Office of the Mutual Fund is situated.
5. GST on exit load, if any, shall be paid out of the exit load proceeds. The entire exit load (net of GST), charged, if any, shall be credited to the Scheme.

6. Any other majors which the mutual fund may feel necessary.

F. Waiver of Load for Direct Applications

Pursuant to SEBI circular no. SEBI/IMD/CIR No.4/ 168230/09 dated June 30, 2009 no entry load shall be charged for all mutual fund schemes. Therefore, the procedure for waiver of load for direct applications is no longer applicable.

PPFAS MUTUAL FUND

NOTICE CUM ADDENDUM TO THE SCHEME INFORMATION DOCUMENT OF PPFAS LONG TERM VALUE FUND

This Addendum sets out the clarification with regard to the valuation of securities issued outside India and listed on the stock exchanges outside India in the Scheme Information Document of PPFAS Long Term Value Fund.

Valuation of securities issued outside India and listed on the stock exchanges outside India.

The following paragraph shall be replaced in the Scheme Information Document of PPFAS Long Term Value Fund, under the heading "Computation of NAV" with the sub-heading "Valuation of securities issued outside India and listed on the stock exchanges outside India" to ensure clarity in the valuation of securities issued outside India and listed on the stock exchanges outside India.

Existing provisions

"Due to difference in time zones of different markets, closing price of overseas securities/ units of overseas mutual fund may be available only after the prescribed time limit for declaration of NAV in India. In such cases, the NAV of the Scheme for any Business Day (T day) will be available on the next Business Day (T+1 day) and the same shall be posted, on each Business Day, on the Fund's website and on the AMFI website -www.amfiindia.com on date of computation of NAV."

Revised provisions (w.e.f. 27th May 2013)

"If the security is listed in a time zone ahead of India, then the same day's closing price would be used for valuation. If the security is listed in a time zone behind India, then the previous day's closing price would be used for valuation."

Date: May 24, 2013.

2. Additional Facility for Purchase / Redemption of Units of PPFAS Mutual Fund Scheme(s) Through Stock Exchange(s) Platform.

List of eligible scheme/s.

Sr. No.	Name of the Scheme
1	PPFAS Long Term Value Fund

In order to expand the reach of PPFAS Mutual Fund to more towns and cities, PPFAS Trustee Company Private Limited, the Trustee to PPFAS Mutual Fund has decided to offer units of its scheme, PPFAS Long Term Value Fund for purchase/redemption on Bombay Stock Exchange Limited ("BSE") and National Stock Exchange of India Limited ("NSE") **effective from 10th September 2014**. The introduction of this facility is pursuant to guidelines issued by SEBI and the Stock Exchanges viz. BSE & NSE.

PPFAS Mutual Fund is introducing the facility to purchase and redeem units of PPFAS Mutual Fund scheme/s through Stock Exchange Platform, in accordance with SEBI Circulars No. CIR/MRD/DSA/32/2013 dated October 4, 2013, Circular No. SEBI/IMD/CIR No. 11/183204/ 2009 dated November 13, 2009 and Circular No. CIR/IMD/DF/17/2010 dated November 9, 2010.

The following are the salient features of the new facility introduced for the benefit of investors

1. This facility i.e. purchase/redemption of units will be available to both existing and new investors.
2. The investors will be eligible to purchase /redeem units of the aforesaid scheme.
3. All trading members of BSE & NSE who are registered with AMFI as Mutual Fund Advisors, mutual fund distributors registered with the AMFI and who are permitted by the respective recognised stock exchange and who have signed up with PPFAS Asset Management Private Limited and also registered with BSE & NSE as Participants ("AMFI certified stock exchange brokers") will be eligible to offer this facility to investors. In order to facilitate transactions in mutual fund units through the stock exchange infrastructure, BSE has introduced BSE StAR MF Platform and NSE has introduced Mutual Fund Service System (MFSS).

Further, the units of PPFAS Mutual Fund scheme/(s) are permitted to be transacted through clearing members of the registered Stock Exchanges and Depository Participants of Registered Depositories are permitted to process only redemption request of units held in demat form as per SEBI Circular No. CIR/IMD/DF/17/2010 dated November 9, 2010.
4. BSE StAR MF and MFSS are electronic platforms introduced by BSE & NSE respectively for transacting in units of mutual funds. **The units of eligible Scheme are not listed on BSE & NSE and the same cannot be traded on the Stock Exchange.** The window for purchase/redemption of units on BSE & NSE will be available between 9 a.m. and 3 p.m. or such other timings as may be decided.
5. PPFAS Mutual Fund has currently entered into an arrangement with BSE & NSE for facilitating transactions in select PPFAS Mutual Fund scheme/s through the AMFI certified stock exchange brokers. Investors who are interested in transacting in eligible

schemes of PPFAS Mutual Fund should register themselves with AMFI certified stock exchange brokers.

6. The eligible AMFI certified stock exchange brokers, Clearing members of recognised stock exchanges and Depository Participants will be considered as Official Points of Acceptance (OPA) of PPFAS Mutual Fund as per applicable guidelines.

7. Investors have an option to hold the units in physical or dematerialized form.

8. Investors will be able to purchase/redeem units in eligible scheme/s in the following manner :

i. Purchase of Units:

a. Physical Form

The investor who chooses the physical mode is required to submit all requisite documents along with the purchase application (subject to applicable limits prescribed by BSE/NSE) to the AMFI certified stock exchange brokers.

The AMFI certified stock exchange broker shall verify the application for mandatory details and KYC compliance.

After completion of the verification, the purchase order will be entered in the Stock Exchange system and an order confirmation slip will be issued to investor.

The investor will transfer the funds to the AMFI certified stock exchange brokers.

Allotment details will be provided by the AMFI certified stock exchange brokers to the investor.

b. Dematerialized Form

- ⌚ The investors who intend to deal in depository mode are required to have a demat account with CDSL/NSDL.
- ⌚ The investor who chooses the depository mode is required to place an order for purchase of units (subject to applicable limits prescribed by BSE/NSE) with the AMFI certified stock exchange brokers.
- ⌚ The investor should provide their depository account details to the AMFI certified stock exchange brokers.
- ⌚ The purchase order will be entered in the Stock Exchange system and an order confirmation slip will be issued to investor.
- ⌚ The investor will transfer the funds to the AMFI certified stock exchange brokers.
- ⌚ Allotment details will be provided by the AMFI certified stock exchange brokers to the investor.

ii. Redemption of Units:

a. Physical Form

- ⌚ The investor who chooses the physical mode is required to submit all requisite documents along with the redemption application (subject to applicable limits prescribed by BSE/NSE) to the AMFI certified stock exchange brokers.
- ⌚ The redemption order will be entered in the Stock Exchange system and an order confirmation slip will be issued to investor.
- ⌚ The redemption proceeds will be credited to the bank account of the investor, as per the bank account details recorded with PPFAS Mutual Fund.

b. Dematerialized Form

- ⌚ The investors who intend to deal in depository mode are required to have a demat account with CDSL/NSDL and units converted from physical mode to demat mode prior to placing of redemption order.
- ⌚ The investor who chooses the depository mode is required to place an order for redemption (subject to applicable limits prescribed by BSE/NSE) with the AMFI certified stock exchange brokers. The investors should provide their Depository Participant with Depository Instruction Slip with relevant units to be credited to Clearing Corporation pool account.
- ⌚ The redemption order will be entered in the system and an order confirmation slip will be issued to investor.

Provisions of Point 9 and 10 shall be applicable with respect to investors having demat account and purchasing or redeeming mutual fund units through stock exchange brokers and clearing members:

9. Investors shall receive redemption amount (if units are redeemed) and units (if units are purchased) through broker/clearing member's pool account. PPFAS Asset Management Private Limited (the "AMC")/PPFAS Mutual Fund (the "Mutual Fund") shall pay proceeds to the broker/clearing member (in case of redemption) and broker/clearing member in turn to the respective investor and similarly units shall be credited by the AMC/ Mutual Fund into broker/ clearing member's pool account (in case of purchase) and broker/clearing member in turn shall credit the units to the respective investor's demat account.

10. Payment of redemption proceeds to the broker/clearing members by AMC/Mutual Fund shall discharge AMC/ Mutual Fund of its obligation of payment to individual investor. Similarly, in case of purchase of units, crediting units into broker/clearing member pool account shall discharge AMC/Mutual Fund of its obligation to allot units to individual investor.

11. Applications for purchase/redemption of units which are incomplete /invalid are liable to be rejected.

12. Separate folios will be allotted for units held in physical and demat mode. In case of non-financial requests/applications such as change of address, change of bank details, etc. investors should approach Investor Service Centres (ISCs) of PPFAS Mutual Fund if units are held in physical mode and the respective Depository Participant(s) if units are held in demat mode.

13. An account statement will be issued by PPFAS Mutual Fund to investors who purchase/ redeem their units under this facility in physical mode. In case of investors who intend to deal in units in depository mode, a demat statement will be sent by Depository Participant showing the credit/debit of units to their account.

14. The applicability of NAV will be subject to guidelines issued by SEBI on Uniform cut-off timings for applicability of NAV of Mutual Fund Scheme(s)/Plan(s).

15. Investors will have to comply with Know Your Customer (KYC) norms as prescribed by BSE/NSE/CDSL/ NSDL and PPFAS Mutual Fund to participate in this facility.

16. Investors should get in touch with Investor Service Centres (ISCs) of PPFAS Mutual Fund for further details.

17. The Mutual Fund distributors (registered) shall not handle payout and pay in of funds as well as units on behalf of investor. In the same manner, units shall be credited and debited directly from the demat account of investors, in accordance with applicable SEBI guidelines.

Investors should note that Brokers, Clearing members and Depository Participants will be considered as Official Points of Acceptance (OPA) of PPFAS Mutual Fund in line with SEBI Circular No. SEBI/IMD/CIR No.11/78450/06 dated October 11, 2006 and conditions stipulated in SEBI Circular No. SEBI /IMD / CIR No.11/183204/2009 dated November 13, 2009 for stock brokers viz. AMFI /NISM certification and the provisions of SEBI Circular No. CIR/MRD/DSA/32/2013 dated October 4, 2013 for Mutual Fund Distributors, code of conduct prescribed by SEBI for Intermediaries of Mutual Fund, shall be applicable for such Clearing members, Mutual Fund Distributors and Depository participants as well.

All other terms & conditions of the Schemes will remain unchanged. The Trustee reserves the right to change/modify the features of this facility at a later date.

This addendum shall form an integral part of the Statement of Additional Information/Scheme Information Document/ Key Information Memorandum of the aforesaid Scheme of PPFAS Mutual Fund as amended from time to time.

**NOTICE CUM ADDENDUM TO THE SCHEME INFORMATION DOCUMENT(SID),
STATEMENT OF ADDITIONAL INFORMATION (SAI) AND KEY INFORMATION MEMORANDUM (KIM)
OF PPFAS MUTUAL FUND**

This Addendum sets out the changes in the Statement of Additional Information (SAI), Scheme Information Document (SID) and Key Information Memorandum (KIM) of PPFAS Mutual Fund.

Additional official points of acceptance of transactions through MF Utility pursuant to appointment of MF Utilities India Private Limited.

Notice is hereby given that PPFAS Asset Management Private Limited ("the AMC") has entered into an Agreement with MF Utilities India Private Limited ("MFUI"), a "Category II - Registrar to an Issue" under SEBI (Registrars to an Issue and Share Transfer Agents) Regulations, 1993, for usage of MF Utility ("MFU") - a shared services initiative of various Asset Management Companies, which acts as a transaction aggregation portal for transacting in multiple Schemes of various Mutual Funds with a single form and a single payment instrument.

Accordingly, all financial and non-financial transactions pertaining to Scheme(s) of PPFAS Mutual Fund can be done through MFU either electronically on www.mfuonline.com as and when such a facility is made available by MFUI or physically through the authorized Points of Service ("POS") of MFUI with effect from the respective dates as published on MFUI website against the POS locations. The list of POS of MFUI is published on the website of MFUI at www.mfuindia.com as may be updated from time to time. The Online Transaction Portal of MFU i.e. www.mfuonline.com and the POS locations of MFUI will be in addition to the existing Official Points of Acceptance ("OPA") of the AMC.

The uniform cut-off time as prescribed by SEBI and as mentioned in the SID / KIM of respective scheme(s) shall be applicable for applications received on the portal of MFUI i.e. www.mfuonline.com. However, investors should note that transactions on the MFUI portal shall be subject to the eligibility of the investors, any terms & conditions as stipulated by MFUI / PPFAS Mutual Fund / the AMC from time to time and any law for the time being in force.

Investors are requested to note that, MFUI will allot a **Common Account Number ("CAN")**, a single reference number for all investments in the Mutual Fund industry, for transacting in multiple Schemes of various Mutual Funds through MFU and to map existing folios, if any. Investors can create a CAN by submitting the CAN Registration Form (CRF) and necessary documents at the MFUI POS. The AMC and / or its Registrar and Transfer Agent (RTA) shall provide necessary details to MFUI as may be needed for providing the required services to investors / distributors through MFU. Investors are requested to visit the websites of MFUI or the AMC to download the relevant forms.

For any queries or clarifications related to MFU, please contact the Customer Care of MFUI on 1800-266-1415 (during the business hours on all days except Sunday and Public Holidays) or send an email to clientservices@mfuindia.com.

This Notice cum addendum forms an integral part of the SAI, SID & KIM of PPFAS Mutual Fund. All other terms and conditions as mentioned in the SAI, SID & KIM shall remain unchanged.

ADDENDUM TO THE STATEMENT OF ADDITIONAL INFORMATION OF PPFAS MUTUAL FUND

Addendum 1:

This Addendum sets out the changes in the Statement of Additional Information of PPFAS Mutual Fund.

The Unit-holders of PPFAS Mutual Fund should take a note that the Board of Directors of PPFAS Trustee Company Private Limited (Trustee to PPFAS Mutual Fund) and PPFAS Asset Management Private Limited, have approved the changes to Part IV “Investment Valuation for Securities and Other Assets” of Statement of Additional Information (i.e. valuation policy) of PPFAS Mutual Fund. Revised Valuation Policy as is effective from 14th July 2015 is reproduced below:

Valuation Policies.

SEBI vide Gazette Notification no. LAD-NRO/GN/2011- 12/38/4290, dated February 21, 2012 amended Regulation 25, 47 and the Eighth Schedule titled ‘Investment Valuation Norms’ under SEBI (Mutual Funds) Regulations, 1996 (“the Regulations”) to introduce the overarching principles namely ‘Principles of Fair Valuation’ in order to ensure fair treatment to all investors (including existing as well as new investors) seeking to purchase or redeem the units of the scheme at all points of time. In the event of a conflict between the principles of fair valuation and valuation guidelines prescribed by SEBI under the Regulations, the principles of fair valuation shall prevail.

Based on the said amendment by SEBI, the Board of Directors of PPFAS Asset Management Private Limited and PPFAS Trustee Company Private Limited have adopted a comprehensive policy on investment valuation and procedures. Accordingly the disclosure inter-alia of the security/ asse-wise valuation policy, procedures and methodology of PPFAS Mutual Fund is given below;

1. Policy, Procedure & Methodology for valuation of securities/assets

- (i) The detailed security/ asset -wise valuation policy, procedure & methodology for each type of investment made by the scheme of PPFAS Mutual Fund is described in the appended table(s).
- (ii) Investments in any new securities/assets (other than those mentioned in the appended table) shall be made only after the establishment of the valuation methodology as approved by the Board of Directors of PPFAS Asset Management Private Limited and PPFAS Trustee Company Private Limited.
- (iii) The investments held by scheme(s) of PPFAS Mutual Fund would normally be valued according to the Valuation Guidelines specified by SEBI from time to time. In case of any conflict between the Principles of Fair Valuation as detailed above and valuation guidelines specified by SEBI, the Principles of Fair Valuation shall prevail.

2. Inter scheme Transfers (as and when new scheme(s) of PPFAS Mutual Fund are launched in the future):

Inter-scheme transfers will be done in line with regulatory requirements and applicable internal policies as determined by the Valuation Committee.

3. Exceptional events:

Given the exceptional nature of the events, it is not possible to define a standard methodology to be adopted for fair valuation of securities/assets for such events. Board of Directors of PPFAS Asset Management Private Limited and PPFAS Trustee Company Private Limited. have authorized the Valuation Committee to determine the exceptional events and devise the process to deal with the exceptional events.

The Exceptional events where current market information may not be available / sufficient for valuation of securities are classified as under:

- a. Policy announcements by the Reserve Bank of India (RBI), the Government or any Regulatory body like (SEBI/IRDA/PFRDA).
- b. Natural disasters or public disturbances that may impact the functioning of the capital markets.
- c. Absence of trading in a specific security or similar securities.
- d. Significant volatility in the capital markets.

The above list is illustrative and not exhaustive. The Valuation Committee shall identify and monitor exceptional events and recommend appropriate procedures / methodologies with necessary guidance from the Board of Directors of PPFAS Asset Management Private Limited and PPFAS Trustee Company Private Limited., wherever required, and get the same ratified.

4. Deviation:

Deviation in the valuation policy and procedures as stated above shall be allowed only with the prior approval of the Valuation Committee followed by reporting to the Board of Directors of PPFAS Asset Management Private Limited and PPFAS Trustee Company Private Limited. Such deviations shall be appropriately disclosed to the Investors as may be decided by the Valuation committee.

5. Record Maintenance:

PPFAS Asset Management Private Limited shall maintain and preserve documentation for valuation (including inter scheme transfers) either in electronic or physical form for a period of 8 years or such period as specified by SEBI from time to time.

6. Disclosure:

In order to ensure transparency of valuation norms adopted by PPFAS Asset Management Private Limited, the investment valuation policy and procedures as adopted by PPFAS Asset Management Private Limited is disclosed on the website, <http://amc.ppfas.com>

Detailed security/asset-wise valuation policy, procedure & methodology for Investments made by the PPFAS Mutual Fund:

I. Equity and equity related instruments:

Listed Shares/ Preference Shares/ Warrants/Rights	Valuation will be at the closing price at the principal stock exchange. If security is not traded on principal stock exchange on a particular valuation day, the closing price at which it is traded on any other stock exchange will be used. If security is not traded on any stock exchange on a particular valuation day, then price at which it traded on the principal stock exchange or any other stock exchange, as the case may be, on the earliest previous day will be used provided such date is not more than 30 days prior to valuation date.
Thinly traded equity shares	Thinly traded securities will be valued at fair value as per procedures determined by the Valuation Committee.
Unlisted Shares/ Preference Shares/ Warrants/Rights	Unlisted securities will be valued at fair value as per procedures determined by the Valuation Committee.
Options	In case of Options, premium received/ paid is marked to market based on settlement price on the relevant exchange.
Futures	Outstanding contracts in Futures is valued based on the settlement price on the relevant exchange.

Procedure & Methodology for valuation of unlisted or thinly traded equity/equity related securities

Any security which does not have trading volume of 50,000 scrip's and trading amount of Rs. 5,00,000/- during a period of thirty days shall be categorized as thinly traded. Thinly traded / unlisted securities shall be valued in good faith on the basis of fair valuation principles as follows:

Net Worth Value per share of the company will be derived based on the latest available audited balance sheet, not more than 9 months from close of financial year, net worth per share shall be calculated as [share capital plus free reserves (excluding revaluation reserves) minus Miscellaneous expenditure not written off or deferred revenue expenditure, intangible assets and accumulated losses] divided by Number of Paid up Shares.

Capital Earning Value per share of the company will be derived by capitalization of Earnings per Share based on the latest available balance sheet, with 25% of Average capitalization rate (P/E ratio) for the industry. As a best practice, in case of thinly traded securities, the rate (Industry P/E) to be used, shall be the latest available rate, on the date the balance sheet based valuation comes into effect.

Average of Net Worth Value per share and Capital Earning Value per share thus derived, shall be further discounted to derive fair value of Unlisted securities and by thinly traded securities.

Shares on De-merger and Other Corporate Action Events –

- a. **Both the shares are traded immediately on de-merger:** In this case both the shares to be valued at respective traded prices.

- b. **Shares of only one company continued to be traded on de-merger:** In such a scenario, the shares of Non Traded/Un-listed would be fairly valued in good faith by AMC on case to case basis. Traded share to be valued at traded price.
- c. **Both the shares are not traded on de-merger:** In such a scenario, the shares of both the companies would be fairly valued in good faith by AMC on case to case basis.

In case of any other type of capital corporate action event, the same to be valued at fair price on case to case basis.

ii) Preference Shares - Preference share can be convertible or non- convertible. If the non-convertible preference shares are traded then the closing price of the day will be considered for valuation. If the same is non-traded it will be valued at the present value of all the future expected dividend payments and the maturity value, discounted at the bond yield of the issuer.

The value of convertible preference share can be expressed as follows:

Convertible preference shares shall be valued based on the underlying equity. This value shall be further discounted for illiquidity to arrive at fair valuation. Traded convertible preference shares shall be valued based on the closing price.

iii) Warrants - Warrants will be valued at the value of the share which would be obtained on exercise of the warrant as reduced by the amount which would be payable on exercise of the warrant. The value arrived will be reduced by appropriate discount. Traded Warrants shall be valued based on the closing price.

iv) Right entitlements - Right entitlements will be valued as difference between the value of closing price of the underlying equity share and the rights offer price.

II. Debt & Debt Related Instruments

Security Type	Valuation Policy
Government securities (Including Central government securities, State Development Loans, Treasury Bills and Cash Management Bills) with residual maturity more than 60 days	Valuation will be done at the average prices provided by AMFI approved agencies (CRISIL & ICRA)
Government securities (Including Central government securities, State Development Loans, Treasury Bills and Cash Management Bills) with residual maturity less than equal to 60 days	Valuation will be done by amortisation on a straight line basis to maturity from cost or last valuation price whichever is more recent. The resultant price will be compared with the price arrived at by using benchmark yields. The amortised price shall be used for valuation as long as it is within +/- 0.1% of the price derived using the benchmark yields. In case the variance exceeds +/- 0.1% of the price arrived using benchmark yields, the valuation shall be adjusted to bring it within +/- 0.1% of the price computed using the benchmark yields. At the time of first purchase the spread between the purchase yield and the benchmark yield will be fixed. This spread will remain fixed through the life of the instrument & will be changed only if there is a trade in the security. The spread shall be readjusted on the basis of the last trade in the security. If at the time of initial purchase, the maturity is more than 60 days and the security comes into the less than 61 days bucket, the spread, if any, at the time of initial purchase (and changed thereafter) will continue to be used for valuation of the security.
Debt Securities/ Instruments with Residual maturity more than 60 days (Commercial Paper/Certificate of Deposit /Bonds/ Zero Coupon Bonds /Bills Rediscounting /Floating rate securities /PTC)	Valuation will be done at the average prices provided by AMFI approved agencies (CRISIL & ICRA). In case any new securities are purchased and the price of such security is not provided by AMFI approved agencies, then such security will be valued at weighted average price / yield of the trades of that security on that day.
Debt Securities/ Instruments with Residual maturity less than or equal to 60 days (Commercial	Valuation will be done by amortisation on a straight line basis to maturity from cost or the last valuation price, whichever is more recent. The resultant price will be compared with the price using the benchmark yields +/- a spread. In case the amortised price is within +/-0.10% of the price derived using the benchmark yield, the same shall be used; else the price of the security shall be adjusted to bring it within this range.

Paper/Certificate of Deposit /Bonds/ Zero Coupon Bonds /Bills Rediscounting /Floating rate securities /PTC)	At the time of first purchase the spread between the purchase yield and the benchmark yield should be fixed. This spread should remain fixed through the life of the instrument & should be changed only if there is justification for the change, i.e. in case of subsequent trade by the fund house in the same security, such spread shall be adopted as long as the trade is of market lot (face value of Rs. 5 crores or more). Such security should be amortized to maturity using the weighted average traded price, provided, such amortized price is in line with + 0.10% of the reference price as defined above. If at the time of initial purchase, the maturity is more than 60 days and the security comes into the less than 61 days bucket, the spread, if any, at the time of initial purchase (and changed thereafter) will continue to be used for valuation of the security. However, the spread can be changed in case of a change in credit rating or credit profile of the issuer.
Interest Rate Swaps (IRS)/ Forward Rate Agreements (FRA)	All IRS/ FRA's will be valued at net present value after discounting the future cash flows. Future cash flows for IRS/ FRA contract will be computed daily as per terms of contract and discounted by suitable OIS (Overnight Interest SWAP) rates available on Reuters/ Bloomberg/ any other provider as approved by Valuation Committee.
Overnight Money (CBLO/Reverse Repo/ CROMS)	Overnight money deployed will be valued at cost plus the accrual/ amortisation.

III. Others

Securty/ Asset Type	Valuation Policy
Listed Mutual Funds Units	Valuation will be at the closing price at the principal stock exchange. If units are not traded on principal stock exchange on a particular valuation day, the closing price on any other stock exchange where units are traded will be used. If units are not traded on any stock exchange on a particular valuation day, then NAV per unit will be used for valuation.
Unlisted Mutual Fund Units	Valuation will be based on Net Asset Value (NAV) of Mutual Fund units.
Fixed Deposits	Fixed deposits will be valued at cost.

Valuation of Foreign Securities:

The security issued outside India and listed on the stock exchanges outside India shall be valued as follows;

The security issued outside India and listed on the stock exchanges outside India shall be valued at the closing price on the stock exchange at which it is listed. However in case a security is listed on more than one stock exchange, the AMC reserves the right to determine the stock exchange, the price of which would be used for the purpose of valuation of that security. Any subsequent change in the reference stock exchange used for valuation will be backed by reasons for such change being recorded in writing by the AMC. Further in case of extreme volatility in the overseas markets, the securities listed in those markets may be valued on a fair value basis.

For valuation of securities registered in USA, NYSE has been selected as principal stock exchange. If any security is not listed on NYSE, security prices as quoted on NASDAQ will be considered. For securities registered in UK, LSE (London Stock Exchange) has been selected as principal stock exchange. Securities prices as quoted on LSE will be used for valuation purposes.

If a significant event has occurred after security prices were established for the computation of NAV of the Scheme, the AMC reserves the right to value the said securities on fair value basis. When on a particular valuation day, a security has not been traded on the selected stock exchange; the security will be valued in accordance with SEBI guidelines applicable for security listed in India.

“If the security is listed in a time zone ahead of India, then the same day's closing price would be used for valuation. If the security is listed in a time zone behind India, then the previous day's price would be used for valuation.”

On the Valuation Day, all assets and liabilities denominated in foreign currency will be valued in Indian Rupees at the exchange rate available on Reuters / RBI / Bloomberg. The Trustees reserve the right to change the source for determining the exchange rate.

Valuation of IDR/ADR/ GDR:

IDR/ADR/GDRs are exchange traded securities and hence closing price of the IDR/ADR/ GDR on the exchange where it is listed will be taken for valuation purpose.

Addendum 1

RESTRICTION ON REDEMPTION OF THE UNITS OF SCHEME

NOTICE is hereby given that pursuant to SEBI Circular No. SEBI/HO/IMD/DF2/CIR/P/2016/57 dated May 31, 2016 pertaining to 'Restriction on redemption in Mutual Funds', the existing provisions under section, "Suspension of Sale/ Redemption/ Switching Options of the Units" appearing in the Statement of Additional Information ("SAI"), and "Restrictions, if any, on the right to freely retain or dispose of Units being offered," appearing in the Scheme Information Document ("SID") of open ended Scheme(s) of the PPFAS Mutual Fund ("Fund"), as applicable, are revised and substituted with the following new provision and is effective from July 1, 2016 ("Effective Date").

"RIGHT TO RESTRICT REDEMPTION AND / OR SUSPEND REDEMPTION OF THE UNITS:

The Fund at its sole discretion reserves the right to restrict Redemption (including switch-out) of the Units (including Plan / Option) of the Scheme(s) of the Fund upon occurrence of the below mentioned events for a period not exceeding ten (10) working days in any ninety (90) days period subject to approval of the Board of Directors of the AMC and the Trustee. The restriction on Redemption (including switch-out) shall be applicable where the Redemption (including switch-out) request is for a value above Rs. 2,00,000/- (Rupees Two Lakhs). Further, no restriction shall be applicable to the Redemption / switch-out request upto Rs. 2,00,000/- (Rupees Two Lakhs). It is further clarified that, in case of redemption request above Rs. 2,00,000/- (Rupees Two Lakhs), no restriction shall be applicable on first Rs. 2,00,000/- (Rupees Two Lakhs).

The Trustee / AMC reserves the right to restrict Redemption or suspend Redemption of the Units in the Scheme(s) of the Fund on account of circumstances leading to a systemic crisis or event(s) that severely constrict market liquidity or the efficient functioning of the markets. A list of such circumstances under which the restriction on Redemption or suspension of Redemption of the Units in the Scheme(s) of the Fund may be imposed are as follows:

1. Liquidity issues- when market at large becomes illiquid affecting almost all securities rather than any issuer specific security; or
2. Market failures / Exchange closures; or
3. Operational issues; or
4. If so directed by SEBI.

It is clarified that since the occurrence of the above mentioned eventualities have the ability to impact the overall market and liquidity situation, the same may result in exceptionally large number of Redemption requests being made and in such a situation the indicative timelines mentioned by the Fund in the scheme offering documents, for processing of requests for Redemption may not be applicable.

Any restriction on Redemption or suspension of Redemption of the Units in the Scheme(s) of the Mutual Fund shall be made applicable only after specific approval of the Board of Directors of the AMC and Trustee Company and thereafter, immediately informing the same to SEBI."

The AMC / Trustee reserves the right to change / modify the provisions of right to restrict Redemption and / or suspend Redemption of the Units in the Scheme(s) of the Fund.

All other terms and conditions of the Scheme(s) will remain unchanged. This addendum shall form an integral part of the SAI, SID and KIM of the Scheme(s) of the Fund as amended from time to time.

Addendum 2

The Unit-holders of PPFAS Mutual Fund are hereby informed that Mrs. Hiroo Thadani (Head-Administration and HR), has ceased to be a Key Employee of PPFAS Asset Management Private Limited ("PPFAS AMC") on account of her retirement with effect from 1st August 2016.

All other terms and conditions of the Scheme(s) will remain unchanged. This addendum shall form an integral part of the SAI, SID and KIM of the Scheme(s) of the Fund as amended from time to time.

PPFAS MUTUAL FUND

NOTICE CUM ADDENDUM TO THE SCHEME INFORMATION DOCUMENT, STATEMENT OF ADDITIONAL INFORMATION AND KEY INFORMATION MEMORANDUM OF PPFAS MUTUAL FUND

Addendum: Introduction of Systematic Investment Plan (SIP) Top-UP Facility

This Addendum sets out the changes in the Statement of Additional Information, Scheme Information Document and Key Information Memorandum of PPFAS Mutual Fund.

Notice is hereby given that following details shall be incorporated in SID and KIM of Parag Parikh Long Term Value Fund with 10th January 2017 ('Effective Date')

Introduction of Systematic Investment Plan (SIP) Top-UP Facility

It is a facility wherein an investor who is enrolling for SIP has an option to increase the amount of the SIP installment by a fixed amount at pre-defined intervals. Thus, an investor can progressively start increasing the amount invested, allowing them to gradually increase the investment corpus in a systematic manner.

The salient features of this facility are as follows:

1. New investors can opt for it at the time of initiating the SIP. Existing unitholders can opt for it at the time of SIP renewal.
2. Investor can opt for an amount-based Cap whereby they can choose the amount from which the top-ups will cease (even though the SIP will continue at this final amount till the expiry date).

In case the top-up amount-based cap is not chosen, the top-up will occur at the chosen frequency (half-yearly /yearly) until the SIP expiry date (Please refer to illustrations 1 - A, 2 - A and 3 - A, below)

3. The amount of each such SIP installment cannot exceed the Daily One Time Mandate (OTM) limit for purchases in Parag Parikh Long Term Value Fund from all modes (lumpsum as well as SIP).

In case of any conflict, such SIP installment will have precedence over any lumpsum purchases undertaken on that day.

Any lumpsum purchase exceeding the OTM limit will be reversed within three working days of the relevant intimation received from the unitholder's bank.

4. Minimum Top-up Amount for the said facility will be Rs. 500/- & in multiple of Re. 1/- thereafter. Forms where a specific amount is not clearly mentioned are liable to be rejected.
5. Frequency for the Top up facility :

Investors can choose either 'Half-Yearly' or 'Yearly' Top-Up increments under both, Monthly and Quarterly SIP options.

In case SIP Top-Up frequency is not mentioned, the default frequency will be considered as 'Yearly' for both monthly and Quarterly SIP.

6. The facility is available only for the investors who submit "NACH / One Time Mandate (OTM) Form" mentioning the 'Maximum Amount'. This will limit the total investment to the pre-determined 'maximum amount'.

7. Once the SIP Top-Up upper limit is reached, the Top-Up will be discontinued. However, the SIP will continue at this upper limit for the remaining SIP enrollment period (subject to it not exceeding the daily OTM limit). For further clarification, please refer the illustrations as mentioned below.
8. The initial investment under the SIP Top-UP will be subject to minimum SIP investment requirement applicable from time to time (As on January 1, 2017, this figure is Rs. 1000/-).
9. Once enrolled, the Top-up details cannot be modified. However, investors can choose to cancel the Top-Up, by filling in the relevant Form and continue with the same SIP.
10. For further details and Forms, investors are requested to refer the website (www.amc.ppfas.com) or contact the Corporate Office of PPFAS Mutual Fund.
11. The above terms apply for both, offline and online modes of application, as and when initiated by the Fund.
12. All the other provisions of the SID/KIM except as specifically modified herein above remain unchanged.

PPFAS MUTUAL FUND
NOTICE CUM ADDENDUM TO THE SCHEME INFORMATION DOCUMENT (SID) AND KEY INFORMATION MEMORANDUM (KIM) OF EXISTING SCHEMES OF PPFAS MUTUAL FUND AND STATEMENT OF ADDITIONAL INFORMATION (SAI) OF PPFAS MUTUAL FUND
Implementation of the Prevention of Money-laundering (Maintenance of Records) Second Amendment Rules, 2017 with respect to seeding of Aadhaar number:

Investors are requested to note that the Ministry of Finance (Department of Revenue) in consultation with the Reserve Bank of India has made certain amendments to the Prevention of Money-laundering (Maintenance of Records) Rules, 2005, namely, the Prevention of Money-laundering (Maintenance of Records) Second Amendment Rules, 2017. These Rules have come into force with effect from June 1, 2017. These Rules, inter alia, make it mandatory for investors to submit Aadhaar number issued by the Unique Identification Authority of India (UIDAI) in respect of their investments.

Accordingly, investors are requested to note the following requirements in relation to submission of Aadhaar number and other prescribed details to PPFAS Mutual Fund/its Registrar and Transfer Agent (CAMS)/ Asset Management Company ("the PPFAS AMC"):

- i. Where the investor is an individual, who is eligible to be enrolled for Aadhaar number, the investor is required to submit the Aadhaar number issued by UIDAI. Where the Aadhaar number has not been assigned to an investor, the investor is required to submit proof of application of enrolment for Aadhaar. If such an individual investor is not eligible to be enrolled for Aadhaar number, and in case the Permanent Account Number (PAN) is not submitted, the investor shall submit one certified copy of an officially valid document containing details of his identity and address and one recent photograph along with such other details as may be required by the Mutual Fund.
The investor is required to submit PAN as defined in the Income Tax Rules, 1962.
- ii. Where the investor is a non-individual, apart from the constitution documents, Aadhaar numbers and PANs as defined in Income-tax Rules, 1962 of managers, officers or employees or persons holding an attorney to transact on the investor's behalf is required to be submitted. Where an Aadhaar number has not been assigned, proof of application towards enrolment for Aadhaar is required to be submitted and in case PAN is not submitted an officially valid document is required to be submitted. If a person holding an authority to transact on behalf of such an entity is not eligible to be enrolled for Aadhaar and does not submit the PAN, certified copy of an officially valid document containing details of identity, address, photograph and such other documents as prescribed is required to be submitted.

The timelines for submission of the Aadhaar numbers, as per the requirements stated above, are as follows:

- i. **Requirements for all folios prior to June 01, 2017:**
For folios existing prior to June 01, 2017, investors are required to submit the requisite details / documents, as stated above, by December 31, 2017. In case of failure by such investors, to submit the above details by December 31, 2017, the folios of such investors shall cease to be operational till the time the above details are submitted by the investors.
- ii. **Requirements for folios opened between June 01, 2017 and October 15, 2017:**
For folios opened between June 01, 2017 and October 15, 2017, investors are required to submit the requisite details / documents, as stated above, by December 31, 2017. In case of failure by such investors, to submit the above details by December 31, 2017, the folios of such investors shall cease to be operational till the time the above details are submitted by the investors.
- iii. **Requirements for folios opened from October 16, 2017 to December 31, 2017:**
For all folios opened from October 16, 2017 to December 31, 2017, investors are required to submit the requisite details / documents, as stated above, at the time of account opening. In case of failure by such investors, to submit the above details at the time of account opening, the AMC may, at its sole discretion, open the account pending receipt of the requisite details/ documents. In such cases where the AMC decides to open the account, if the investors fail to submit the requisite details/ documents by December 31, 2017, the folios of such investors shall cease to be operational till the time the above details are submitted by the investors.
- iv. **Requirements for folios opened from January 01, 2018:**
For all folios opened from January 01, 2018, investors are required to submit the requisite details / documents, as stated above, at the time of account opening. No new folios shall be opened from January 01, 2018, if the requisite details / documents, as stated, are not submitted at the time of account opening.

Where the investors who are individuals or in the case of investors who are non-individuals, managers, officers or employees or persons holding an attorney to transact on the investor's behalf, as the case may be, do not have an Aadhaar number, the proof of enrolment for Aadhaar can be submitted. However, in such cases, the Aadhaar number shall be required to be provided for eventual authentication within the prescribed timeframe of 6 months as aforesaid, failing which the account / folio shall cease to be operational.

It may be noted that the requirement of submitting Form 60 as prescribed in the aforesaid notification is not applicable for investment in mutual fund units.

Necessary/incidental changes, if any, shall be made in the SID and KIM of the existing Schemes of PPFAS Mutual Fund and SAI of PPFAS Mutual Fund in the above regard.

This Addendum forms an integral part of the SID and KIM of the Schemes of PPFAS Mutual Fund and SAI of PPFAS Mutual Fund.

All other terms and conditions of the SID and KIM of the Schemes of PPFAS Mutual Fund and SAI of PPFAS Mutual Fund will remain unchanged.

Notice-cum-Addendum

1.Change in the Fund Accountant of the Schemes of PPFAS Mutual Fund

The unitholders/ prospective investors of the Schemes of PPFAS Mutual Fund are hereby requested to take note that M/s. SBI-SG Global Securities Private Limited, having its office at "B" wing, Jeevan Seva Annexe Building, Ground Floor, S.V. Road, Santacruz (West), Mumbai- 400 054, has been appointed as the Fund Accountant for all the Schemes of the PPFAS Mutual Fund in place of Sundaram BNP Paribas Fund Services Limited with effect from **July 15, 2019**.

This addendum shall form an integral part of the Scheme Information Document (SID), Key Information Memorandum (KIM) and Statement of Additional Information (SAI). All other features, terms and conditions mentioned in the SID, KIM and SAI remain unchanged.

2.Revised Addendum on Valuation Policy

The following amendments to the valuation policy were approved by the Board of AMC and taken note of by the Board of Trustees. The revised valuation policy is uploaded on the website of the PPFAS AMC (www.amc.ppfas.com). Also, the provisions of the existing valuation policy issued via addendum on June 20, 2019 stand modified by the revised valuation policy under "Detailed security/asset-wise valuation policy, procedure & methodology for Investments made by the PPFAS Mutual Fund".

II. Money Market, Debt & Debt Related Instruments

Type of Securities	Current Valuation Policy	Revised Valuation Policy
Government securities (Including Central government securities, State Development Loans, Treasury Bills and Cash Management Bills) with residual maturity less than or equal to 30 days.	Valuation will be done by amortisation on a straight-line basis to maturity from cost or last valuation price whichever is more recent. The resultant price will be compared with the reference price arrived by taking the average of the security level price of such security as provided by the agency (ies) appointed by AMFI for the said purpose (herein referred to as "valuation agencies"). The amortised price shall be used for valuation as long as it is within +/- 0.025% of the price derived using the benchmark yields. In case the variance exceeds +/- 0.025% of the price arrived using benchmark yields, the valuation shall be adjusted to bring it within +/- 0.025% of the price computed using the benchmark yields. At the time of first purchase the spread between the purchase yield and the benchmark yield will be fixed. This spread will remain fixed through the life of the instrument & will be changed only if there is a trade in the security. The spread shall be readjusted on the basis of the last trade in the security. If at the time of initial purchase, the residual maturity is more than 30 days and the security comes into the less than 31 days bucket then the price as on 31st day would be used for amortisation from 30th day and the amortised yield as on 30th day would be used for comparing with reference yield as of 30th day and the spread would be fixed based on the difference between amortised yield and reference yield.	Instruments will be valued by amortization on a straight-line basis to maturity from cost or last valuation price whichever is more recent. The amortized price shall be compared with the reference price which shall be the average of the security level price of such security as provided by the agencies appointed by AMFI for said purpose, currently CRISIL and ICRA (hereinafter referred to as "valuation agencies"). The amortized price shall be used for valuation only if it is within a threshold of $\pm 0.025\%$ of the reference price. In case of deviation beyond this threshold, the price shall be adjusted to bring it within the threshold of $\pm 0.025\%$ of the reference price as suggested below. In case variance exceeds $\pm 0.025\%$, the valuation shall then be adjusted to bring it within $\pm 0.025\%$ such that: • If the amortized price is greater than the reference price $+0.025\%$, the valuation shall be done at reference price $+0.025\%$ • If the amortized price is less than the reference price -0.025%, the valuation shall be done at reference price -0.025% In case of subsequent trades in the same security by the fund (i.e. AMC's own trades), the valuation must reflect price considering the trade price as long as the trades are of market lot. Market lot is defined as a single deal of face value of Rs.5 crores or more. The principle of T+1 valuation is followed to value such securities. The security will then start getting amortized from the new valuation price. In case the subsequent trades in the same security by the fund are not meeting the own trades criteria (i.e. none of the deals are of face value of Rs. 5 crores or more) then the amortization price will be computed without considering such additional purchase.
Debt Securities/Instruments with Residual maturity less than or equal to 30 days (Commercial Paper /Certificate of Deposit /Bonds/ Zero Coupon Bonds /Bills Rediscounting / Floating rate securities /PTC)	Valuation will be done by amortisation on a straight-line basis to maturity from cost or last valuation price whichever is more recent. The resultant price will be compared with the price arrived at by using benchmark yields. The amortised price shall be used for valuation as long as it is within +/- 0.025% of the price derived using the benchmark yields. In case the variance exceeds +/- 0.025% of the price arrived using benchmark yields, the valuation shall be adjusted to bring it within +/- 0.025% of the price computed using the benchmark yields else the price of the security shall be adjusted to bring it within this range At the time of first purchase the spread between the purchase yield and the benchmark yield should be fixed. This spread should remain fixed through the life of the instrument & should be changed only if there is justification for the change, i.e. in case of subsequent trade by the fund house in the same security, such spread shall be adopted as long as the trade is of market lot (face value of Rs. 5 crores or more). Such security should be amortized to maturity using the weighted average traded price, provided, such amortized price is in line with +/- 0.025% of the reference price as defined above. If at the time of initial purchase, the residual maturity is more than 30 days and the security comes into the less than 31 days bucket then the price as on 31st day would be used for amortisation from 30th day and the amortised yield as on 30th day would be used for comparing with reference yield as of 30th day and the spread would be fixed based on the difference between amortised yield and reference yield. However, the spread can be changed in case of a change in credit rating or credit profile of the issuer.	Instruments will be valued by amortization on a straight-line basis to maturity from cost or last valuation price whichever is more recent. The amortized price shall be compared with the reference price which shall be the average of the security level price of such security as provided by the agencies appointed by AMFI for said purpose, currently CRISIL and ICRA (hereinafter referred to as "valuation agencies"). The amortized price shall be used for valuation only if it is within a threshold of $\pm 0.025\%$ of the reference price. In case of deviation beyond this threshold, the price shall be adjusted to bring it within the threshold of $\pm 0.025\%$ of the reference price as suggested below. In case variance exceeds $\pm 0.025\%$, the valuation shall then be adjusted to bring it within $\pm 0.025\%$ such that: • If the amortized price is greater than the reference price $+0.025\%$, the valuation shall be done at reference price $+0.025\%$ • If the amortized price is less than the reference price -0.025%, the valuation shall be done at reference price -0.025% In case of subsequent trades in the same security by the fund (i.e. AMC's own trades), the valuation must reflect price considering the trade price as long as the trades are of market lot. Market lot is defined as a single deal of face value of Rs.5 crores or more. The principle of T+1 valuation is followed to value such securities. The security will then start getting amortized from the new valuation price. In case the subsequent trades in the same security by the fund are not meeting the own trades criteria (i.e. none of the deals are of face value of Rs. 5 crores or more) then the amortization price will be computed without considering such additional purchase.
Additional Points	The prices received from CRISIL and ICRA shall be ignored during the notice period of a security which has either a Put or Call option. The notice period will begin from the date of exercise of the option (notice date) till the put or call date and the price will be amortized from the exercise date till the date of put or call. In case the price of the securities is not provided by any one of the AMFI approved agency, then in such security will be valued at weighted average price/ yield of the trades of that security on that day.	Deleted

This addendum shall form an integral part of the SAI. All other features, terms and conditions mentioned in the SAI remain unchanged.

This Addendum is dated 15th July, 2019.

**Notice - cum- addendum to the Scheme Information Document(s) (SIDs),
Key Information Memorandum(s) (KIMs) of PPFAS Mutual Fund**

Investments in Debt securities (including units) of Real Estate Investment Trust ('REITs') & Infrastructure Investment Trust ('InvITs') by Scheme of PPFAS Mutual Fund:

NOTICE IS HEREBY GIVEN THAT, in accordance with SEBI (Mutual Funds) (Amendment) Regulations, 2017 dated February 15, 2017 and SEBI Circular dated February 28, 2017, the Board of PPFAS Asset Management Private Limited (Investment Manager to PPFAS Mutual Fund) and PPFAS Trustee Company Private Limited (Trustee to PPFAS Mutual Fund) have approved Parag Parikh Long Term Equity Fund (An Open Ended Equity Scheme), scheme of PPFAS Mutual Fund ("Fund"), to make investments in Debt securities (including units) of REITs and InvITs with effect from **10th September, 2019** ("Effective Date"), subject to applicable investment limits.

The Securities and Exchange Board of India vide its letter no. SEBI/IMD/DF3/OW/P/19167/1/2019 dated July 29, 2019 has noted the below changes-

Applicable Limits for investments in the debt securities (including units) of Real Estate Investment Trust ('REITs') & Infrastructure Investment Trust ('InvITs') as per SEBI (Mutual Funds) Regulations, 1996 are as follows:

Sr. No.	Scheme Name	Applicable Investment Limits
1.	Parag Parikh Long Term Equity Fund	(a) At the Mutual Fund level: - Not more than 10% of units issued by a single issuer of REIT and InvIT; (b) At a single Mutual Fund scheme level: i. not more than 10% of its NAV in the units of REIT and InvIT; and ii. not more than 5% of its NAV in the units of REIT and InvIT issued by a single issuer. The limits mentioned in sub- clauses (i) and (ii) above will not be applicable for investments in case of index fund or sector or industry specific scheme pertaining to REIT and InvIT.

In this regard, the section on "Asset Allocation" under the Scheme Information Document (SID) and Key information memorandum (KIM) of the scheme (Parag Parikh Long Term Equity Fund) will be modified to permit investments in debt securities (including units) issued by REITs and InvITs.

The above proposal is change in the Fundamental Attributes of the specified scheme as per Regulation 18(15A) of the SEBI (Mutual Funds) Regulations, 1996.

Asset Allocation:

The existing and revised Asset Allocation table of the scheme is mentioned below:

Existing:

Sr. No.	Type of Instruments	Normal Allocation (% of Net Assets)	Risk Profile
1.	Equity and equity related instruments	65 - 100	Medium to high
2.	Debt Securities, Money Market Securities	0 - 35	Low to medium
3.	Foreign Equity and equity related instruments	0 - 35	Medium to high

The cumulative gross exposure in equity, debt, money market and derivatives shall not exceed 100% of the net assets under management of the scheme.

Revised:

Sr. No.	Type of Instruments	Normal Allocation (% of Net Assets)	Risk Profile
1.	Equity and equity related instruments	65 - 100	Medium to high
2.	Debt Securities, Money Market Securities	0 - 35	Low to medium
3.	Foreign Equity and equity related instruments	0 - 35	Medium to high
4.	Debt Securities (including Units) issued by REITs & InvITs	0 - 10	Medium to high

The cumulative gross exposure in equity, debt, money market, Foreign Equity and equity related instruments, Debt Securities (including Units) issued by REIT & InvIT and derivatives shall not exceed 100% of the net assets under management of the scheme.

Changes in other points under the Asset Allocation Table:

Sr. No.	Existing	Revised
1.	From time to time, the Scheme may hold cash. The Scheme may take derivatives position (in equity, currency and fixed income) based on the opportunities available subject to the guidelines issued by SEBI from time to time and in line with the investment objective of the Scheme. These may be taken to hedge the portfolio, rebalance the same or to undertake any other strategy as permitted under SEBI (MF) Regulations from time to time. The cumulative gross exposure through equity, debt and Derivative positions shall not exceed 100% of the net assets of the Scheme.	From time to time, the Scheme may hold cash equivalent securities . The Scheme may take derivatives position (in equity, currency and fixed income) based on the opportunities available subject to the guidelines issued by SEBI from time to time and in line with the investment objective of the Scheme. These may be taken to hedge the portfolio, rebalance the same or to undertake any other strategy as permitted under SEBI (MF) Regulations from time to time. The cumulative gross exposure through equity, debt, Foreign Equity and Derivative positions shall not exceed 100% of the net assets of the Scheme.
2.	In addition to the instruments stated in the table above, the Scheme may enter into repos/reverse repos as may be permitted by RBI. From time to time, the Scheme may hold cash. A part of the net assets may be invested in the Collateralised Borrowing & Lending Obligations (CBLO) or repo.	In addition to the instruments stated in the table above, the Scheme may enter into repos/reverse repos as may be permitted by RBI. From time to time, the Scheme may hold cash equivalent securities . A part of the net assets may be invested in the Tri Party Repo (TREPS).
3.	The Scheme will pay reasonable administrative and custodial fees in connection with the lending of Securities. The Scheme will be exposed to the risk of loss should a borrower default on its obligation to return the borrowed Securities. The Scheme will not lend more than what is permitted under applicable SEBI (Mutual Funds) Regulations. For detailed understanding on Securities lending by the Scheme, Investors are requested to refer to the SAI.	The Scheme will not lend more than what is permitted under applicable SEBI (Mutual Funds) Regulations. For detailed understanding on Securities lending by the Scheme, Investors are requested to refer to the SAI.

Rest of points under the Asset Allocation Table remain the same and have been given in detail in the communication to be sent to the Unitholders of the Scheme.

Risk Factors Associated with Investments in REITs and InvITs:

- **Interest-Rate Risk:** REITs & InvITs carry interest-rate risk. Generally, when interest rates rise, prices of existing securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates.
- **Market Risk:** REITs and InvITs are volatile and prone to price fluctuations on a daily basis owing to market movements. Investors may note that AMC/Fund Manager's investment decisions may not always be profitable, as actual market movements may be at variance with the anticipated trends. The NAV of the Scheme is vulnerable to movements in the prices of securities invested by the scheme, due to various market related factors like changes in the general market conditions, factors and forces affecting capital market, level of interest rates, trading volumes, settlement periods and transfer procedures.
- **Risk of lower than expected distributions:** The distributions by the REIT or InvIT will be based on the net cash flows available for distribution. The amount of cash available for distribution principally depends upon the amount of cash that the REIT/INVIT receives as dividends or the interest and principal payments from portfolio assets. The cash flows generated by portfolio assets from operations may fluctuate based on, among other things:
 - success and economic viability of tenants and off-takers
 - economic cycles and risks inherent in the business which may negatively impact valuations, returns and profitability of portfolio assets
 - debt service requirements and other liabilities of the portfolio assets and fluctuations in the working capital needs
 - ability of portfolio assets to borrow funds and access capital markets
 - amount and timing of capital expenditures on portfolio assets
- **Liquidity Risk:** This refers to the ease with which REIT/InvIT units can be sold. There is no assurance that an active secondary market will develop or be maintained. Hence there would be time when trading in the units could be infrequent. The subsequent valuation of illiquid units may reflect a discount from the market price of comparable securities for which a liquid market exists.
- **Reinvestment Risk:** Investments in REITs & InvITs may carry reinvestment risk as there could be repatriation of funds by the Trusts in form of buyback of units or dividend pay-outs, etc. Consequently, the proceeds may get invested in assets providing lower returns.
- **Price-Risk:** The valuation of the REIT/InvIT units may fluctuate based on economic conditions, fluctuations in markets (eg. real estate) in which the REIT/InvIT operates. As an indirect shareholder of portfolio assets, unit holders rights are subordinated to the rights of creditors, debt holders and other parties specified under Indian law in the event of insolvency or liquidation of any of the portfolio assets.

The above are some of the common risks associated with investments in REITs & InvITs. There can be no assurance that a Scheme's investment objectives will be achieved, or that there will be no loss of capital. Investment results may vary substantially on a monthly, quarterly or annual basis.

Provisions related to Change in Fundamental Attributes:

In accordance with Regulation 18(15A) of the SEBI (Mutual Funds) Regulations, 1996 and pursuant to provisions of SEBI Circular dated February 28, 2017, the existing unitholders (i.e. whose names appear in the register of unitholders as at close of **25th August, 2019**) under the scheme are hereby given an option to redeem or switch (to any other open ended schemes of PPFAS Mutual Fund) at the prevailing Net Asset Value without any exit load, within the 15 days exit period starting from **26th August, 2019 till 9th September, 2019** (both days inclusive and upto 3.00 pm on **9th September, 2019**). The normal redemption form may be used for this purpose and submitted at any Investor Service Centers.

Unitholders who do not exercise the exit option on or before **9th September, 2019** would deemed to have consented to the proposed modification.

Kindly note that an offer to exit is merely optional and is not compulsory.

All the valid applications for redemptions/switch-outs received under the schemes shall be processed at Applicable NAV of the day of receipt of such redemption/switch request, without payment of any exit load, provided the same is received during the exit period mentioned above. The redemption proceeds shall be dispatched within 10 (ten) business days of receipt of valid redemption request to those unitholders who choose to exercise their exit option. Redemption/switch-out of units from the schemes, during the exit period, may entail capital gain/loss in the hands of the unitholder. Similarly, in case of NRI investors, TDS shall be deducted in accordance with the applicable Tax laws, upon exercise of exit option and the same would be required to be borne by such investor only. Unitholders who have pledged or encumbered their units will not have the option to exit unless they procure a release of their pledges/encumbrances prior to the submission of redemption/switch requests. Unitholders should ensure that any change in address or payout bank details required by them, are updated in fund's records before exercising the exit option.

In view of individual nature of tax implications, unitholders are advised to consult their tax advisors. If the units are held in dematerialized form, investors are requested to contact their Depository Participant for their transactions.

This addendum shall form an integral part of the SIDs & KIMs of Parag Parikh Long Term Equity Fund all other features, terms and conditions as mentioned therein remained unchanged.

NOTICE CUM ADDENDUM TO THE STATEMENT OF ADDITIONAL INFORMATION ('SAI'), SCHEME INFORMATION DOCUMENT (SID) AND KEY INFORMATION MEMORANDUM (KIM) OF THE SCHEMES OF PPFAS MUTUAL FUND

Introduction of Systematic Investment Plan (SIP) Pause Facility under all existing Schemes of PPFAS Mutual Fund

Notice is hereby given to all the investors / unit holders that PPFAS Asset Management Private Limited ('the **AMC**') and PPFAS Trustee Company Private Limited. ('the **Trustee**') have approved the following changes/modifications to Statement of Additional Information ('SAI'), Scheme Information Document(s) ('SIDs') and Key Information Memorandum(s) ('KIMs') of the schemes of **PPFAS Mutual Fund** ('the Fund'), as applicable.

SIP Pause facility allows investors to pause their SIP for a temporary period, without discontinuing the existing SIP. The facility shall be available to investors w.e.f. **9th May, 2020**.

The features, terms and conditions for availing SIP Pause facility are as follows:

1. SIP Pause request should be received at least 30 calendar days prior to the instalment date for the concerned SIP, which is required to be paused.
2. The Facility is applicable only for AMC initiated debit feeds i.e. ECS/NACH/Direct Debit, etc.
3. This Facility is available only for SIPs with Monthly and Quarterly frequencies except for SIPs registered through Mutual Fund Utility (MFU), MFSS system of NSE or BSE StAR MF platform of BSE or any other platforms of these stock exchanges and Channel Partners or those who have standing instructions with Banks as the SIP are registered directly with them and not with the fund house.
4. The maximum number of instalments that can be paused using this facility are 3 (three) consecutive instalments for SIPs registered with Monthly frequency and 1 (one) for SIPs registered with Quarterly frequency. Thereafter, the balance SIP instalments (as originally registered) will automatically resume.
5. If SIP Pause period coincides with SIP Top Up period, SIP instalment amount post completion of SIP Pause period would be inclusive of SIP Top Up amount. For eg: SIP Instalment amount prior to Pause period is ₹ 2,000/- and the Top-Up amount is ₹ 1,000/-. If the Pause period is completed after date of Top-Up, then the SIP instalment amount post-completion of Pause period shall be ₹ 3,000/-.
6. SIP Pause once registered cannot be cancelled.
7. Investors can opt for the Facility only once during the tenure of the SIP.

The AMC / Trustee reserves the right to change / modify the terms and conditions of the Facility or withdraw the Facility. Please refer to the SIP Pause Facility Form and instructions before enrolment.

All other terms & conditions of the SAI/ SIDs / KIMs of the schemes of the Fund, as applicable, will remain unchanged.

This addendum forms an integral part of Statement of Additional Information, Scheme Information Document(s) / Key Information Memorandum(s) of Schemes of PPFAS Mutual Fund, as applicable and amended from time to time.

Notice - cum- addendum to the Scheme Information Document (SID) and Key Information Memorandum (KIM) of Parag Parikh Long Term Equity Fund.

WRITING OF CALL OPTIONS UNDER A COVERED CALL STRATEGY

NOTICE IS HEREBY GIVEN THAT in accordance with SEBI (Mutual Funds) Regulations, 1996 and SEBI circular no. SEBI/HO/IMD/DF2/CIR/P/2019/17 dated January 16, 2019, the Board of PPFAS Asset Management Private Limited (Investment Manager to PPFAS Mutual Fund) and PPFAS Trustee Company Private Limited (Trustee to PPFAS Mutual Fund) have approved Parag Parikh Long Term Equity Fund (An Open-ended Equity Scheme investing across large cap, mid cap, small cap stocks), scheme of PPFAS Mutual Fund ("Fund"), the following changes to the features of the Scheme to enable the Scheme to write call options under a covered call strategy with effect from **14th October, 2020 ("Effective Date")**. In view of the same, the below mentioned provisions be inserted in the Scheme Information Document (SID) under the relevant section.

A call option gives the holder (buyer) the right but not the obligation to buy an asset by a certain date for a certain price. Covered calls are an options strategy where a person holds a long position in an asset and writes (sells) call options on that same asset.

A. Benefits of using Covered Call strategy in Mutual Funds:

The covered call strategy can be followed by the Fund Manager in order to hedge risk thereby resulting in better risk adjusted returns of the Scheme. The strategy offers the following benefits:

- a) Down side protection to the extent of premium collected - Since the fund manager sells a call option on a stock already owned by the mutual fund scheme, the downside from fall in the stock price would be lower to the extent of the premium earned from the call option.
- b) Generating additional returns in the form of option premium in a range bound market.

Thus, a covered call strategy involves gains for unit holders in case the strategy plays out in the right direction.

B. Risks for writing covered call options for equity shares:

- a) Writing call options are highly specialized activities and entail higher than ordinary investment risks. In such investment strategy, the profits from call option writing is capped at the option premium, however the downside depends upon the increase in value of the underlying equity shares. This downside risk is reduced only to the extent of premium received by writing covered call options.
- b) The Scheme may write covered call option only in case it has adequate number of underlying equity shares as per regulatory requirement.

This would lead to setting aside a portion of investment in underlying equity shares. If covered call options are sold to the maximum extent allowed by regulatory authority, the scheme may not be able to sell the underlying equity shares immediately if the view changes to sell and exit the stock. The covered call options need to be unwound before the stock positions can be liquidated. This may lead to a loss of opportunity or can cause exit issues if the strike price at which the call option contracts have been written become illiquid. Hence, the scheme may not be able to sell the underlying equity shares, which can lead to temporary illiquidity of the underlying equity shares and result in loss of opportunity.

- c) The writing of covered call option would lead to loss of opportunity due to appreciation in value of the underlying equity shares. Hence, when the appreciation in equity share price is more than the option premium received the scheme would be at a loss.

- d) The total gross exposure related to option premium paid and received must not exceed the regulatory limits of the net assets of the scheme. This may restrict the ability of Scheme to buy any options.

- e) Increased volatility in the market may result in higher premium and marked to market losses in NAV for all the existing short option position even at the same price of underlying stock.

C. Investment Restrictions for Covered Call strategy:

Mutual Fund schemes (excluding ETFs and Index funds) can write Call options under a covered strategy for constituent stocks of NIFTY 50 and BSE SENSEX subject to the following:

- a) The total notional value (taking into account strike price as well as premium value) of call options written by a scheme shall not exceed 15% of the total market value of equity shares held in that scheme.
- b) The total number of shares underlying the call options written shall not exceed 30% of the unencumbered shares of a particular company held in the scheme. The unencumbered shares in a scheme shall mean shares that are not part of Securities Lending and Borrowing Mechanism (SLBM), margin or any other kind of encumbrances.
- c) At all points of time the Mutual Fund scheme shall comply with the provisions at points (a) and (b) above. In case of any passive breach of the requirement at paragraph (a) above, the respective scheme shall have 7 trading days to rebalance the portfolio. During the rebalancing period, no additional call options can be written in the said scheme.
- d) In case a Mutual Fund scheme needs to sell securities on which a call option is written under a covered call strategy, it must ensure compliance with paragraphs (a) and (b) above while selling the securities.
- e) In no case, a scheme shall write a call option without holding the underlying equity shares. A call option can be written only on shares which are not hedged using other derivative contracts.
- f) The premium received shall be within the requirements prescribed in terms of SEBI circular dated August 18, 2010 i.e. the total gross exposure related to option premium paid and received must not exceed 20% of the net assets of the scheme.
- g) The exposure on account of the call option written under the covered call strategy shall not be considered as exposure in terms of paragraph 3 of SEBI Circular no. Cir/IMD/DF/11/2010, dated August 18, 2010.
- h) The call option written shall be marked to market daily and the respective gains or losses factored into the daily NAV of the respective scheme(s) until the position is closed or expired.

The Securities and Exchange Board of India vide its email dated August 24, 2020 has noted the above changes.

Illustration - Covered Call strategy using stock call options:

A fund manager buys equity stock of ABC Ltd. for Rs. 1000 and simultaneously sells a call option on the same stock at a strike price of Rs. 1100. Further, it is assumed that the scheme has earned a premium of Rs. 50 and the fund manager is of the opinion that the stock price will not exceed Rs. 1100, during the expiry period of the option.

Scenario 1: Stock price exceeds Rs. 1100

The call option will get exercised and the fund manager will sell the stock to settle his obligation on the call at Rs. 1100 (earning a return of 10% on the stock purchase price). Also, since the scheme has earned a premium of Rs. 50, this has reduced the purchase cost of the stock (Rs. 1000 - Rs. 50 = Rs. 950).

Hence, the Net Gain = Rs. 150 (Rs 100 stock appreciation + Rs 50 call option premium)

(However, please note that in a scenario where the stock price reaches Rs. 1300, investment in long only equity would be more beneficial than a covered call strategy as the net gain under the covered call strategy would be Rs. 150, against a net gain of Rs. 300 under a pure long only equity strategy.)

Scenario 2: Stock prices stays below Rs. 1100

The call option will not get exercised and will expire worthless. The premium earned on call option will generate alpha for the scheme.

Hence, the Net Gain = Rs. 50.

Provisions related to Change in Fundamental Attributes:

In accordance with Regulation 18(15A) of the SEBI (Mutual Funds) Regulations, 1996 and pursuant to provisions of SEBI circular no. SEBI/HO/IMD/DF2/CIR/P/2019/17 dated January 16, 2019, the existing unitholders (i.e. whose names appear in the register of unitholders as at close of **13th September, 2020**) under the scheme are hereby given an option to redeem or switch (to any other open ended schemes of PPFAS Mutual Fund) at the prevailing Net Asset Value without any exit load, within the 30 days exit period starting from **14th September, 2020** till **13th October, 2020** (both days inclusive and upto 3.00 pm on **13th October, 2020**). The normal redemption form may be used for this purpose and submitted at any Investor Service Centers.

Unitholders who do not exercise the exit option on or before **13th October, 2020** would deemed to have consented to the proposed modification. **Kindly note that an offer to exit is merely optional and is not compulsory.**

All the valid applications for redemptions/switch-outs received under the schemes shall be processed at Applicable NAV of the day of receipt of such redemption/switch request, without payment of any exit load, provided the same is received during the exit period mentioned above. The redemption proceeds shall be dispatched within 10 (ten) business days of receipt of valid redemption request to those unitholders who choose to exercise their exit option. Redemption/switch-out of units from the schemes, during the exit period, may entail capital gain/loss in the hands of the unitholder. Similarly, in case of NRI investors, TDS shall be deducted in accordance with the applicable Tax laws, upon exercise of exit option and the same would be required to be borne by such investor only. Unitholders who have pledged or encumbered their units will not have the option to exit unless they procure a release of their pledges/encumbrances prior to the submission of redemption/switch requests. Unitholders should ensure that any change in address or payout bank details required by them, are updated in fund's records before exercising the exit option.

In view of individual nature of tax implications, unitholders are advised to consult their tax advisors. If the units are held in dematerialized form, investors are requested to contact their Depository Participant for their transactions.

This addendum shall form an integral part of the SID & KIM of Parag Parikh Long Term Equity Fund all other features, terms and conditions as mentioned therein remained unchanged.

Notice cum Addendum to the Scheme Information Document (SID) and Key Information Memorandum (KIM) of Parag Parikh Long Term Equity Fund "the Scheme".

1. Re-categorisation of Parag Parikh Long Term Equity Fund as a Flexi Cap Fund and Change in the Name of the Scheme.

NOTICE IS HEREBY GIVEN THAT in accordance with SEBI (Mutual Funds) Regulations, 1996 and SEBI circular no. SEBI/HO/IMD/DF3/CIR/P/2020/228 dated November 06, 2020, the Board of PPFAS Asset Management Private Limited (Investment Manager to PPFAS Mutual Fund) and PPFAS Trustee Company Private Limited (Trustee to PPFAS Mutual Fund) have approved the following changes to the features of the Scheme. In view of the same, the below mentioned provisions will be inserted in the Scheme Information Document (SID) under the relevant section w.e.f. **January 13, 2021.**

Particulars	Existing	Revised
Scheme Name	Parag Parikh Long Term Equity Fund	Parag Parikh Flexi Cap Fund
Category of the Scheme	Multi Cap Fund- An open-ended equity scheme investing across large cap, mid cap, small cap stocks	Flexi Cap Fund- An open-ended dynamic equity scheme investing across large cap, mid cap, small cap stocks

2. Creation of Segregated Portfolio

NOTICE IS HEREBY GIVEN THAT in terms of SEBI vide its circular dated 28 December, 2018 (SEBI/HO/IMD/DF2/CIR/P/2018/160) read with its circular dated 07 November, 2019 (SEBI/HO/IMD/DF2/CIR/P/2019/127), has advised that portfolios by mutual fund schemes investing in debt and money market instruments should have provision in the concerned SID for creating portfolio segregation. In this regard, we wish to inform you that the Board of Directors of PPFAS Asset Management Private Limited ('PPFAS AMC') & the Board of Directors of PPFAS Trustee Company Private Limited ('PPFAS TC') have approved inclusion of following provisions of creation of segregated portfolio of debt and money market instruments in the Scheme Information Document (SID) of scheme of PPFAS Mutual Fund (PPFAS MF), Parag Parikh Long Term Equity Fund ('the Scheme') as follows:-

Accordingly, it is proposed to incorporate the following provisions in the SID of the Scheme:

A. Introduction:

- Pursuant to SEBI circulars dated December 28, 2018 and November 07, 2019, Portfolio segregation helps in,
- Reducing Sharp fall in NAV of Schemes.
 - Reducing Redemption pressure & liquidity risk,
 - Safeguarding good quality papers & creating confidence in market, and
 - Mitigating reputational risk.
 - Accordingly, this policy is being laid down to comply with the SEBI instructions

Segregated Portfolio: The portfolio comprising of debt and money market instruments, which might be affected by a credit event and shall also include the unrated debt or money market instruments affected by actual default.

Main Portfolio: Scheme portfolio excluding segregated portfolio

Total Portfolio: Scheme portfolio including the securities affected by credit events.

B. Need for segregated portfolio:

While very stringent internal credit evaluation norms are being followed by AMC/Mutual Fund, the risk of credit downgrade in portfolio companies due to various factors cannot be ruled out. In the event of credit downgrade, the downgrade instrument generally become illiquid making it very difficult for the fund manager to dispose of such instrument/s. In such an event segregation of such an instrument from the main portfolio will prevent the distressed asset(s) damaging the returns generated from more liquid and better-performing assets of the portfolio. It also provides fair treatment to all existing, incoming and outgoing investors, as any recovery from the issuer in future would get distributed among those investors, who would have suffered a loss due to downgrade event.

C. Credit Events:

Segregated portfolio may be created, in case of a credit event at issuer level i.e. downgrade in credit rating by a SEBI registered Credit Rating Agency (CRA), as under:

- Downgrade of a debt or money market instrument to 'below investment grade', or
- Subsequent downgrades of the said instruments from 'below investment grade', or
- Similar such downgrades of a loan rating.

The most conservative rating shall be considered, if there is difference in rating by multiple CRAs, Creation of segregated portfolio shall be based on issuer level credit events as detailed at "Credit Events" and implemented at the ISIN level.

Actual default (for unrated debt or money market instruments)

In case of unrated debt or money market instruments, the actual default of either the interest or principal amount by the issuer.

On occurrence of any default, the AMC shall inform AMFI immediately about the actual default by the issuer. Subsequent to dissemination of information by AMFI about actual default by the issuer, the AMC might segregate the portfolio of debt or money market instruments of the said issuer.

D. Risks associated with segregated portfolio

The AMC / Trustee shall decide on creation of segregated portfolio of the Scheme in case of a credit event/ actual default at issuer level. Accordingly, Investor holding units of segregated portfolio may not able to liquidate their holding till the time recovery of money from the issuer. The Security comprised of segregated portfolio may not realise any value. Further, listing of units of segregated portfolio in recognised stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.

E. Process of creation of segregated portfolio

PPFAS AMC will decide on creation of segregated portfolio on the day of credit event/actual default and will seek approval of PPFAS TC. Post that PPFAS AMC will immediately issue a press release disclosing its intention to segregate such debt and money market instrument and its impact on the investors. PPFAS AMC will also disclose that the segregation shall be subject to trustee approval. Additionally, the said press release will be prominently disclosed on the website of the AMC. PPFAS AMC will ensure that till the time the trustee approval is received, which in no case shall exceed 1 (one) business day from the day of credit event/actual default, the subscription and redemption in the scheme shall be suspended for processing with respect to creation of units and payment on redemptions.

The segregated portfolio shall be effective from the day of credit event/actual default, post approval of PPFAS TC.

PPFAS AMC will issue a press release immediately post approval of PPFAS TC with all relevant information pertaining to the segregated portfolio. The said information shall also be submitted to SEBI.

An e-mail or SMS will be sent to all unit holders of the concerned Scheme. The NAV of both segregated and main portfolio will be disclosed from the day of the credit event. All existing unit holders in the Scheme as on the day of the credit event shall be allotted equal number of units in the segregated portfolio as held in the main portfolio.

No redemption and subscription shall be allowed in the segregated portfolio. However, in order to facilitate exit to unit holders in segregated portfolio, PPFAS AMC will enable listing of units of segregated portfolio on recognized stock exchange within 10 working days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer request.

If the trustees do not approve the proposal to segregate portfolio, AMC shall issue a press release immediately informing investors of the same.

F. Valuation and processing of subscription and redemptions

The valuation will take into account the credit event and the portfolio will be valued based on the principles of fair valuation (i.e. realizable value of the assets) in terms of the relevant provisions of SEBI (Mutual Funds) Regulations, 1996 and Circular(s) issued thereunder.

All subscription and redemption requests for which NAV of the day of credit event/actual default or subsequent day is applicable will be processed as per the existing circular on applicability of NAV. However, in case of segregated portfolio, applicability of NAV will be as under:

Investors redeeming their units will get redemption proceeds based on the NAV of main portfolio and will continue to hold the units of segregated portfolio.

Investors subscribing to the Scheme will be allotted units only in the main portfolio based on its NAV.

In case, PPFAS TC does not approve the above valuation process, all subscription and redemption applications will be processed based on the NAV of total portfolio.

G. Total Expense Ratio (TER) for segregated portfolio:

AMC shall not charge investment and advisory fees on the segregated portfolio.

TER (including legal charges and excluding the investment and advisory fees) shall be charged pro- rata basis only on upon recovery of investment in the segregated portfolio. The legal charges related to recovery of the investments of the segregated portfolio may be charged to the segregated portfolio in proportion to the amount of recovery. The maximum TER limit shall be same as applicable to the main portfolio. TER in excess of limit shall be borne by AMC. However, the costs related to segregated portfolio shall in no case be charged to the main portfolio.

The TER so levied shall not exceed the simple average of such expenses (excluding the investment and advisory fees) charged on daily basis on the main portfolio (in % terms) during the period for which the segregated portfolio was in existence.

H. Disclosure requirements

A statement of holding indicating the units held by the investors in the segregated portfolio along with the NAV of both segregated portfolio and main portfolio as on the day of the credit event will be communicated to the investors within 5 working days of creation of the segregated portfolio. Further, adequate disclosure of the segregated portfolio will also appear in all scheme related documents, in monthly and half-yearly portfolio disclosures and in the annual report of the mutual fund and the Scheme. Further, the NAV of the segregated portfolio will be declared on daily basis.

The information regarding number of segregated portfolios created in a scheme shall appear prominently under the name of the scheme at all relevant places such as SID, KIM-cum-Application Form, advertisements, AMC and AMFI websites, etc. The scheme performance required to be disclosed at various places will include the impact of creation of segregated portfolio. The scheme performance will clearly reflect the fall in NAV to the extent of the portfolio segregated due to the credit event and the said fall in NAV along with recovery(ies), if any, will be disclosed as a footnote to the scheme performance. These disclosures regarding the segregated portfolio will be carried out for a period of at least 3 years after the investments in segregated portfolio are fully recovered/ written-off.

The investors of the segregated portfolio will be duly informed of the recovery proceedings of the investments of the segregated portfolio and status update will be provided to the investors at the time of recovery and also at the time of writing-off of the segregated securities. Upon recovery of money, whether partial or full, it will be immediately distributed to the investors in proportion to their holding in the segregated portfolio.

I. Monitoring by Trustees

In order to ensure timely recovery of investments of the segregated portfolio, Trustees will ensure that, PPFAS AMC puts in sincere efforts to recover the investments of the segregated portfolio. Upon recovery of money, whether partial or full, it will be immediately distributed to the investors in proportion to their holding in the segregated portfolio. Any recovery of amount of the security in the segregated portfolio even after the write off shall be distributed to the investors of the segregated portfolio. Further, an Action Taken Report (ATR) on the efforts made by PPFAS AMC to recover the investments of the segregated portfolio will be placed in every Trustee meeting till the investments are fully recovered/ written-off.

The Trustees will monitor the compliance of this circular and disclose in the half-yearly trustee reports filed with SEBI, the compliance in respect of every segregated portfolio created.

In order to avoid mis-use of segregated portfolio, trustees will ensure that there is a mechanism in place to negatively impact the performance incentives of Fund Managers, Chief Investment Officers (CIOs), etc. involved in the investment process of securities under the segregated portfolio, mirroring the existing mechanism for performance incentives of the AMC, including claw back of such amount to the segregated portfolio of the scheme.

Creation of segregated portfolio will be optional and at the discretion of PPFAS AMC.

Apart from above, all other features and terms & conditions of the Scheme will remain unchanged and all references to the above modifications shall be suitably incorporated in the SID and KIM of the Scheme.

Illustration of portfolio segregation

The below table shows how a security affected by a credit event will be segregated and its impact on investors

Total Portfolio	Regular Plan	Direct Plan
Net Assets (A)	200.00	110.00
Units (B)	20.000	10.000
NAV per unit (A)/(B)	10.0000	11.0000

Assuming, the above portfolio has a security with market value of Rs. 20 which has got impacted by a credit event. Based on Trustees approval for segregation of portfolio, total portfolio would be split into main portfolio and segregated portfolio as given below:

Main Portfolio	Regular Plan	Direct Plan
Net Assets before Segregation (A)	200.00	110.00
Value of impacted security (B)	12.9040	7.0970
Net Assets after segregation (C) = (A) - (B)	187.0960	102.903
Units (D)	20.000	10.000
NAV per unit (C)/(D)	9.3548	10.2903
Segregated Portfolio	Regular Plan	Direct Plan
Value of impacted security segregated from Total Portfolio	12.9040	7.0970
Haircut @ 25%	3.226	1.774
Net Assets after Haircut (A)	9.678	5.323
Units (B)	20.000	10.000
NAV per unit (A)/(B)	0.4839	0.5323
Investor Holding	Regular Plan	Direct Plan
Net Assets in Total Portfolio	200.00	110.00
Net Assets in Main Portfolio	187.0960	102.903
Net Assets in Segregated Portfolio after Haircut*	9.678	5.323

* Market value of investor holding will come down to the extent of haircut on the impacted security.

Impact on investors:

- Existing Investors:** All existing investors in the scheme as on the day of the credit event will be allotted equal number of units in the segregated portfolio as held in the main portfolio.
- New Investors:** Investors subscribing to the scheme will be allotted units only in the main portfolio based on its NAV.
- Exiting Investors:** Investors redeeming their units will get redemption proceeds based on the NAV of main portfolio and will continue to hold the units of segregated portfolio.

The above changes in the features of the Scheme constitute change in the Fundamental Attributes of the Scheme.

The Securities and Exchange Board of India vide its email dated December 07, 2020 has noted the above changes.

J. Provisions related to Change in Fundamental Attributes / EXIT OPTION

As the above proposals are a change in Fundamental Attributes of the Scheme, in accordance with Regulation 18(15A) of the SEBI (Mutual Funds) Regulations, 1996, and pursuant to SEBI circular no. SEBI/HO/IMD/DF3/CIR/P/2020/228 dated November 06, 2020 and SEBI circular no. SEBI/HO/IMD/DF2/CIR/P/2018/160 dated December 28, 2018 read with Circular no. SEBI/HO/IMD/DF2/CIR/P/2019/127 dated 07 November, 2019 the existing unitholders (i.e. **whose names appear in the register of unitholders as on December 13, 2020**) under the Scheme are hereby given an option to exit, i.e. either redeem their investments or switch their investments to any other schemes of PPFAS Mutual Fund, within the 30 days exit period starting from December 14, 2020 till January 12, 2021 (both days inclusive and upto 3.00 pm on January 12, 2021) at Applicable NAV, without payment of any exit load. The normal redemption form may be used for this purpose and submitted at any Investor Service Centers.

Unitholders who do not exercise the exit option on or before **January 12, 2021** would deemed to have consented to the proposed modification. **Kindly note that an offer to exit is merely optional and is not compulsory.**

All the valid applications for redemptions/switch-outs received under the schemes shall be processed at Applicable NAV of the day of receipt of such redemption/switch request, without payment of any exit load, provided the same is received during the exit period mentioned above. The redemption proceeds shall be dispatched within 10 (ten) business days of receipt of valid redemption request to those unitholders who choose to exercise their exit option. Redemption/switch-out of units from the schemes, during the exit period, may entail capital gain/loss in the hands of the unitholder. Similarly, Stamp duty as applicable will be levied and borne by the investor and in case of NRI investors, TDS shall be deducted in accordance with the applicable Tax laws, upon exercise of exit option and the same would be required to be borne by such investor only. Unitholders who have pledged or encumbered their units will not have the option to exit unless they procure a release of their pledges/encumbrances prior to the submission of redemption/switch requests. Unitholders should ensure that any change in address or payout bank details required by them, are updated in fund's records before exercising the exit option.

In view of individual nature of tax implications, unitholders are advised to consult their tax advisors. If the units are held in dematerialized form, investors are requested to contact their Depository Participant for their transactions.

The updated Scheme Information Document (SID) & Key Information Memorandum ("KIM") of the Scheme containing the revised provisions shall be displayed on the website <https://amc.ppfas.com> immediately after completion of duration of exit option.

This addendum shall form an integral part of the SID & KIM of Parag Parikh Long Term Equity Fund all other features, terms and conditions as mentioned therein remained unchanged.

NOTICE CUM ADDENDUM TO THE SCHEME INFORMATION DOCUMENT (SID) AND KEY INFORMATION MEMORANDUM (KIM) OF SCHEME(S) OF PPFAS MUTUAL FUND

REALIZATION BASED NAV FROM JANUARY 01, 2021

Pursuant to SEBI Circular No. SEBI/HO/IMD/DF2/CIR/P/2020/175 dated September 17, 2020, in respect of **all Scheme(s) except** Parag Parikh Liquid Fund ("**the Scheme**"), for purchase application (including switch-in) received within cut-off time on a Business Day, irrespective of the amount, the closing Net Asset Value (NAV) of the day on which the funds are available for utilization shall be applicable **with effect from January 1, 2021 ("Effective Date")**.

It may be noted that the existing provisions on NAV applicability for Parag Parikh Liquid Fund and cut-off timings for ALL schemes remain unchanged.

Accordingly, the existing provisions for applicability of NAV for Purchases / Switch-in for **the Schemes** shall stand replaced with the following from the Effective Date:

The below cut-off timings and applicability of NAV shall be applicable in respect of valid applications received at the Official Point(s) of Acceptance on a Business Day:

For Purchase (including switch-in) of any amount:

- In respect of valid applications received upto 3.00 p.m. and where the funds for the entire amount are available for utilization before the cut-off time i.e. credited to the bank account of the Scheme before the cut-off time - the closing NAV of the day shall be applicable.
- In respect of valid applications received after 3.00 p.m. and where the funds for the entire amount are credited to the bank account of the Scheme either on the same day or before the cut-off time of the next Business Day i.e. available for utilization before the cut-off time of the next Business Day - the closing NAV of the next Business Day shall be applicable.
- Irrespective of the time of receipt of application, where the funds for the entire amount are credited to the bank account of the Scheme before the cut-off time on any subsequent Business Day i.e. available for utilization before the cut-off time on any subsequent Business Day - the closing NAV of such subsequent Business Day shall be applicable.

For Switch-ins of any amount:

For determining the applicable NAV, the following shall be ensured:

- Application for switch-in is received before the applicable cut-off time.
- Funds for the entire amount of subscription / purchase as per the switch-in request are credited to the bank account of the Scheme before the cut-off time.
- The funds are available for utilization before the cut-off time.
- In case of 'switch' transactions from one scheme to another, the allocation shall be in line with redemption payouts.

To clarify, for investments through systematic investment routes such as Systematic Investment Plans (SIP), Systematic Transfer Plans (STP) etc. the units will be allotted as per the closing NAV of the day on which the funds are available for utilization by the Target Scheme irrespective of the installment date of the SIP, STP etc.

Note: For Purchase / switch-in applications received on Thursday, December 31, 2020 after cut-off timings for less than INR 2 lakhs, the NAV shall be allotted as per above revised rule i.e. based on availability of funds for utilization. Thus, for e.g. if funds are credited to the Scheme after cut-off timings on Friday, January 1, 2021, the applicable NAV shall be of Monday, January 04, 2021.

Switches where Switch request received on 31st December 2020 before cut-off, Switch-out will get processed on 31st December 2020 and Switch-in will be based on Switch-out scheme settlement date if the Switch-in amount is greater than equal to INR 2 Lakhs. If it is less than INR 2 Lakhs, existing rule (prior to 1st January 2021) will get applied.

The Trustee reserves the right to change / modify the aforesaid requirements at a later date in line with SEBI directives from time to time.

All other terms & conditions of the aforesaid Schemes will remain unchanged.

This addendum shall form an integral part of the Scheme Information Documents / Key Information Memoranda of the aforesaid Schemes of PPFAS Mutual Fund as amended from time to time.
